SCORES OF MEN BURIED BENEATH THE AVALANCHE

Worst Snowslide in the History of the State of Colorado Makes an Awful Record.

SEVENTY-FIVE GOLD MINERS ARE BELIEVED TO BE DEAD

[BY ASSOCIATED PRESS TO THE GAZETTE.]

TELLURIDE, COL., Feb. 28.—The most terrible snowslide ever known in Colorado caused the deaths of from 30 to 75 men at the Liberty Bell mine on Smuggler mountain today. Although the scene of the disaster is scarcely two miles from this town, information is difficult to obtain on account of the precipitous character of the roads and the vast amount of snow.

Nearly all the buildings of the Liberty Bell mine were carried down by the slide, all the books which show the number and names of the men employed being lost, so that the death list can hardly be known for many hours, possibly not until the rescuers shall have removed the immense quantity of snow, rocks and logs from the canyon where the victims lie buried.

Rescuers Buried.

It seems that two slides occurred practically in the same place, the second burying those who were trying to rescue the victims of the first.

The first slide occurred at 7:30 o'clock this morning while the men of the day shift were preparing for their day's work. About 200 men are employed in the mines and mills of the Liberty Bell company, and less than half of these were at work at the time of the accident. The others were in the boarding house or bunk house nearby. Both these buildings were carried down the mountain side a distance of 2,000 feet and crushed by tons of snow.

These bodies have been recovered:

S. C. CLEMNER, timekeeper at the Liberty Bell mine.
JOHN MARSHALL.
HENRY BAUER.
S. C. LENNER.
CHARLES L. SUMMERLAND.
GUS SWANSON.
JAMES CONLEY.
JOSEPH HENNESSEY.
HARRY TROWBRIDGE.

Snow Delayed the News.

It was 10 o'clock before news of the disaster reached Telluride. At once a number of men started for the scene. Meantime the surviving employes of the Liberty Bell began the work of rescuing the victims of the slide. Several were taken out alive, and a dozen or more bodies were removed from the snow which lay piled 25 feet deep in the bottom of the canyon. A little after noon, a second slide, starting a short distance above the first and practically following its track, swept down the mountain side, burying many of the rescuers.

A third slide came down at 3 o'clock, about a mile below the Liberty Bell mines and Gus von Fintel, John Powell and Paul Dalpra, who were on their return from the scene of the catastrophe this morning, were swept away.

Met Death in Second Avalanche.

Harry Chase lost his life at the Liberty Bell while assisting in the rescue of the unfortunates of the first slide of this morning.

The Liberty Bell mine is one of the three largest mines in the district, the Smuggler-Union and the Tomboy being the other two. It is owned by Kansas City people, the name of the company being the Liberty Bell Gold Mining and Milling Company. The Liberty Bell is located a mile and three-quarters north of Telluride, and at an altitude of about 12,000 feet at the mouth of the tunnel. More than 200 men are employed in the mine and both day and night shifts are worked. The buildings of the mine occupy a bench on the mountain side and were erected in a location that was supposed to be protected from snowslides by a ridge, which it was thought would divert the course of any avalanche that might be started.

The vast accumulation of snow within the past two weeks, however, gave the slide today such a volume that nothing could stay its progress until it reached the bottom of the canyon.

CLAIMS OF M'KEESPORT.

A Delegation Tells Why She Is Entitled to Federal Building.

WASHINGTON, D. C., Feb. 28.—The house committee on public buildings and grounds today gave a hearing to a large delegation from McKeesport, which appeared in behalf of a federal building for that city. The delegation consisted of Mayor Robert J. Black, W. E. Harrison, Col. W. E. Thompson, James Evans, W. C. Cronmeyer, Gilbert F. Myer, W. S. Abbott, J. B. Shale, George O. Calder, John C. Devenny, D. B. Donovan and J. D. O'Neil.

Representatives Dalzell and Acheson presented the members of the delegation and also made short speeches urging a favorable report on the bill introduced by Mr. Acheson, appropriating $125,000. Arguments were also made by Mayor Black, Col. Thompson, Chairman Evans of the citizens committee and others. In a brief filed with the committee it was asserted that McKeesport had 40,000 people, with rapidly growing suburbs containing 10,000 more.

AN OLD DISPUTE SETTLED.

Water Suits Against Beaver Falls Are to Be Withdrawn.

BEAVER FALLS, PA., Feb. 28.—(Special.)—The ordinance making a contract with the Beaver Valley Water Company for a supply of water for the next year, and also settling the claims of the Union Water Company against the borough of Beaver Falls for accumulated water rents amounting to $37,000, passed final reading tonight.

The settlement was effected for $15,000 and all suits instituted by Charles H. McKee, receiver for the Union Water Company, now pending in the courts, will be withdrawn.

PRINCE HENRY ENJOYS HIMSELF IN A DOWNPOUR

Visits Naval Academy and Sees the Cadets Work and Play.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, D. C., Feb. 28.—Despite a pouring rain and miry streets and roads Prince Henry of Prussia enjoyed today more, perhaps, than any other day of his American visit thus far. His outdoor and seamanship tastes were gratified to the full.

The leading event was a visit to the Annapolis naval academy, where he saw the cadets at their routine of work and play, and where he inspected the shops and shipyards.

On his return to Washington he paid his farewell visit to President Roosevelt. Then, casting state ceremony to the winds, prince and president, mounted on good horses, galloped through a drenching rain around the suburbs of the capital. It was Roosevelt's idea, but his guest enjoyed it thoroughly.

A splendid dinner at the German embassy rounded out the day.

ANNAPOLIS, MD., Feb. 28.—Prince Henry of Prussia today visited the naval academy and met the cadets under instruction there. He saw them at work and at play, and at the close of his visit addressed them in a complimentary

ORDER GIVEN FOR $4,000,000 WORTH OF OREGON FIR

Pittsburgh Wholesale Lumber Dealers Association Places Biggest Contract in Its History.

TIMBERS MUST BE LARGE

The associated Pittsburgh consumers of lumber have just placed the largest order in the history of the trade. The Pittsburgh Wholesale Lumber Dealers association has closed, for its constituent interests, a contract for the delivery here within a year of 100,000,000 feet of Oregon fir, at a cost of $4,000,000, the average price, delivered here, being $40 for 1,000 feet. Pittsburgh, through its pre-eminence as the steel center, is not regarded by those outside the lumber trade as much of a factor in the lumber market, but it is one of the greatest in the country.

Big Timbers Needed.

Much of this great lot of lumber will be consumed by the steel and other industrial interests of Pittsburgh. Great shafts of wood that could be secured nowhere else than in Oregon will go into the construction of monster derricks, such as have been used in the erection of the 21-story Frick building. The quantity going into furniture shops, into ordinary building and the channels popularly regarded as the great lumber consuming interests, is proportionately small.

Of the Pittsburgh purchase in Oregon fir, 5,000,000 feet will go to the year's supply of the Monongahela River Consolidated Coal and Coke Company, for coal-boats and barges. An additional 2,000,000 feet goes to the McKeesport Sawmill and Lumber Company, which does much of the lumber contracting for the industrial interests of the Monongahela valley.

Only Part of Purchase.

There are many other lines of lumber brought here, but for purposes demanding extraordinary dimensions, lengths of 100 feet and more and a foot or more square, the Oregon fir produced by the forests of Oregon and Washington, on the Pacific coast, is in greatest demand.

This lumber is largely used for railway car sills. It has displaced the southern yellow pine and, more particularly, the northern white pine, for many purposes. Strength of the Oregon fir is said to be equal and even greater than that of the white pine, and, moreover, there is the advantage of getting it in the great lengths required for special works.

The white pine supply of lower Michigan has been nearly exhausted, that of the Michigan peninsula is being rapidly consumed, and the Wisconsin and Minnesota supplies are being rapidly reduced. What is more important, this northern supply does not offer the extra dimensions afforded by the Oregon fir. This is delivered here at the price named, while prices on white pine, in varying dimensions, range from $25 to $60 for 1,000 feet.

SCHLEY'S FRIENDS ACTIVE.

They Try Unsuccessfully to Get Results from the House Committee on the Resolutions.

WASHINGTON, D. C., Feb. 28.—An unsuccessful effort was made today in the house committee on naval affairs to secure consideration of the question of reporting a resolution to tender the thanks of congress to Rear Admiral Schley. Mr. Mudd of Maryland moved that the subcommittee to which the Schley resolutions were referred be discharged from the further consideration of a resolution introduced by himself to provide that the thanks of congress be tendered to Rear Admiral Schley "and the officers and men then under his command." This motion was voted down by a strict party vote except Mr. Mudd, who voted with the Democrats for the motion, and Mr. Meyer of Louisiana, who voted with the Republicans against it.

Mr. Mudd then offered a substitute proposition to extend the thanks of congress to Rear Admiral Schley and the officers and men "engaged in the battle of Santiago and co-operating with him for their victory over the Spanish fleet." Thereupon Mr. Meyer moved as an amendment that the sub-committee on organization, rank and pay be instructed to consider all the Schley resolutions before it and report to the full committee not later than March 13. No action was taken on either of these motions before the committee adjourned.

300 MEN IN PERIL.

Adrift on an Ice Floe in Saginaw Bay, Michigan.

BAY CITY, MICH., Feb. 28.—Nearly 300 fishermen are in peril tonight adrift on an immense ice floe in Saginaw bay.

Their unstable support broke loose from the shore, and the beach is lined with anxious relatives and friends, busy with plans for rescue in case a storm should come up.

JOHNSTOWN IS AGAIN SWAMPED BY RAGING TIDE

People in Lower Portions of City Forced to Flee to the Hills.

[SPECIAL TELEGRAM TO THE GAZETTE.]

JOHNSTOWN, PA., Feb. 28.—The high water is playing havoc here. The two rivers, the Little Conemaugh and Stony Creek, which are in confluence at the great stone bridge here, are almost bank full. At points above the city the rivers are still rising and people are busy preparing for the worst. Hundreds of cellars are already full, and those that are not flooded are being rapidly emptied. Business has practically been suspended and thousands of people are watching events. The great Cambria mills are completely paralyzed and 15,000 men are idle.

The great ice gorge at Hooversville, above Johnstown, in the Conemaugh, broke this morning and came tearing down the stream. It swept away the foot bridges at Haynes street and Iron street. Tonight the rivers continue to rise and many of the streets in the business and residence sections are flooded. In some parts of the city streets are overflowed to the depth of from one to four feet, and in consequence street car service has been seriously interrupted. Teamsters cannot reach the lower part of the city except by going miles over the hills.

In the First, Seventh, Eighth, Twentieth and Twenty-first wards hundreds of families are waterbound, but men in high rubber boots and on horseback are attending to their wants. At 8:30 p. m. it was still raining and the rivers were still rising, and the remarkable scene of hundreds of families rushing to the hilltops is now going on.

There is no danger to life, but extensive walls may go and carry scores of houses away and this causes consternation

After passing through the dangers of the ice gorges, Pittsburgh and Allegheny are facing one of the greatest floods in their history. Every mountain stream in Western Pennsylvania has been transformed into a raging torrent, after throwing off its icy bonds, and the rapid and continual rise of the rivers at their headwaters is almost phenomenal.

Reports from points on the upper Youghiogheny, Monongahela and Allegheny at midnight were most alarming. Connellsville is in the midst of the worst flood in its history. Johnstown is facing a torrent only second to that of 1889, and Oil City and its neighboring river towns are having phenomenally high water. At Freeport the river at midnight was rising at the rate of a foot an hour, while at Sharpsburg the rise was 10 inches per hour. Davis island dam reported a stage of 22 feet 4 inches, with a rise of 6 inches per hour. The marks on the Sixth street bridge at that hour showed a depth of 24 feet.

The weather bureau predicts at least 25 and probably 30 feet of water, with a possibility of two or three feet more.

The Youghiogheny Gorge.

The rush of ice in the Allegheny yesterday had no sooner spent its force and rivermen were about congratulating themselves that the greatest danger had passed when the Monongahela commenced to fill up with the ice from the Youghiogheny and fill the bed of the river from bank to bank with solid blocks so that the water could not be seen.

At 9 o'clock last night Capt. Speakman, who with the other employes had been forced to vacate the house at lock No. 1 early in the afternoon, said that while he could not see the marks he believed that the water had touched the 23-foot mark, and that it was rising at the rate of five inches an hour. The water was then three feet over the top of the lock wall and quite deep in the first floor of the lock house. Everything had been moved out, including the telephone, and preparations had been made to leave at the first alarm.

Feared Big Flood.

He also said that the river had commenced to rise as soon as the ice had ceased running out and that he thought there was much to be feared from a flood of considerable proportions, judging from the rapidity with which the water was rising.

The ice also safely passed over lock No. 2 and at the same hour it was reported that there was seven feet of water over the dam and that it was expected that it would go at least four feet higher.

The indications at midnight at Connellsville were that the flood would be one of the highest in history. All traffic on the Baltimore & Ohio railroad was abandoned before noon yesterday.

A two-story dwelling, said to be from up Indian creek, passed down early in the evening. A dog was on the roof. The building was shattered on one of the bridge piers.

In New Haven, across the river from Connellsville, only the tops of some of the houses can be seen above the torrent, and some of them are gone. Skiffs were used to rescue many women and children.

Feeling of Anxiety.

The probability of a flood, the warning for which was sent out last night, has caused much uneasiness at many low-lying places along the Monongahela, especially at the mills out Second avenue. The mill owners on the South Side, too, were watching the rapid rise of the waters with apprehension, but it will require considerably more of a rise to interfere with them to any extent.

The towboat Frank Gilmore, owned by the Iron City Sand Company, had a narrow escape at the foot of Ninth street, Braddock, at 3 o'clock yesterday afternoon, when she encountered the ice from the Youghiogheny.

Steamer Forced on Bank.

The Gilmore was on her way up stream when she met the ice. She at once headed for shore, but before she was in a safe position and could get out a line by her head, the ice had forced one of the barges on her head. She then swung with the ice and her wheel was forced up on the bank. She is still on the bank in this position. Plenty of lines hold her fast, and if the river continues to rise she will float off this morning.

At Brinton and Bessemer all of the low lands are flooded and many cellars are full. Nearly everybody had prepared for the flood and the loss is but trifling.

The American Steel and Wire Company lost a flat loaded with coal yesterday afternoon. It was cut down by the ice and went to the bottom.

Thirty Feet Predicted.

Following the warning sent out by the United States weather bureau last night the residents along the low-lying streets in Allegheny prepared for a possible 30-foot stage of water. The bureau predicted a 25-foot stage as a certainty, but owing to the uncertainty of estimates based on melting snow, allowed a margin of five feet more. The highest water last winter was a little over 27 feet.

That a flood of such dimensions was coming down the Allegheny river became known only after 6 o'clock. During the day many reports of risings in the stream were sent to Pittsburgh, but they were followed by figures of corresponding falls both above and below. It was evident that it was the stoppage of the ice by obstruction that was holding back the water and producing sudden rises. These were followed by rapid subsidence when the gorges broke.

Shortly after 6 o'clock reports showed that the river was rising all the way up the Allegheny, and it was plain that, as there was little rain, melting snow in the mountains was adding to the volume of the river.

Warning Sent Out.

Between 7 and 8 p. m. Forecaster Frank Ridgway notified the police of Pittsburgh and Allegheny that a flood was certain, and in accordance with his request and the custom of the police, residents in the exposed portions of the two cities and owners of business property were warned and told to remove their goods out of reach of 25 feet of water and preferably of 30 feet.

"This rise is from the melting of the snow now lying in the mountains," said Mr. Ridgway last night. "It is impossible to predict accurately the extent of a rise from melted snow, as one can't know how much snow is on the ground. The rivers have been known to rise steadily from 20 to 36 hours. The reports from points up the river indicate that the river will rise all day tomorrow and that the maximum will be reached in the afternoon or night. All lower river points have been notified."

The danger point, 22 feet, was reached between 8 and 9 o'clock last night.

Storm Is Probable.

The barometer yesterday was lower than it had been for a long time in Pittsburgh, lower than it was at the time of the Butchers Run flood, 27 years ago. The lowest point reached by the glass yesterday was 29.08 inches. Out in Iowa the barometer touched the lowest point ever recorded in that region. This almost invariably indicates heavy storms and rains.

For two days there has been a storm center out in Iowa and it caused a good deal of uneasiness in the weather bureau. Had it struck Pittsburgh yesterday, Mr. Ridgway said, the river would not stop at 30 feet.

"The storm that was central over Iowa this morning," said Mr. Ridgway, "moved directly north to the northern lake regions. The influence of the storm still continues, however, in the upper Mississippi valley.

Rain and Snow.

"The barometer at Davenport reached 28.78 inches, although the lowest was at Marquette, Mich., 28.72 inches. At 8 o'clock tonight snow was falling over the lake regions, and the Missouri, Mississippi, Ohio and Tennessee valleys. Snow was falling as far south as Missouri and at Duluth, St. Paul, Omaha, Valentine, Neb., and Huron, S. D. At Cincinnati a thunderstorm was reported tonight. The heaviest rainfall reported was 1.58 inches at Philadelphia. The lowest temperature was 18 above, at Huron and Duluth."

Reports received from Freeport and Warren on the Allegheny river and from West Newton, Greensboro, lock No. 4 and

Central = Adult
Cop.

other points on the Youghiogheny and Monongahela rivers showed that the waters were rising as late as 10 p. m. from two to six inches an hour.

When the ice in the Youghiogheny at McKeesport broke yesterday a big gas main carrying gas to W. Dewees Woods mill was broke. The entire plant, excepting the forge department, was compelled to shut down.

Alarming Indications.

"The barometer is lower this morning than at the time of the Butchers run flood," said John Algeo of Federal street, Allegheny, yesterday. He has a superior barometer and he watches it closely. "When my instrument says rain, why, rain it is; and if it points to the storm spot you may as well take in your sails and make things tight and snug."

The Butchers run flood occurred in July, 1874. It was caused by a cloud burst during the night and without warning, other than the sudden appearance of a very dark, swirling cloud. The first downpour caused the sewers to overflow, which in turn sent a flood down East street that carried before it frame houses, shops, wagons, carts, piles of lumber and anything movable. These were piled high and jammed together as could only be done by a flood of angry waters.

This was bad enough, but so suddenly were the waters let loose that but few of the occupants of the houses escaped death or injury. So terrible was the destruction wrought by this flood that it held first place in flood annals until the Johnstown flood.

The atmospheric conditions prevailing yesterday in this same district recalled the great flood, and caused some to fear another like it. The Allegheny department of public works reports the sewers ample to carry off even a greater amount of water, yet there remains the danger of this choking. This is partly compensated by a wide block paved street where there was only a plank road before.

Along the River Front.

The scenes along the Pittsburgh wharves at midnight were full of action. The busines firms in the Penn avenue and Point districts had closed their doors at 6 o'clock with no expectation of a flood. It was only about an hour until the rivers began to rise with a suddenness that quickly caused the alarm to spread.

The indications grew more and more grave, as the evening progressed and at 11 o'clock everyone was warned to look out for about 30 feet of water.

There was some warm hustling for men to move goods and before much of the work could be done the river had passed the danger mark and running into many cellars in the district.

Along the Monongahela there was an almost constant tooting of whistles and barges and coalboats were shoved into every little cove that looked to be a safe place.

In many of the houses in the Point section the carpets were lifted and furniture moved to the second stories and the occupants were awake most of the night.

In Lower Allegheny.

Over in Allegheny the police and the people were busy after the warning from Forecaster Ridgway had been received. The police notified the residents of the First, Fourth, Fifth and Eighth wards, and they immediately started to remove their goods, either to upper stories, or to other places on higher ground. By midnight the water reached the 25-foot stage, and the baseball grounds, South avenue, and Robinson street, as far up as Itasca street, were under water, and as far up as Rebecca street, the cellars were flooded. At midnight, the water was rising 7 inches an hour.

Among the factories and mills affected at 12 o'clock were Willey's planing mill at Lacock and Itasca streets, the Pittsburgh & Western railroad shops on River avenue, the Pittsburgh Stove and Range Company's foundry on Darrah street, the Lindsey-McCutcheon mills on Rebecca street, and Porter & Company's foundry on River avenue. No accidents were reported to the police.

Boat Went Down River.

In upper Allegheny residents and factory owners near the river front noticed that the river ceased to rise between 5 and 6:30 p. m., but at the later hour the water rose again, seemingly at the rate of 10 inches an hour. Police Captain James Thornton sent out warnings to the people who would be affected by high water, especially the residents on River avenue between Anderson street and the Fort Wayne railroad bridge, to remove their goods to the second story.

At 9 p. m. the firemen of No. 8 engine house reported that what appeared to be a shanty boat passed down the river at 9 p. m. A light was shining in the boat and somebody stood on the roof, waving a lantern and shouting for help. Spectators along the shore could see the lantern as far as the Fort Wayne bridge.

Traction Lines Held Up.

The Spring Garden avenue traction line could not use its regular tracks, as the water backed up Hickory alley and soon covered the corner at Lacock street to a depth of three feet. The rails were then abandoned, and the cars were run over the Ohio and Federal street tracks.

Preparations were made to abandon No. 8 engine house, as it appeared certain that the water would reach above the floor. The following manufacturing establishments will be compelled to close down through the damage done to the machinery: Patrick McGran's tannery, Lutz & Schram's pickle works, Armstrong & McKelvey lead and oil works, Carland & Bealer's tin works, the James Callery tannery, and the H. J. Heinz Company's works.

At Sharpsburg the sudden flood caught everybody unprepared. The big stables of Patrick McNamara the liveryman, were under several feet of water and the employes had trouble getting the horses out, so rapid was the rise of the water.

Pine creek rose very fast backed up by the Allegheny river last night. The Spang Calfant mill was shut down when 23 feet was reached. Moorhead Brothers' mill will not be affected unless the water reaches 30 feet.

In Millvale Girtys run was on a rampage, and the town expected to have its larger portion under water as soon as a 26 foot stage was reached.

More Water Coming.

At Oil City an 18-foot stage of water was expected by this morning. Last night the Allegheny was rising there at the rate of four inches an hour. At the headwaters of Oil creek, above Oil Clay, a torrent was raging last night. The rise in the river there was very rapid. At noon the stage was six feet. Six hours later the gauge showed 11 feet 5 inches. Trains between Riverside Junction and Olean had to be annulled because of high water and piles of ice on the tracks. From Franklin to Meadville French creek was very high and in Meadville the water was on the streets in the business section.

Advices from Davis Island dam at 2 o'clock this morning were to the effect that the mark indicated 28.3 feet and that the water was rising at the rate of 7 inches per hour. Capt. William Martin, in charge, said that he expected fully 25 feet by daylight, which would give 27 feet here. He also said that he had noticed very little wreckage passing, but that about 7 o'clock a loaded coal barge belonging to the Monongahela River Consolidated Coal and Coke Company, which had escaped from some point above, drifted into the back river near the dam, and sank.

Passing of the Ice.

The ice gorges in the Allegheny river which had been looked forward to with dread by rivermen, and in fact by the entire community, reached the city about 10:30 o'clock yesterday morning. It came suddenly, and like a great wall several feet high. The river at once commenced to rise and within an hour had raised 5 feet 6 inches, but by 2 o'clock it was almost stationary, the marks on the Sixth street bridge showing 20½ feet.

Fortunately every precaution had been taken by those owning property along the river banks and comparatively little damage occurred.

As soon as it was known that the gorges had broken and that the ice was passing down the river thousands of people hurried to the river front to see the remarkable sight. Every point of vantage on both sides of the river was occupied and all the bridges were crowded with spectators.

Bridges Not Injured.

The damage that was expected did not materialize. It was fully expected that the Ft. Wayne railroad bridge would be a great sufferer on account of the work of reconstruction which is in an uncompleted state, but every precaution had been taken and the damage sustained was very slight. The ice was not solid, fortunately, but was soft and rotten, the result of the recent warm weather and the rains.

The other bridges escaped damage entirely.

With the first rush of ice the derrickboats of James P. O'Neill at his coal landing at the foot of Fifty-third street was carried away, also a coal flat. The boat struck a pier of the Forty-third street bridge and a part of its house was torn off. It then continued on down the river and passed all the other bridges without striking. The coal flat struck a pier of the Sixteenth street bridge and was broken in half, the two sections floating with the current into the Ohio about 11 o'clock.

Loss Was Considerable.

The Granite Wall Plaster Company, at the foot of Forty-first street, lost 150 feet of inclined trestle, which the company uses to hoist sand into its works. An immense mass of ice struck it about 10:30 o'clock while the sand car, 10 feet square and a quite heavy affair, was being sent down by means of an engine and wire rope. It was partly over on the incline when, with a terrible crash, the big timbers were torn asunder and carried away in the flood. The engine was instantly stopped and the car hung partly suspended over the broken end of the trestle. For a few moments it looked as if greater damage would follow and that the great weight of the car would wreck the engine and pull it from its position. One of the employes finally crawled out on the remaining timbers and with a chisel cut the wire rope and the car fell into the river. The loss in this case will be $500.

Barges Carried Away.

The Wayne iron and steel works lost a barge half filled with coal from in front of their hoist above the Ninth street bridge. The men were engaged in unloading it when the gorge came down, but it was in a very much exposed position and could not withstand the repeated drubbing it received. It went to the bottom shortly after noon.

The dock of the Monongahela River Consolidated Coal and Coke Company at the foot of Eighth street was also in an exposed position and fears were entertained for its safety. Beyond being badly squeezed it had suffered no damage.

On the Allegheny side four loaded coal barges belonging to the Monongahela River Consolidated Coal and Coke Company broke from their moorings at the foot of Craig street about 11 o'clock and were swept down the river. At School street they had caught a sand flat of the Sharpsburg Sand Company and a sand flat of J. K. Davidson, and all were carried down the river in the mass of ice.

Flood Threatened Yesterday.

A big gorge formed when the ice first moved down at the head of Nine Mile Island and the river rose very rapidly for a while, threatening to flood Sharpsburg and Aspinwall, as well as Brilliant. It held firmly for a while, but finally broke down under the tremendous pressure of water from above and rushed down the stream. At the Sharpsburg bridge it gorged again, but was finally torn loose and continued on its way.

The village of Sylvan was under water for several hours before the breaking of the gorge. Boathouses and pleasure craft were carried away all along the river, as well as ferryboats and cables.

FLORENCE BURNS' DEFENSE.

Indications That It Will Be Argued That Walter Brooks Killed Himself.

NEW YORK, Feb. 28.—Hearing of the case of Florence Burns, charged with the murder of Walter Brooks, in the Glen Island hotel, was resumed today before Justice Mayer, in the court of specail sessions.

The question put to Dr. B. Sweeney, the physician who was called to attend young Brooks, indicated the purpose on the part of Mr. Backus, counsel for the Burns girl, to establish as a defense that Brooks committed suicide. Barnard McGovern, a policeman, and Joseph Cribbins, office boy, employed by Brooks & Wells, were the other witnesses examined before court adjourned until tomorrow.

Colombia Takes a Hand.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, Feb. 28.—At an extraordinary meeting of the shareholders of the new Panama Canal Company today the president read a message from the consul general of Colombia at Paris, setting forth that the company could not transfer its concession to another nation without the assent of Colombia, modifying the stipulations of articles 21 and 22 of the agreement. After a discussion, during which it was urged that efforts should be made to keep the concession for France, the meeting adopted a resolution expressing approval of the attitude of the board of directors and deciding, in view of the message of the Columbian consul general, to postpone entering into any agreement.

Susquehanna Rising Fast.

HARRISBURG, PA., March 1.—At midnight the Susquehanna stood 17 feet above low water mark and was rising at the rate of eight inches an hour. The plant of the Central Iron and Steel Company is partially submerged. This means a serious loss, as the mills are crowded with orders.

ARRANGEMENTS ARE COMPLETED FOR RECEPTION

Police Have Entire Charge of Pittsburgh's Welcome to Prince Henry.

STATION WILL BE CLOSED

Royal Train Will Arrive Here About 11:30 This Morning—Only Chairmen of Committees and Director McCandless Will Meet Prince.

Prince Henry of Prussia, brother of the German emperor, and guest of the United States, will pass through Pittsburgh this morning en route to the west and south. His train is expected to reach Union station at 11:20 o'clock and a stop of 10 minutes will be made to change engines.

Director J. Guy McCandless of the department of public works will represent Recorder J. O. Brown, who is out of the city, and will welcome his royal highness to Pittsburgh. Committees representing city councils, the chamber of commerce, German citizens and German military societies will also be present to receive the prince.

The shortness of the stop in Pittsburgh makes it impossible to have any formal exercises at the depot. Director McCandless, with the chairmen of the various committees, are the only people who will be permitted to approach the train. The members of the committees will be kept at some little distance, and the general public will not be allowed inside the station. Some 300 members of German singing societies, with Duss' band, will occupy places on the station platform some little distance from the train and will attend to the musical part of the reception.

Police Have Entire Control.

The councilmanic committee met yesterday afternoon and agreed to meet the other committees at the Hotel Victoria at 9:30 o'clock and accompany them to the depot. The band and singing societies will also be there and will form in column to march to the station.

Director A. H. Leslie of the department of public safety and Supt. John McAleese of the bureau of police will have charge of the depot. The officials of the Pennsylvania railroad have agreed to permit the police to attend to everything, as the department of public safety is held responsible for the proper reception and welfare of the distinguished visitor.

A considerable space around the track on which the train will pull into the depot will be roped off. As soon as the train comes to a standstill another rope will be stretched across the rear end to prevent any approach from that direction.

Depot to Be Cleared.

The German societies will be kept outside the ropes and other persons will not be admitted to the depot at all.

Any greetings between the representatives of the city and Prince Henry will be held from the rear of the prince's private car, which will be on the end of the train. Director McCandless, with the chairmen of the committees, will be conducted to the royal car, which has an observation end on it. Prince Henry will be in this open part of the car. The short formal expressions of welcome will be delivered, and it is supposed the prince will make some fitting reply. Then the band and the singing societies will have a few minutes' work, during which "Die Wacht Am Rhine," the German national anthem, will be sung. These few ceremonies will occupy the allotted ten minutes of stay and will constitute all the courtesy which the people of Pittsburgh will be permitted to show the prince.

Train Is Due at 11:30.

The special train bearing the prince is due in Altoona about 8 o'clock. Engines will be changed and the run to Pittsburgh made without a stop. No attempt will be made to establish a record, as it is the aim of the government to allow the prince to see the country through which he passes. Between Pittsburgh and Altoona there are many things of interest to a stranger, and the run will therefore occupy almost three hours and a half.

Supt. McAleese yesterday detailed 200 policemen for duty about the depot this morning. Every precaution has been taken to keep the crowd in check and to prevent any unauthorized people from gaining admission to the platform. When the German societies and the committees reach the depot they will be escorted inside by a file of police, and another line of bluecoats will close the procession to keep outsiders away.

The great bulk of the people who will swarm about the depote to see the prince will undoubtedly gather on the Grant boulevard. The edge of the roadway is not more than 200 feet from the track where the train will stand, and makes a first-class place to see. Along Seventh avenue, at the Fourth avenue depot, and at the Second avenue crossing are other places where the train may be seen.

EYES OF THE ENGLISH PRESS ARE OPENED

Expressions Voiced at Press Banquet to Prince Henry Receive Favorable Comment in London.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, Feb. 28.—The tone of the editorials in the English newspapers on the subject of Prince Henry of Prussia's visit to the United States is distinctly improving. The Pall Mall Gazette in the course of a long leading editorial on the press banquet given at the Waldorf-Astoria Wednesday night says:

"Our brethren of the American press may well feel proud of themselves and their profession, for it was for them that Prince Henry reserved the revelation of the precise object of his mission. One of the traces of imperial authorship is in the characteristic manner in which it was made and the wording of the offer to grasp hands."

Proceeding the Pall Mall Gazette refers to the magnetic attraction which the position and power of the American press must have for an intellect and a temperament like those of the emperor and draws the conclusion that in placing the American newspaper man in the same rank as his own generals his majesty deliberately intended to emphasize the difference in his own mind between American and German journalism.

"He would never," says the Pall Mall Gazette, "have told the conductors of the press of the Fatherland that their rank was within measurable distance of that of a German officer, so the expression of such an opinion, which was enough to make Prince Bismarck turn in his grave, cannot be otherwise than pleasing to the gentlemen of the American press."

The St. James Gazette remarks in a similar vein. It says no greater compliment could be paid to the power and position of the press of a free country and declares that close and friendly relations between the United States and Germany could be regarded by Great Britain with nothing but satisfaction, as owing to the identity of the interests of the United States and Great Britain, Emperor William would hereby offer the best guarantee of friendliness with Great Britain.

The St. James Gazette expresses itself as highly gratified at Whitelaw Reid's reference to Great Britain during the course of his speech at the press banquet.

PRINCE HENRY ENJOYS HIMSELF IN A DOWNPOUR

Continued from First Page.

speech, expressing his confidence that they would do their duty if their country called.

He was accompanied to Annapolis by Secretary Long and a party of distinguished American officers. Every member of his staff was in attendance. The rain poured down in torrents, but the prince, to whom naval warfare has special interest, declined to take shelter and went through every formal feature of the program.

The Party With the Prince.

Besides Secretary Long, the Americans in the escort of the prince were Senator Hale, Representative Foss, Admirals Bradford, Bowles, O'Neill, Endicott, Terry and Kenney, Capts. Sigsbee and Lemly, Commanders Sutherland and Cowles, Assistant Secretary of State Pierce and Assistant Secretary of War Sanger. The special train of the prince, carrying the entire party, left Washington at 9:30 o'clock and reached Annapolis at 10:40.

A detachment of Baltimore police surrounded the Short Line depot and a marine guard and state troops of Maryland did the prince honor. Commander Wainwright, superintendent of the academy, received the prince, and the entire party was driven through the troop-lined streets to the academy. Regardless of the deluging rain there were crowds in the sodden streets through which the party drove.

Paraded in the Mud.

A national salute was fired as the party entered the grounds of the naval college, and the prince at once reviewed the cadet corps. He stood under a canopy of canvas on the west end of the parade grounds and the cadets marched in review before him.

The parade ground was a bog, and the rain splashed through the reviewing stand; but the middies marched in perfect order, and the officers stood at attention, unmindful of the storm. After the parade the cadets changed to working clothes and hastened to the several working departments.

While the students were preparing for inspection the prince was taken to the physical laboratory and shown the plans of the improvements projected at the academy. He examined them with Senator Hale, Secretary Long, Congressman Foss and Superintendent Wainwright, and discussed them with the enthusiasm of a naval man.

Compared With German System.

He asked a score of questions, and animatedly discussed the relative merits of the German and American systems.

Next he was taken to the steam building, where the machinery had been set in motion and the cadets had taken their places at the lathes and other machines. Then he was shown to the armory, where a number of the cadets were in fencing suits, and after that to the gymnasium, where the sailor boys gave an exhibition of their physical training that interested him as much as anything else he saw during the day.

A boxing class was lined up and put through the leading and blocking moves; there was an exhibition of vaulting, and finally some spirited boxing and wrestling. Cadets Laud and Otterson and Cadets Whitney and Simmons boxed two fast bouts, and Cadets Rhodes and Willson wrestled a vigorously contested bout, Rhodes finally winning; but it was the vanquished man who got the congratulations of the prince. The prince sent for Willson, and shaking his hand, said: "I am much obliged to you. I am sorry for you, but you are a good man."

Lunched With the Wainwrights.

After the exhibition in the gymnasium the visitors were entertained at lunch by Mrs. Wainwright, assisted by Miss Wainwright and a number of the wives and daughters of officers stationed at the academy. At the conclusion of the luncheon the cadet corps was drawn up in front of the house of the superintendent in preparation for the departure of the prince. The prince addressed them in these words:

"Gentlemen, I have to thank you very much for the way I have been received here today. I am greatly pleased to have learned the way you are brought up. I feel quite sure that you will all do your duty whenever your country calls upon you. Again I thank you for this interesting and pleasant day."

Loud Cheers for the Prince.

Commander Wainwright stepped forward, and raising his hat, said: "Let us give three hearty cheers for Prince Henry of Prussia." His waving hat gave the time, and the middies roared out three cheers. The prince departed a moment later, and as he moved away the cadets presented arms, the Marine band played "America" and a national salute was fired.

On the trip back to Washington Capt. von Muller, speaking for the German visitors, said:

"His royal highness was greatly interested and pleased. The physical development of the cadets impressed him particularly. They were so strong and active and lithe. We do not have that feature in our navy, and we think, from what we saw today, that it is excellent. We liked the boxing very much. Our visit to Annapolis was one of the most interesting incidents of our journey."

DAY WINDS UP WITH AN EMBASSY BANQUET

Leading Diplomats and Representatives of All Departments of the Government Present.

WASHINGTON, D. C., Feb. 28.—Prince Henry's visit to the national capital had a fitting culmination tonight in a splendid official dinner given at the German embassy, and later a tremendous outburst of popular enthusiasm from the German residents of Washington, as the imperial visitor was about to start for his southern and western tour. The dinner was given at the embassy at 8 o'clock, his royal highness being the guest of honor, while those invited to meet him were representative of the highest official and diplomatic society.

As the guests arrived they were met by Ambassador von Holleben and escorted to the handsome drawing room, where they were presented to Prince Henry. Owing to the large number present the spacious ball room of the embassy was transformed into a banquet hall. The walls were hung with garlands of smilax and decorated with the imperial colors and those of the various states of Germany. Tall palms and potted plants filled the recesses, and all about was a profusion of roses, orchids and spring flowers. Beautiful garlands of ferns, lilies of the valley and sweet peas were hung about the portraits of the emperor and the empress.

The dining table was in the form of a hollow square. American Beauty roses were in abundance. A string orchestra from the Marine band occupied an alcove and as the guests entered the dining room the musicians broke into the strains of "The Invincible Eagle."

Prince Henry occupied the seat of honor at the table, with the German ambassador sitting opposite. To the right of the prince sat Frau von Rebeur-Paschwitz and to his left the wife of Chief Justice Fuller of the supreme court. To the right of the ambassador sat Lady Pauncefote, the wife of the British ambassador, and at his left Mme. Aspiroz, wife of the Mexican ambassador.

Labor Dispute Adjusted.

YOUNGSTOWN, O., Feb. 28.—(Special.)—After a two days' session between the officers of the Republic Iron and Steel Company and the executive committee of the Amalgamated association, the difference with the puddlers over the grade of slack being used was settled this afternoon.

Do Not Carry Your Load of Disease Into the Spring Season.

Paine's Celery Compound

Makes Rich, Pure Blood, Strong Nerves, and Gives a New Lease of Life.

Testimony of a Cured Ranch Owner.

Has Not Been Sick a Day Since He Used the Great Medicine.

Too often people drag with them into the spring season a load of disease that has proved a heavy burden during the winter months. Impure and poisoned blood, eczema, salt rheum, boils, eruptions, neuralgia, rheumatism, kidney disease, liver trouble, dyspepsia, and nervous complaints claim thousands of victims throughout the land.

The cleansing, healing, and life renewing work of Paine's Celery Compound in the past should be a sufficient guarantee to every sufferer that it will surely and quickly overcome every form of disease just referred to. In every case Paine's Celery Compound is the one remedy that will completely and permanently bring back health, make pure, rich blood, regulate and build up the weakened nervous system.

Col. Byron H. Van Raub, owner of the famous Don Carlos Ranch, writes as follows from Van Raub, Texas: "I have been afflicted more or less for the last fifteen years with kidney trouble, sleeplessness, and rheumatism, all caused from kidney ailment. I have taken many of the advertised cures, but the relief I got from them was only temporary. I was induced to try Paine's Celery Compound, and it seems 'to hit the spot,' for I have not been sick a day since I took the first bottle. It acted like a charm with me."

Ohio's Liquor Law--Brown's Boom Is Launched

EXCISE MEASURES TO BE ENACTED IN OHIO

LIQUOR MEN PLEDGE AID

Bequest of Windsor Hotel Fire Victim Necessitates Passage of Special Act.

[SPECIAL TELEGRAM TO THE GAZETTE.]

COLUMBUS, O., Feb. 28.—In the house today was introduced a bill which provides for the abolition of the levy for state purposes. This is a collorary of the administration's excise measures taxing private and quasi-public corporations. The total reductions made in state taxation by the measure exceeds $3,000,000. About $2,500,000 for public schools and other state educational institutions will continue to be levied on the grand duplicate. The introduction of the measure to abolish the levy for general revenue purposes shows that the state administration has lined up members of the senate and that excise measures will be enacted.

At a conference of the governor and administration leaders today it was decided that the plan to tax fraternal insurance companies and building and loan associations would be abandoned. It was also decided that no increase in the Dow tax on retail liquor dealers would be made. This tax is now $350 per year and it has been proposed to increase it to $500. Instead an effort will be made to enforce the payment of the tax by all retail dealers. A statement was made to the officials by Joseph Miller, secretary of the State Brewers' association, that there were over 4,000 places in Ohio where liquor was sold at retail which, through favoritism of county officials and other causes, escaped the taxation. The various organizations of liquor men in the state have pledged their aid in the enforcement of the law. If all these places were paying the tax over $1,000,000 additional would be added to the revenues of the state.

It is now proposed to enact a law making the possession of a United States internal revenue license prima facie evidence of the sale of liquor at retail, and making all persons holding such licenses pay the Dow tax. It is also proposed to create a state revenue service to look after the enforcement of this and other excise laws.

Quite a story is connected with a measure introduced and passed in the house today. The bill, offered by Mr. Kimball of Geauga county, provides for the incorporation of a company to administer charitable bequests. W. R. Andrews, a millionaire of New York, perished with his wife in the Windsor hotel fire in New York. When his will was read it was found that after providing for a few relatives he had bequeathed the remainder of his estate, over $1,000,000 to the purpose of founding an industrial school for girls at Willoughby, Lake county. The school was to be erected on the farm on which his wife was born. The administration of the trust was to be in the hands of a commission composed of the governor of Ohio, the congressman from the Lake county district, the treasurer of Lake county, the mayor of Willoughby and the executor of the Andrews estate. As there was no statute in Ohio authorizing the incorporation of such a trust the special act passed today was necessary. In case the money was not accepted by the people of Ohio it was to go to the Smithsonian Institution.

W. & J. FRESHMEN SEVERELY PUNISHED

Faculty Uses Extreme Measures to Detect Red Paint Offenders.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., Feb. 28.—Because they painted the town with red paint last Saturday night seven members of the freshman class at Washington and Jefferson college were today suspended indefinitely, and if any more are implicated their fate will be the same. Those suspended are Walter B. Anderson of Rochester, Pa.; James A. Dickson of Martins Ferry, O.; Arthur W. Hopper of Canonsburg, Earl C. McElroym of Washington, Maurice Ritchie of Chambersburg, Oscar J. Sheaffer of New Castle and Duffield K. Duncan of Duluth, Minn. Duncan, who expected expulsion, left for his home Tuesday and will not return.

In addition to suspension the offenders have been assessed the amount of the damages sustained by property owners and will not be reinstated until these damages are paid.

The faculty used extreme measures to secure the names of the freshmen who took part in Saturday night's affair. Proof against two of the culprits was secured and these two were informed that unless they revealed the names of the other students implicated by 6 o'clock last night they would be permanently expelled from college. The two refused to divulge the names of their companions, who voluntarily confessed to the faculty yesterday afternoon.

A force of men has been placed at work chiseling off the paint from the stonework of the Second ward school building, and many residences will be treated in the same manner.

CHEAPER GAS AND WATER.

War Between Rival Companies at Morgantown Reaches Injunction Stage.

MORGANTOWN, W. VA., Feb. 28.—(Special.)—The effort on behalf of the Union Gas and Water Company to absorb its competitor, the Iron City company, reached the injunction stage today. The present officials of the Iron City company were restrained from issuing any more stock or from transacting any executive business until after the stockholders' meeting called for Monday. The Union company now has five-sixths of the stock of its competitor.

At a special meeting of the city council today behind closed doors the gas and water franchise asked for the Union Gas and Water Company was discussed, and it is believed the franchise will be granted at the regular meeting on Monday evening, but the present water rates will be cut one-third and the gas rate will be lowered.

Resented His Resigning.

SHARON, PA., Feb. 28.—(Special.)—Justice Cornelius Maxwell took an ante mortem statement from Edward Welsh, who is in a critical condition. Welsh claims that his employer, Charles Zent, became angered at him becouse he was going to resign his position, and after knocking him down, jumped on him with both feet. Zent was taken into custody.

Wrought Up Over Land Deal.

WASHINGTON, PA., Feb. 28.—(Special. Residents of Washington are greatly wrought up over the passage of an ordinance caling for an appropriation of $15,558 75 for the purchase of 17 acres of land in South Strabane township for the erection of a big sewage disposal plant. It is claimed that the tract was sold a few weeks ago for $6,250. Burgess Judson emphatically stated today that he would veto the measure.

EX-SENATOR BROWN FORMALLY NAMED FOR OFFICE

BOOMED AT A BANQUET

Lawrence County Man Is Auspiciously Entered for Lieutenant Governor.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., Feb. 28.—The name of the Hon. William M. Brown, ex-state senator from the Lawrence and Mercer district, was formally presented as a candidate for the lieutenant governorship at a banquet given this evening at the Leslie house by the New Castle Press club. Covers were laid for 50 and the guests formed a representative group of professional and business men.

Senator Andrew G. Williams of Butler, who was the guest of honor and introduced the name of Senator Brown during his response to the toast "Lawrence County in Politics."

The candidacy of Brown for the lieutenant governorship has been broached to Senator Quay and leading members of the Republican party in all parts of the state, and has everywhere met with hearty support. Brown is a close personal and political friend of Senator Quay. He is also accepted by both the Elkin and anti-Elkin factions of the Republican party. Congressman Acheson, who feared the opposition of Senator Brown to his congressional aspirations, will support him for lieutenant governor.

David T. Jonas, president of the Press club, acted as toastmaster, and the following responded to toasts: W. B. Kat, S. P. Emery, R. K. Aiken, Judge William D. Wallace, Senator A. G. Williams, the Hon. John B. Brown, the Hon. Malcolm McConnell, David Jameson and City Solicitor James A. Gardner.

CONTRACT NO GOOD.

Westmoreland County Jury Ignores Express Company's Contract in Jewel Case.

GREENSBURG, PA., Feb. 28.—(Special.)—Walter Howard and wife of Latrobe were given a verdict today in the matter of the famous diamond package alleged to have been tampered with while en route from Bradford to Latrobe, two years ago. Mrs. Howard's mother, living at Bradford, sent a package of jewelry to her daughter by express. When the package arrived it was found that two of the jewels were missing. No value was placed on the package by the consignor.

According to the terms of the contract $50 is the limit allowed in case no value is placed on a package turned over to the express company, and the defendant company refused to make good. The jury awarded the plaintiffs $342.

Monongahela Welcomed Bryan.

MONONGAHELA, PA., Feb. 28.—(Special.)—The train on which Col. William Jennings Bryan passed through this city this evening from California, Pa., where he delivered a lecture this afternoon, was met at the station by an enthusiastic crowd. Col. Bryan was in his usual good humor and shook hands right and left with those who crowded around.

Beer Thieves Get a Cold Bath.

YOUNGSTOWN, O., Feb. 28.—(Special.)—Three alleged thieves tried to escape from Detective Frank B. Fowler by crossing the river on the ice. They fell in and narrowly escaped drowning. They were taken to Girard this morning. The men were among a crowd who were stealing beer from the Baltimore & Ohio wreck at Girard. They gave their names as Joseph Smith and W. F. Coulson of Pittsburgh, and Rosser Jenkins of Youngstown.

MIXED RELATIONSHIP.

West Virginia Marriages Bring About a Worse Than Fifteen-Block Puzzle.

WESTON, W. VA., Feb. 28.—Several years ago Salom Bennett, a widower, married Abbie Smith, daughter of a widow. This week Bennett's son, Markwood Bennett, married the widow, who is the mother of his father's wife. By the marriage Markwood Bennett becomes his own father's father-in-law and his own grandfather-in-law. Mrs. Markwood becomes the daughter-in-law of her own daughter, or her own granddaughter. Markwood's wife is Salom's daughter-in-law as well as his mother-in-law, while Salom is both the father and son-in-law of his own son.

Salom's wife is both daughter and mother-in-law to her own mother, is her own grandmother, and if she has any children she will be both mother and grandmother to them, and they will be their brother Markwood's grandchildren.

Markwood is not only his own grandfather, but is the grandfather of his brother and sisters, and if children are born to him, he will be their great-grandfather as well as their father. Should children be born to both Salom and Markwood Bennett, the parents will take a week off to figure out the relationship between the babies.

First a Gun, Then the Law.

UNIONTOWN, PA., Feb. 28.—(Special.)—Davis Huston of Smithton is in jail on a serious charge preferred by Silas Van Bremen. Grace Van Bremen, his young wife, was alone a few days after Christmas, when Huston called to purchase eggs and made improper proposals. The woman broke away from him, got a revolver and shot at the man, driving him away. The woman was afraid to tell her husband until a few days ago, when he had Huston arrested.

KITCHENER FOLLOWS A CHEERFUL PRECEDENT

Announces a Victory on the Anniversary of Majuba Hill Battle.

THE BOERS' HEAVY LOSSES

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, Feb. 28.—Following the precedent of Lord Roberts, who announced Gen. Cronje's surrender at Paardesberg on the aniversary of the battle of Majuba Hill (February 27, 1881), Lord Kitchener apparently selected the same anniversary to achieve a big success, by a combined movement, lasting two days, against the Boer forces within the Harrismith and Van Reenen line of block houses. The Boer losses aggregate 600 men killed or captured and 2,000 horses and 28,000 head of cattle fell into the hands of the British troops.

This news was so welcome to the British that it was read out in the house of commons today by the war secretary, Mr. Broderick, from a dispatch of Lord Kitchener, as follows:

HARRISMITH, Feb. 28.—Yesterday the combined operations of the columns terminated in driving the Boers against the Harrismith and VanReenen block house line. The River Wilge was held by the Leinster regiment and Elliott's mounted infantry from Harrismith, while the columns formed on the Frankfort and Botha's pass block house line and advanced south, holding the entire country between the Wilge and the Natal frontier. On the first night a very severe attempt to break through was made at a point between Rimington's and Byng's columns and the New Zealanders behaved with great gallantry. The fighting was at close quarters, and the Boers, as usual, drove a large herd of cattle in front of them. Manie Botha, the boy leader, was killed, and 35 dead Boers were found on the ground. Over 100 horses were killed, and 6,000 head of cattle were left in our hands. Other small attempts o break out were made and in two cases sueeeded. On the last day 450 Boers, with rifles nd horses, were captured. All the columns ave not yet reported and the operations have en very wide, but over 600 Boers have been ther killed or are prisoners in our hands; lso 2,000 horses, 28,000 head of cattle, 200 agons, 80,000 sheep, 600 rifles and 50,000 unds of ammunition. The prisoners include en. DeWet's son and his secretary; Commandants Meyer and Truther, and several field rnets. These satisfactory results are very ppropriate on the anniversary of Majuba.

In response to an inquiry made by the overnment as to the fate of the escort f a convoy of empty wagons, which, acording to a dispatch from Lord Kitchener, made public February 28, was attcked and captured by the Boers southst of Klerksdorp, Transvaal colony, bruary 24, Lord Kitchener has cabled e following message:

report has just been received that 16 ers and 451 men were taken prisoners. Of se one officer and 105 men have been red. Col. Anderson of the Imperial Yeory, who commanded, is still a prisoner. Enderby, who commanded the infantry, wounded. Hence the delay in obtaining nite information.

PRINCESS RADZIWILL PURSUING CECIL RHODES

Denies Charges of Forgery and Begins a Suit for Damages.

LEGAL FIGHT IN SIGHT

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

CAPE TOWN, Feb. 28.—The case of Princess Radziwill, who was arrested here February 26 on the charge of forging the signature of Cecil Rhodes to promissory notes and who was subsequently admitted to bail in £1,000, assumed a fresh aspect today by the princess entering suit against Mr. Rhodes for £2,000 on account of the alleged forged note for £2,000, said to have been indorsed by Mr. Rhodes, but which the latter repudiated. On this note the princess was sued by Thomas Louw, a merchant of this city who had advanced £1,150 on it, and who obtained and collected judgment against the princess for the amount of his advance.

As Mr. Rhodes was indisposed his evidence in the forgery case against the princess and in her counter-charge against himself has been taken at Grootschaar. Mr. Rhodes, in this evidence, denied signing, or authorizing his signature to the notes in question.

Princess Radziwill's attorney has declared that the princess has a complete answer to the charge, but that he has decided to reserve his defense at this stage of the case.

SPAIN STILL UNEASY.

Miners Are Agitating and Rioters Set Fire to Public Offices.

MADRID, Feb. 28.—The mining regions are in a ferment of agitation. At Albujon and Madridejos rioters have set fire to the Octroi offices and burned the documents they contained.

There has been another outbreak of disorder at Barcelona. Meetings are being held frequently with the object of declaring another general strike. The metal workers are constantly assaulting their comrades who have returned to work and refuse to resume their tasks until all the imprisoned workmen are released.

For years I had been a sufferer with chronic stomach trouble, pressure of gas and distress of my bowels. I contracted what the doctors pronounced a low type of malaria. I could not take solid food at all, and only a very little of the lightest of diet would create fever and vomiting. The druggist sent me a box of Ripans Tabules, saying he sold more Ripans than anything else for stomach trouble. I not only found relief, but believe I have been permanently cured.

JOSEPH SIBLEY STRONG LEADER IN NORTHWEST

The Politicians in Crawford County Believe That He Could Win Easily.

J. P. ELKIN IS UNPOPULAR

A Few Kind Words Are Spoken for the Present Attorney General, but They Are Hard to Find in the Mass of Sentiment Against Him.

BY WALTER J. CHRISTY,
Staff Correspondent.

MEADVILLE, PA., Feb. 28.—Col. Samuel Dick is endeavoring to get Congressman Joseph C. Sibley into the field as an active candidate for governor and expects to be successful. If he succeeds the candidacy of G. L. Flood for lieutenant governor will probably be seriously affected.

As matters now stand Dr. Flood has the indorsement of the Crawford county Republican committee. He has slated four delegates. If they are elected he expects to throw them to the gubernatorial candidate who can do him the most good. The doctor denies that he has any entangling alliances with John P. Elkin. His friends say that Quay and Penrose have pledged him their support; the Quay pledge being gotten in the presence of witnesses.

Col. Dick says that the delegates of this county will not go to Elkin. He says that they will have to vote the sentiments of Crawford, and the people here are opposed to Stone and Elkin. The testimony of Col. Dick is corroborated by other strong Republicans. The indications are that Col. Dick intends to take about as lively an interest in this gubernatorial election as he did when George W. Delamater was the candidate.

Dick Against Elkin.

Col. Dick has had some talks with Senator M. S. Quay and has advised against the slating of Elkin. He wants Sibley and promises great results in the northwest if the congressman is made the nominee.

There are three members of the house and a senator to elect in Crawford this fall. The selection of the right man for governor by the Republican convention will carry this county, as the party will be in better shape this fall than for some time. With the nomination of Elkin, Col. Dick and others are not promising victory in November.

There is the same doubt about the congressional district composed of Crawford and Erie. The woods are full of Democrats up this way who are ready to get into the contest if Elkin is put on the ticket.

The Flood forces are trying to keep the gubernatorial nomination overshadowed by the second place on the ticket. The creation of sentiment for any of the candidates would not benefit the doctor. The Sibley candidacy would, of course, be disastrous. The governor could not come from Venango and the second man on the ticket from an adjoining county.

Big Majority for Sibley.

"Nine-tenths of the people of this county are for Sibley and I cannot hear of many who are for Elkin," said Col. Dick when asked for an expression as to the sentiment of the county.

"Had Elkin resigned," continued the colonel, "he would have made a clean sweep of the nomination and his election would never have been questioned. The people here have no use for Gov. W. A. Stone.

"I have been urging Sibley to become a candidate. Sibley has told me that he is in the hands of myself and others. While Gen. Charles Muller has been very guarded in any talk he has had on the subject, I believe that he would like to see Sibley in the field. We were together the other day. I have written to the congressman to shy his castor and I am expecting a letter by the next mail announcing his active candidacy.

"Sibley can carry everything in the northwest. If the nominee for governor he will carry this county by 3,000 majority. Without him there is doubt about the result. Crawford is an important county, because we have four votes for the United States senator to be elected next year.

Has a Big Following.

"I am satisfied that without much effort the counties of Washington, Beaver, Lawrence, Butler, Mercer, Clarion, Venango, Crawford, Erie, Warren, McKean, Forest, Elk, Potter and several others in this region will send delegates to the convention for Sibley. East of Allegheny we will also be able to get a number of delegates. In my opinion, it should not be difficult to nominate Sibley and if we nominate him he will be elected.

"It is true that the county committee indorsed Flood for lieutenant governor. The delegates are not instructed, in fact, they have not been elected. The men proposed will no doubt vote for the man the Republicans of Crawford county want. I am satisfied that they will not support Elkin.

"Col. T. A. Watres of Scranton is one of my personal friends, and is thoroughly qualified to be governor. I believe that Quay feels very friendly toward him. If Watres is the nominee Senator William M. Brown of New Castle will, no doubt, be the successful candidate for lieutenant governor."

Dr. T. L. Flood has tried for several state nominations, but Crawford county has never been given a place on the ticket since 1890, when Delamater was the nominee for governor. This time the Flood supporters expect to land. They say that Quay and Penrose have recently agreed that Flood should be the man. At the same time there are reports that Brown of Lawrence is carrying a similar pledge.

Flood's Statement.

"The county committee has indorsed my candidacy for lieutenant governor," said Dr. Flood. "There were 51 of the 61 members present and many of them had to wade through snowdrifts to get here. I was unanimously indorsed and by resolution authorized to select four candidates for delegates. These will be voted for at the primaries. If they are elected they will support me, and the candidate for governor who can give me the most assistance."

Dr. Flood denies that he is running in the interest of Elkin. He says, however, that at a conference in Washington it was decided that it was not unwise to have a gubernatorial candidate from Indiana and the running mate from Crawford.

Dr. Flood says that so far there has been no developments of gubernatorial sentiment in Crawford. He is also of the opinion that it is too soon to gauge the effect of the Pittsburgh election. He admits that it has some effect and has to be considered.

The doctor is watching the Sibley boom. When asked what would happen if Sibley became an avowed candidate for governor, Mr. Flood replied: "Miller and Sibley are friendly to me and I am friendly with them. There would be no conflict."

All Against Elkin.

Many of the Republican leaders have been asked for views on the gubernatorial sentiment. In every instance, save the close friends of Flood, who are careful not to offend any candidate, declare that the Republicans of this county do not want Elkin. It is the old story of his association with Stone. The people here absolutely refuse to stand for the postscript man.

W. S. Rose says that Elkin cannot hope for support from this county. He says that the people here want Sibley. Like Col. Dick, his opinion counts for much. They are men who do not regularly mix in politics, but when they do take a hand their efforts count. Senator Quay has no more trusted adviser in the state than Col. Dick.

Ex-Judge John Henderson is a close friend of Dr. Flood and is not talking much on the gubernatorial nomination. He says that if Sibley is the nominee he will be well supported in Crawford.

Postmaster A. E. Hempsted is a supporter of Dr. Flood, but he believes that the delegates will not go contrary to public sentiment in their choice for a governor. He is of the opinion that if Flood is put on the ticket, the entire congressional, legislative and county ticket in Crawford can be elected. He also says that if Sibley is the candidate for governor, the result will be the same. He has no opinion for publication on the outcome if Elkin is the nominee and Flood is not his running mate.

Crawford Wants Second Place.

Mr. Hempsted says that Crawford is entitled to the second place, by reason of the fact that the county has not been recognized on state tickets for years.

The Flood people point to the fact that Penrose is really a candidate before the people this fall as a reason why it would be all right to take the governor and lieutenant governor from the west. They say that two years ago the entire state ticket was made up of eastern men.

Attention is called to the fact that Penrose wants to succeed himself in the United States senate, and that he is at work now in Crawford. His private secretary, W. R. Andrews, has rented offices here and has a man in charge. Several tons of public documents have been franked out of this headquarters in the interest of Penrose. This work is being done to aid in securing the three members from Crawford and the senator.

W. R. Andrews, by the way, is a busy man. He is a candidate for governor; would like to break into congress from this district and is said to aspire to the state chairmanship. He is a brother of William H. Andrews.

It is figured here that the gubernatorial candidacies are simply bluffs to assist him in becoming chairman of the state committee.

Candidates Named by Flood.

The candidates for state delegate named by Flood are Frank Kelly of Cambridge Springs; W. S. Harper of Meadville; S. G. Maxwell of Titusville, and Watt Powell of Spring township. They are all representative men and it is possible that they will not be opposed. Kelly and Maxwell are said to have personal leanings toward Elkin, but it is believed that they will do whatever the people want. W. B. Serrett of Titusville is running independent of the Flood slate. He would not be for Elkin. There is a possibility that the returning board may vote instructions for the degelates.

Charles Benedict of Titusville is the one man who openly talks for Elkin. He says that the attorney general should not be charged with any of the wrongs of the governor. He is also unable to see any connection between the gubernatorial nomination and the Pittsburgh election. Mr. Benedict was chairman of the resolution committee of the last state convention. He thinks Elkin will be nominated.

It is generally believed here that Arthur L. Bates will be returned to congress from the Erie-Crawford district. Henry Clark of Erie is said to be considering announcing his candidacy. W. A. Andrews is also thinking it over.

Best Has a Good Chance.

Westley Best, district attorney, is favorably spoken of for senate. He is one of the Republicans who has been active in the management of the party in the county. Ex-Representative Jacob Boland of Cambridge may be a candidate for the house. Frank Ray of Meadville, John Emerson of Titusville, and L. O. McClain of Linesville are expected to run. It is possible that the various factions will get together and unite on a slate for senate and house. In the county almost every office is to be filled.

The Republican primaries have not been fixed. They will be held on the same day as the election in Erie, as the candidates for congress have to run in both counties.

S. Lowrey Humes, chairman of the Democratic county committee, has had his committee together and it has indorsed Pattison. Crawford has been the first county to indorse him each time. Humes says that Sibley or Elkin will suit the Democrats.

Representative A. J. Palm says that he will be the Democratic candidate for senator if Elkin is nominated. In his opinion Sibley will make a much stronger candidate than Elkin. Mr. Palm has had a talk with Pattison and the Quaker City man is ready to take a third nomination for governor.

SCHEDULE OF THE PRINCE'S TRAIN

No Attempt at a Fast Run—Every Mile of Track Is Being Watched and Examined.

The special train bearing Prince Henry and his party is due to leave Altoona at 8 o'clock this morning, and to arrive in Pittsburgh at 11:20. It will leave 10 minutes later over the Panhandle. Every mile of the track will be carefully inspected and watched until the special has passed.

The time of passing the various towns along the Pittsburgh division, from Altoona to this city and the Panhandle, as far as Steubenville, will be approximately as follows, if the schedule is carried out without accident:

Altoona	8:00 a. m.	Wilkinsburg	11:00 a. m.
Cresson	8:30 a. m.	East Liberty	11:09 a. m.
South Fork	8:50 a. m.	Arrive Union Station	11:20 a. m.
Johnstown	9:05 a. m.	Depart Union Station	10:30 a. m.
Blairsville Intersection	9:35 a. m.		(Central Time.)
Latrobe	9:55 a. m.	Carnegie	10:42 a. m.
Greensburg	10:15 a. m.	McDonald	11:00 a. m.
Irwin	10:30 a. m.	Burgettstown	11:15 a. m.
Wilmerding	10:43 a. m.	New Cumberland Junc.	11:35 a. m.
Braddock	10:50 a. m.	Steubenville	11:40 a. m.

The first stop west of Pittsburgh will be at Dennison, O., at 1:10 p. m. Columbus will be the next stopping point after that.

From Altoona to Pittsburgh the special will be drawn by engine 1978, a class E-2 locomotive, which has been in use on the Pennsylvania railroad for some time. The conductor of the train will be C. J. McGuigan and Jerry Gilchrist, one of the best known engineers on the Pittsburgh division, will be at the throttle. The brakemen will be S. B. Hoover and D. D. Jones.

At Pittsburgh General Superintendent Ralph Peters of the southwest system of the Pennsylvania lines, and Chief Assistant General Passenger Agent Frank Van Dusen of the Pennsylvania lines west of Pittsburgh, will go aboard the train. The conductor over the Pittsburgh division of the Panhandle will be Thomas E. Laughead, with Frank Hottel and James Neely as brakemen. Engineer William Bell will haul the party with engine No. 147, class E-2.

GIBBONS CLUB WILL ERECT A FINE BUILDING

Young Men of Holy Cross Church to Take Up New Line of Work.

PLANS ARE WELL IN HAND

Baths, Gymnasium, Library, Parlors, Reading and Billiard Rooms and a Theater Will Be Features of the $20,000 South Side Club House.

The Gibbons club of Holy Cross Catholic church, South Side, has completed arrangements for the erection of a $20,000 clubhouse at the corner of Thirty-first and Sarah streets. The Gibbons club is one of the most prosperous institutions of Catholic young men in the city. Its aims and objects are much the same as those of the Young Men's Christian association and the Catholic lyceum. The directors of the club have visited both institutions and several eastern institutions for young men for ideas.

The contract for the new building will be let about March 15. Another meeting of the directors and the sub-committee on building will be held next week when several prominent architects will show elevations for approval.

The Gibbons club is named after James, Cardinal Gibbons, archbishop of Baltimore.

Invitation to Cardinal.

The cardinal and several other dignitaries of the church will be invited to the dedication of the new clubhouse, which is expected to be thrown open early in the fall.

The Rev. Father David Hegarty, assistant to Father Devlin, pastor of Holy Cross church, is the director of the club. "We have need of just such an institution as this on the South Side," he said, yesterday. "This part of the city is yearly becoming more densely populated and is even now congested. The mill districts help this congestion. Wherever such exists there must be a wholesome influence to keep young men in the proper paths. There are numerous such institutions in the city proper, but to be of practical benefit we must have them at our doors. We have long been considering this move, and have finally concluded that it is best to broaden the scope of the Gibbons club."

Handsome Building Planned.

The proposed new clubhouse will be a two-story brick building of handsome design. There will be baths, a well-equipped gymnasium, library, reading and billiard rooms, parlors and a theater with a seating capacity of 300. The bluiding will be so constructed that another story may be added without change in the main structure.

The site on which the new clubhouse will be built is part of the Holy Cross church property, and has been donated by the trustees of the church for that purpose. The church owns an entire block in that neighborhood.

There are 150 young men in the club at present, but since the announcement of the extension of its work there have been numerous applications for membership. John Daly is president, and Edwin Carlin, vice president.

A new system of membership will be arranged before the building is completed. It will be such that will give every young man an opportunity of wholesome recreation, pleasant surroundings, with instructions in various branches at a nominal rate.

HAS MADE MANY FRIENDS.

United Hebrew Congregations Present Their New Rabbi, A. M. Ashinsky With Residence.

The Rabbi Aaron M. Ashinsky, in charge of the congregations Beth Hamedresh, Hagodol and Beth Jacob, has so endeared himself to his people since he came from Montreal a few months ago that they have purchased for him the house No. 1204 Colwell street, at a cost of $5,500. As soon as it can be repaired there will be a housewarming, and many prominent rabbis from other cities will be among the invited guests.

The Rabbi Ashinsky received yesterday from Montreal a handsome set of highly complimentary resolutions in a massive gilt frame. It is reported to have cost over $200. It is signed by B. Sperber, president; M. Deninberg, vice president; L. Kert and M. Latterson, secretaries; L. Pearson, treasurer, and the six trustees of the synagogue, and dated Montreal, December 3, 1901.

POLICEMEN PRAISE PE-RU-NA

As a Reliable Specific for the Ills Incident to the Vicissitudes of Their Occupation.

As a Safeguard Against Coughs, Colds, and Other Catarrhal Derangements, Policemen Find Peruna Indispensable.

Whether it rains or whether it snows; whether it be night or day; whether the thermometer stands at 100 in the shade or 10 degrees below zero, the policeman must be up and doing.

Not only must he brave the elements as he finds them, but he must wear his uniform. No shirtwaist for the policeman. No fur overcoat for the man who patrols our streets night and day.

No wonder such men appreciate Peruna.

Peruna strengthens the mucous membrane that lines the respiratory organs.

Peruna hardens the system against catching cold. This is absolutely essential to good health, especially where one's vocation exposes one to dampness of night air and the throbbing heat of mid-day.

Policemen give Peruna their unqualified endorsement. It exactly meets their requirements. Read their letters:

John E. Ptacek, Assistant Superintendent of Police of Chicago, Ill., writes:

"I used Peruna for a very severe case of nasal catarrh, and am glad to inform you that it has accomplished a complete cure. I have no hesitancy in recommending it to others."

JOHN E. PTACEK.

Policemen Everywhere Believe in Peruna—They Are the Men Who Really Have Tested Its Merits in Preventing Disease.

Many a policeman has been able to keep his job by aid of Peruna, who otherwise must have succumbed to the exigencies of our changeable climate.

Mr. Chas. Rehm, Lieutenant of Police, 43d precinct, Chicago, Ill., writes:

"Where I have suffered any bad consequences from exposure and colds I have found that there is nothing so quickly restores the system to healthful activity as Peruna. I use it often myself and know that several of our patrolmen have received great benefit from this tonic."

CHARLES REHM.

Mr. Peter J. Ries, Desk Sergeant 43d precinct, Chicago, Ill., writes from 1320 Newport ave., Chicago:

"I have for some years been a sufferer with kidney trouble, and I felt that I must do something to get cured. Reading of the cures that Peruna had performed, I tried it; seven bottles cured me."

PETER J. RIES.

Michael O'Halleran, Lieutenant Sergeant of the Summerdale Station Police Department, writes from 1993 W. Monroe street, Chicago, Ill.:

"Several of the officers of our station have good reason to praise Peruna. Several times when they spent hours in the rain and came in drenched a severe cold has followed, which it seemed impossible to throw off, until one of them tried Peruna and found the finest remedy for a cold that a man would want.

"Since then we have used it for colds, catarrh, influenza and other complaints following in the wake of inclement weather, and we all feel well pleased with Peruna."

MICHAEL O'HALLERAN.

Officer A. C. Swanson writes from 607 Harrison street, Council Bluffs, Ia., as follows:

"As my duties compelled me to be out in all kinds of weather, I contracted severe colds from time to time, which settled in the kidneys, causing severe pains and trouble in the pelvic organs.

"I am now like a new man, am in splendid health and give all praise to Peruna."

A. C. SWANSON.

Mr. Robert Northgrave, 549 Richmond street, London, Ont., was a Chief of Police of St. Marys, Ont.; also Chief of Police in Ingersol, Ont., Chief Detective in the famous Sifton murder trial—not yet completed. He writes:

"Peruna has done for me what no doctor or medicine has been able to do before. It made me a well man. Exposure for a number of years has told on my system, settled in my back and kidneys, and I did not think that I would ever enjoy good health again. I was induced to try Peruna, and it made a complete change in my life. In three months I was like a new man. Life has taken on a new color to me. I can heartily indorse Peruna for any sick man for afflictions resulting from a cold."

ROBERT NORTHGRAVES.

Chronic catarrh often makes its approach in disguise. Before a person knows it, he may become a victim of chronic catarrh. Its onset may be gradual, its development insidious, and at last the victim finds himself in the clutches of a tenacious disease. A slight cold, a tendency to sneeze, a puffiness in the nose and head, fullness or crackling in the ears, stringy mucous in the throat, slight cough or wheeziness, snoring during sleep. Any one of these symptoms should be regarded as a warning.

What can be cured in the beginning in a week or two, by using Peruna, if allowed to become chronic, may require months of faithful treatment. You had better take Peruna now, for by and by you may be obliged to take it for a long time in order to get well. Peruna is the remedy for catarrh. Almost everybody knows it by hearsay and thousands know it by experience.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Beauty's Blood Deep

How untrue the old adage "Beauty's Skin Deep." How many women of beautiful features marred by impure blood try in vain to get a pure complexion by doctoring the skin. The quickest, surest, only way to beauty is to cleanse the blood.

"I have been taking Cascarets for pimples and have been greatly benefited." —Miss Gertrude Grant, Cambridge, Mass.

"I am very well pleased with Cascarets. They are fine for the complexion." —Miss Catherine C. Coffman, S. English, Ia.

"Cascarets will clear the complexion of boils, pimples and blackheads caused by impure blood."—A. E. Griffin, M. D., Stubblefield, Texas.

"Cascarets have done a great deal of good for me and for all our family." —Miss Florence Cook, Webster City, Ia.

"I must add my testimonial to your valuable medicine Cascarets for stomach trouble." —Irene Ackerman (famous singer), 39 West Fifteenth Street, New York.

"I was suffering with sick headaches a great deal, but after taking a box of Cascarets, am entirely cured."—Miss Clara Stimmel, 88 So. Sandusky Street, Delaware Ohio.

"Cascarets did me a world of good. My liver was in bad condition for some time and one box cured me." —Miss Mabel Allen, Clare, Michigan.

How many, many young women are anaemic, pale, sickly-looking, perhaps with pimples on face and neck, owing to poor, unhealthy blood. Perhaps womanhood is approaching, that serious time of life when irregularities are liable to break down a constitution. The first rule for purifying and enriching the blood is to keep the bowels free and natural, gently but positively, without nervous shock, and Cascarets Candy Cathartic is the only medicine to do it.

he ordinance providing for the ap- ntment of an additional city solicitor taken up and recommended affirma- ly without a dissenting vote. This po- on is to go to County Chairman A. C. bertson. The ordinance was also rec- mended which provides for a stenog- her in the office of the city clerk at a ary of $100 per month. The present umbent, E. W. Lindsay, is rated as a essenger, and gets but $75 per month. her stenographers in the employ of the y receive $100 per month. An ordi- nce for an additional clerk in the city erk's office was also recommended.

John S. Lambie, in finance committee, ged that the city ought not to pay inter- on money invested by private parties pipe lines, when the purchase of these made by the city. The city has been therto paying 6 per cent interest on this ney, but agreed some time ago to pay more than 4 per cent.

Lambie Was Voted Down.

r. Lambie asserted that the city ought to pay any interest, as the property ner is benefited as much as the city, that he is sufficiently reimbursed n the city buys the line. The com- e disagreed with Mr. Lambie, and her permit at 4 per cent interest was nted. The ordinances repealing the contract ordinances were recom- ended. The new charter renders this islation obsolete. Councilman R. H. ugins objected to this, but was as- red by Director J. Guy McCandless that city solicitor had advised this action.

In the evening the opera house was packed by 1,500 people to hear him speak on "A Conquering Nation."

Arrested for Defiance—Harry Besterman was arrested yesterday on information charging him with resisting an officer. On Thursday Constable Martin McSweeney levied on some household goods at No. 2829 Penn avenue. While he was there Besterman attempted to remove the goods. The constable had a warrant sworn out for Besterman, but the latter defied the officers to serve it and drove away.

Plans for Schoolhouse—At a special meeting of the Wilkinsburg school board last night it was decided to have the plans for the new First ward school house prepared at once. The contract will be let as soon as the plans are adopted and it is hoped to have the school ready for occupancy next September. The building will have 14 rooms and will be of brick and stone. It will cost in the aggregate about $65,000.

Providing for Workmen—Window glass workers, thrown idle by the closing of the Bauer factory at Eaton, Ind., are being placed at the Fitzpatrick plant, Kane, Pa., and other factories of the Independent Glass Company. Reports to window glass headquarters from New Jersey yesterday were that all factories there have met the wage advance except the Wheaton plant, at Millville, which is idle.

Identity Established—The unknown man killed on the Pittsburgh, Virginia & Charleston railroad at Brinton Station Thursday night has been identified as William Moorhouse of No. 7812 Madeira street, a machinist employed by the Westinghouse Electric & Manufacturing Company at East Pittsburgh. Annie Moorhouse, a sister, identified the body. Why Moorhouse was at Brinton and on the railroad tracks is a mystery.

Considering Changes—Local unions Nos. 1 and 8 of Pittsburgh, 7 of Allegheny, 9 of the South Side and 10 of Braddock of the International Stonemasons' union, were represented by delegates at Moorehead hall last night, when changes of present working conditions were considered. The existing wage scale for the Pittsburgh district does not expire till June 1, and it will be some time before demands, if any at all, are formulated.

New Superintendent Named—Edward Soppitt, a member of the executive board of the Pittsburgh district organization of the miners, has been appointed superintendent on the Youghiogheny division for the Pittsburgh Coal Company. He enters on his new duties today. Thomas Cavanaugh of Allenport, James Jenkins of Fayette City and Albert Furness of Fayette City, well-known mine foremen of this district, have passed the examinations as mine bosses.

Maggie Hughes Dead—Maggie Hughes, an elderly English woman, died at the Homeopathic hospital at 11:30 a. m. yesterday from injuries received by falling down a cellarway at Sixth and Wylie avenues early yesterday morning. The woman was well known to the police, having been before them many times on charges of drunkenness, but she had no regular home. At the hospital she said she had a sister living in Wilkesbarre by the name of Mary Omelia.

Fought Over a Post—Steve Paratich, aged 25 years, a Hungarian of No. 207 Sawmill alley, Allegheny, and Daniel Jamison, aged 17 years, an American lad, of No. 17 Lumbermans alley, Allegheny, while watching the flood from River avenue, Allegheny, yesterday afternoon, got into a fight as to which of them had the right to sit on a post. They were arrested and taken to Central station by Officer Louis Kuhl, where each left a forfeit of $30 for a hearing this morning on a charge of disorderly conduct.

McClelland a Captain—Director A. H. Leslie of the department of public safety has filled the vacant captaincy in the First district. George M. McClelland was appointed yesterday to the position and will assume his duties today. McClelland has been a police lieutenant for a number of years, serving both at Central and the Center avenue stations. Lately he has been on night duty in charge of the hill district. He is a popular and efficient officer, and his friends were busy last night congratulating him on his appointment.

NOTED PREACHER COMING.

Father Huntington of the Order of the Holy Cross Will Conduct Lenten Services.

The Rev. Father Huntington of the Order of the Holy Cross, a religious order of the Protestant Episcopal church, will conduct the noon-day Lenten services in Trinity church all next week. Father Huntington is a noted preacher and is expected to bring large gatherings to the popular services. Every morning at 11 o'clock beginning Monday he will hold conferences in the Trinity parish house.

The general subject for the meetings is "A Practical Religion." Particularized they will be as follows: Monday, "Hope;" Tuesday, "Look;" Wednesday, "Listen;" Thursday, "Pray;" Friday, "Fast;" Saturday, "Give."

Tomorrow morning Father Huntington has been invited to preach at the morning service in Trinity. The specific work of the Holy Cross order is the giving of missions and conferences and retreats for the clergy and the laity.

Atlantic City Shelters C. M. Schwab and Members of the McKinley Family.

ATLANTIC CITY, N. J., Feb. 28.—(Special.)—Charles M. Schwab was in Atlantic City during the week and arranged for quarters here during this spring and summer for himself and family. He has rented the Coatsworth cottage in South Pennsylvania avenue for $1,000 a month.

Judge William R. Day of Canton, O., secretary of state during the Spanish war is at the Shelbourne. He is accompanied by Mrs. Day, Rufus Day, Mrs. M. C. Barber and Miss Ida M. Barber. It is said that Mrs. William McKinley will arrive here in a few days on an extended visit, for the benefit of her health.

INQUEST WAS BRIEF.

Thursday's Tragedy Officially Called Murder and Suicide.

The official investigation into the deaths of William E. Rinard and Mrs. Margaret Wilbert was very brief. The verdict of the coroner's jury was that Rinard had killed the woman and then committed suicide. George C. Taylor of Braddock viewed the remains of the woman yesterday morning in the house where she was killed, No. 805 Watson street. He stated positively that she was not the woman who was the wife of his son, Archie Taylor, who died 10 years ago.

The funeral of Rinard was held yesterday afternoon at 3 o'clock from his father's home in Braddock. After short services by the Rev. W. G. Reagle, pastor of the First Presbyterian church of Braddock, the body was interred in the Monongahela cemetery. Only the members of the family attended.

THE SENATE LETS THE FIGHTERS GO WITH A CENSURE

Tillman Again Nearly Puts His Foot Upon Rules of Order.

FAVOR HARSH MEASURES

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., Feb. 28.—Senators McLaurin and Tillman of South Carolina today were severely censured by the United States senate for the sensational personal encounter between the two senators on the floor of the senate last Saturday. The adoption of the resolution of censure probably closes the incident, so far as Mr. McLaurin is concerned.

Immediately after the senate convened today Mr. Burrows, chairman of the committee on privileges and elections, to which the McLaurin-Tillman controversy had been referred, reported the resolution of censure framed by a majority of the committee. The resolution follows:

The Resolution of Censure.

That it is the judgment of the senate that the senators from South Carolina, Benjamin R. Tillman and John L. McLaurin, for disorderly behavior and flagrant violation of the rules of the senate during the open session of the senate on 22d day of February, instant, deserve the censure of the senate, and they are hereby so censured for their breach of the privileges and dignity of this body; and from and after the adoption of this resolution the order adjudging them in contempt of the senate shall be no longer in force and effect.

The report of the committee accompanying the resolution of censure says that the offense of Tillman was much greater than that of McLaurin.

A brief statement was presented by Senators Bailey, Blackburn, Pettus, M. J. Foster and Dubois, Democratic members of the committee, dissenting from some of the conclusions of the majority. They agreed, however, to the resolution offered.

A minority report was presented by Senators McComas, Beveridge and Pritchard, Republicans, who maintained that the adoption of a resolution of censure was not sufficient punishment.

The Vote on the Resolution.

Practically there was no debate on the resolution, although Mr. Gallinger and Mr. Platt of Connecticut made it evident by brief statements that the resolution was not quite satisfactory to them. The resolution was adopted by a vote of 54 to 12, the detailed vote being:

Yeas—Aldrich, Allison, Bacon, Bailey, Bard, Bates, Berry, Blackburn, Burrows, Carmack, Clark (Mont.), Clay, Cockrell, Cullerson, Cullom, Depew, Dillingham, Dolliver, Dubois, Elkins, Fairbanks, Foraker, Foster (La.), Frye, Gallinger, Gibson, Hansbrough, Harris, Hawley, Hoar, Kearns, Lodge, McCumber, McEnery, McMillan, Mallory, Martin, Mitchell, Money, Nelson, Patterson, Perkins, Pettus, Platt (Conn.), Quarles, Rawlins, Simons, Stewart, Taliaferro, Teller, Turner, Vest, Warren, Wetmore—54.

Nays—Beveridge, Clark (Wyo.), Deboe, Dietrich, Foster (Wash.), Kean, Kittridge, McComas, Millard, Pritchard, Proctor, Scott—12.

Tillman Takes Medicine Badly.

When Mr. Tillman's name was called he added a new sensation to the proceedings by rising and saying with ill-concealed emotion:

"Among gentlemen an apology for an offense committed under heat of blood is usually considered sufficient."

The auditors caught their breath as Mr. Tillman thus entered his protest against the adoption of the resolution.

Mr. Tillman's words induced Mr. Kean of New Jersey to rise at the conclusion of the roll and say:

"Having heard the senator from South Carolina again insult the senate, I change my vote from aye to no."

At the request of Mr. Burrows the statement of Mr. Tillman was read by the clerk. Instantly the South Carolina senator disclaimed any intention of being offensive to the senate, and said that if they were so considered he would withdraw them. The chair (Mr. Frye) said that by unanimous consent they might be withdrawn, but Mr. Dietrich of Nebraska objected. The incident was closed without further comment.

The conference report on the permanent census bill was adopted. The senate agreed to the request of the house for a conference on the Philippine tariff bill, and Senators Lodge, Allison and Rawlins were named as the senate conferees.

EMPEROR WILLIAM
DISCOVERS AMERICAN GRIDDLE CAKES.

From the New York Herald.

That good old American buckwheat cakes, with maple syrup, can tickle an imperial palate is the latest discovery made by William II., of Germany.

The Emperor learned the appetizing qualities of American cookery during a visit to the new Hamburg-American yacht Princess Victoria Louise, to which, for the occasion, the noted chef of the crack steamer Deutschland, Herr Fahrenheim, had been transferred.

An American breakfast was prepared for the Emperor, which he liked so well that he stayed for another. His Majesty especially praised the buckwheat cakes, which he declared had proven extremely palatable, and finally sent his own chef to the Deutschland, where he took a two days' course in American cookery, during which, the Deutschland's chef says, he was taught how to make American buckwheat cakes and other typical American dishes.

The American buckwheat cake as served on the Deutschland, and which is to be hereafter a part of Emperor William's menu, is made in the following manner: Two cups of buckwheat, one cup of wheat flour, two tablespoons of Royal Baking Powder, one-half teaspoonful of salt, all sifted well together. Mix with milk into a thin batter and bake at once on a hot griddle.

YOU MUST USE
ROYAL BAKING POWDER

The Sale of the L Road Charters.

The festivities accompanying the gathering of editors in New York to meet Prince Henry appear to have had an unfortunate effect upon the editor of the Post, betraying him into the use of expressions which probably by this time he regrets. The grammatical construction of his comments also suffered, and the following statement made by him is rather cloudy:

> The people's rights and the sale of them so soon following the rebuke to the old ringsters in the recent city election, were such a shock to the sense of decency, right, honor and justice as to cause a certainty of feeling that the citizens have again received a gold brick for their honest efforts to rid the city of an unscrupulous, dishonest, hungry horde of grabbers.

Although "the people's rights" is the grammatical subject of the sentence, we presume that what was meant is that the sale of the elevated road franchises caused the shock referred to. The editor of the Post might have learned from his own paper that the sale did not take place "soon following the rebuke to the old ringsters in the recent city election," but took place before the election. It was purely a business transaction, and the idea that it implies any change in the policy of The Gazette is false, ridiculous and absurd.

The truth of the matter is simply this: The elevated railroad charters were taken out as a legitimate business enterprise, in the belief that Pittsburgh needed better transit facilities and that the undertaking would commend itself to public support. It was, however, at once dragged into politics and made a target of calumny. The rights of the public were carefully guarded, and special provision was made that property owners should be compensated for any damage done them, but it was represented to be a scheme of havoc and destruction. The promoters offered compensation to the city for any franchises conferred, and this innovation aroused furious resentment among the ring politicians, as the old, established practice in Pittsburgh is that all compensation for franchises must go to the ring and not to the public. The sale of the Mellon interests greatly reduced the attractiveness of the scheme as a business proposition, since the original expectation was that these lines would serve as feeders to the elevated system. The result was that the promoters of the enterprise had on their hands a business proposition of very doubtful value, and at the same time it was a cumbersome political entanglement.

For these reasons the charters were sold. The sale was purely a business transaction; no political bargains or agreements accompanied it, and the only political significance attaching to it is the incidental relief it gives to this paper. So far from implying a desertion of the cause of good government it puts us in a position to serve it more effectively, for it will no longer be possible to misrepresent our efforts as being in the interest of the elevated railroad syndicate.

The policy of The Gazette was plainly stated after the election. That statement was made after the sale of the elevated franchises and with a feeling of satisfaction that that connection had been dissolved and its hindrance to the efforts of The Gazette removed. We then said, and we reiterate now, that any party seeking the confidence of the community must adopt and carry out the following program of action:

A candidate for governor who has not been identified with the Stone administration.

A candidate for recorder who will be the representative of the people and not the representative of Gov. Stone.

The enactment of the reform legislation frustrated by Gov. Stone, so as to put back into the charter the securities against ring rule which he struck out; among them, the election of select branch by general ticket and the abolition of the delinquent tax collectorship.

No franchises for the use of the streets or other city property without compensation to the city in the form of a percentage of the receipts of the business based upon such franchises.

A redistribution of the wards so as to equalize representation.

The Business Situation.

The sudden break-up of winter and the accompanying storms have slightly restricted operations in some lines of business. The interruption caused by the prostration of telegraph lines was quite serious, but its effect was felt more in the stock market than elsewhere. Wall street has been dull and depressed, and in this respect furnishes a strong contrast to prevailing conditions in commercial and industrial circles. One year ago the stock market was in an unprecedented state of feverish activity and prices enjoyed an almost continuous advance. The speculative movement discounted the present situation in general business, and the reaction in security values now is natural and without special significance.

The developments in the iron market go to prove that the most experienced masters of the trade underestimated the consumptive demand of the country. Despite the fact that the production of iron and steel is at the maximum, it is not sufficient to satisfy the urgent demand of consumers, and as a result there have been additional orders placed abroad for steel. This unexpected demand from the United States has already had the effect of advancing prices in foreign markets from $4 to $5 a ton, and imparting a better tone to industrial affairs in England and Germany.

Additional proof of the improvement in the textile trade is furnished by the cotton manufacturers of Fall River voluntarily advancing wages from 7 to 10 per cent, bringing the average wage scale up to the highest level since 1892.

Some rather unusual movements have occurred in the money market. During the week $3,500,000 gold was exported from New York to Europe, making a total of $7,800,000 for the month of February. For the corresponding month in several immediately preceding years the United States has been an importer instead of an exporter of gold. Rates for money in New York, however, are below the parity of those in foreign money markets, which will partly account for the movement of specie at this season. The domestic monetary current also appears to be against New York at the moment, shipments of currency to the interior having been reported during the week. These shipments are probably due to the activity in general business throughout the country, but particularly at manufacturing centers, which calls for a larger use of money in making up payrolls and supplying the requirements of retail trade.

The Dams Should Be Completed.

The information from Washington that the congressional committee which looks after rivers and harbors is likely to omit the upper Ohio from the river and harbor bill should cause Pittsburgh to bestir itself. The completion of the locks and dams in this district is a matter of great importance, and the business interests of this community should not run the risk of depending solely upon the committee to make the requisite appropriations. The necessity of the work should be urged upon the committee, and upon members of congress from Western Pennsylvania. The lawmakers must not be allowed to absorb the idea that Pittsburgh does not care whether the rivers are improved or not. They are likely to get this idea if the river interests are apathetic about it. Eternal vigilance and frequent reminders are the price of appropriations.

Pittsburgh's Welcome to the Prince.

Pittsburgh will today waft a welcome to Prince Henry of Prussia, who is in this country as the representative of his brother, the emperor of Germany, and who will merely pause as he passes through the city. During his pause those who have the ceremonies in charge will see to it that every minute counts, and the distinguished traveler will pursue his journey with good wishes ringing in his ears.

When it is considered what he will miss it is surprising that Pittsburgh was omitted from the itinerary of the prince. Of all the cities to be visited not one excels Pittsburgh in points of material interest, and in none of them can be found so much industrial activity. The loss will be Prince Henry's.

Baraboo Kisses Come High.

The fact that there have been no market quotations on hugs and kisses for some time adds interest to the value set on these favors by a woman of Baraboo, Wis. She avers that a certain man hugged and kissed her three times without her consent, and asks for $15,000 in payment therefor. The charge is a very high one, and it is no wonder that the alleged debtor refuses to pay. Five thousand dollars a hug, even with a kiss on the side, is a preposterous price, and it is not likely that the court will sanction so exorbitant a figure for osculation.

It cannot be successfully maintained that Wisconsin kisses, even when stolen, are so much sweeter than kisses produced in other portions of the country as to command such a fancy figure. It is due the defendant in the case to say that he denies the allegation. He does not say that the plaintiff's kisses are not worth the price asked for them. He contents himself with denying that he received the goods. It would be very exasperating if he were compelled to pay $5,000 each for unkissed kisses, even though there is a poet's word for the theory that the unkissed kiss is the sweeter variety. But it is the high price of kisses and hugs in general, away off in Wisconsin, that agitates us. We'll wager that the plaintiff can't dispose of any more at that price.

The Passing of the Ice.

The ice gorges which had so long menaced life and property in the Allegheny valley have passed out with comparatively slight damage, and a sigh of relief has gone up from the districts that had been menaced. The great fields of ice had within them the possibilities of widespread destruction, but fortunately the weather conditions aided in gradual disintegration of the ice until the final break-up came. The smallness of the damage is due mainly to the foresight of those who had property interests at stake, and, profiting by warning and experience, removed their property, so far as possible, to places of safety. The ice that came down the river was of sufficient density to crush all craft in its path, but it had an unobstructed course and passed into the Ohio to be borne along to dissolution. There remains the prospect of the usual spring freshets, but there is satisfaction in the passing away of the ice gorges without the infliction of the damage that was feared.

But if Pittsburgh has escaped disaster there is serious trouble at other points. The loss of the Baltimore & Ohio bridge at Confluence is no inconsiderable manifestation of it.

The action of the Democratic city and county executive committees in indorsing George W. Guthrie for the Democratic nomination for governor and virtually pledging him the Allegheny county delegation to the state convention is notice to the Republican organization that the Democrats are bringing their strong men to the front. It will be a good thing for the Republican party to have a real opposition, and the enlistment of the Democrats under the Guthrie banner for the gubernatorial contest is a promise that the minority party is at least trying to gather itself together after a long period of demoralization. The moral tone of the Republican organization would be much more satisfactory had there been a healthy opposition to compel it to bring to the front its best men and live up to its high standards. Our orators are fond of speaking of it as the party of Lincoln, Grant and McKinley, and it must be so in fact as well as in name to retain the confidence of the people. It will do the Republican party no harm if the Democrats succeed in making a fair show of strength.

With liberal allowances of cracked ice and perfect rest it is thought the majority of the New York banqueters will come around all right in a few days.

It is a comfort to know that Prince Henry isn't the sort of man to go home and write about us in the magazines if things don't go to please him.

All the politicians of the Twenty-fourth congressional district are willing to leave it to the people, and no one has heard the people object. It's unanimous.

It is to be hoped that no one will take advantage of our engrossment with other things and run off with that Panama canal route.

Annapolis managed to pull off her thunder storm on time and now feels that her welcome was the finest so far accorded the prince.

Senator Brown stole a march on all competitors by annexing the New Castle Press club to his boom for lieutenant governor.

With its usual promptness New York has sprung the cash register accounts in connection with its recent hospitality.

If the people who assemble on the Grant boulevard don't see Prince Henry they will see Pittsburgh.

Mr. Tillman has a chance to write an interesting story under the title: "Dinners I Did Not Eat."

Our welcome, Prince Henry, is considerably deeper than your stay is long.

Admiral Bob Evans says it's different when he hunts ducks or goes fishing.

O'Donovan Rossa refuses to confirm reports of his approaching death.

The ice gorge hardly came up to the advance press work in its behalf.

Give the Germans a place away up front today.

The ice gorge left no regrets.

A NEW SCHEME TO RELIEVE THE BRIDGE CRUSH

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, Feb. 28.

While Brooklynites are getting stamped on, punched, shoved, sworn at, and having their clothes torn off their backs in the rushes at the Brooklyn bridge entrance in Manhattan, work on the new East river bridge goes calmly, if not swiftly, on, one-fourth of the whole number of cables have been strung and it is hoped all will be in place before the end of the summer. Now that Gustav Lindenthal has been stirring up the contractors with threats of enforcing fines there is a great deal of extra activity on the new bridge, as anyone can see. Six million dollars is not a large sum for the city to spend in abolishing the disgraceful scenes at the Manhattan terminal of the Brooklyn bridge in the evening crush hour. Gustav Lindenthal says he can remove the trouble at that figure. His plan is to buy the Staats Zeitung building, together with the entire block on which it stands, the other end of which faces on Chambers street. In addition to this he would pull down Andy Horn's and other ancient institutions sacred to Park row's denizens and take possession of an immense space of vacant ground for an extra terminal. The plan as given is an elaborate one, and it may never be carried out. Still, as Mr. Lindenthal has pointed out what should be done and tells what it will cost, it will be the city that is responsible if a fearful disaster should take place at the bridge entrance some afternoon. And it will unless some improvement is made.

The Old Tub Fools the Prophets.

Among the fleet of vessels anchored off the quarantine station waiting for wind and wave to go down so that the quarantine officers can get aboard is one that her crew declared to be unseaworthy before she began her voyage. She is the British ship Ems. When she was about to sail from Demerara the sailors said she was a leaky old tub which would not reach her journey's end, and they would not risk their lives in her; but the "old tub" did get through and in spite of some of the stiffest hurricanes ever known. Moreover she does not look much the worse for her experience. Another ship that lies off the station is the American bark Hiram Emery, from Bahia, which has been three weeks making her way from Delaware capes to New York. The mariners will have some salty old yarns to spin when they get to their favorite groggeries in Water or West streets.

Weather Troubles General.

The wind rose today and the rain has been at it since early morning. According to the official reports New York has no monopoly of the wet, blustery conditions. It seems to be general in the United States, and New Yorkers know that Pittsburgh is having its own troubles with gorges, floods, lost coalboats and other spring trimmings so uncomfortably familiar to ill-seasoned Pittsburghers.

Inscription May Confirm the Malady.

Over in Brooklyn is being erected a small but handsome building for the reception of persons suspected to be insane. They will be kept there a certain time for observation and removed thence to whatever destination their cases seem to require. The edifice is of Roman architecture and the date over the door is in the numerals employed by the Caesars. The date is 1901, but when it is sprung on you in this form, "MCMI.," you can hardly be blamed for spluttering a moment before you triumphantly translate it into modern figures. It is like that Latin inscription over the entrance to the Pittsburgh courthouse, which everyone seeing it for the first time feels obliged to struggle through and which has boomed business in the adjacent cafes more than any other single agency.

Debut of Roosevelt's Cousin.

President Roosevelt's cousin, Miss Cornelia Roosevelt Scovel, made her musical debut today at the Waldorf-Astoria. This is Lent, and all social functions have a dash of seriousness; but society was out in force to welcome this charming young daughter of Chevalier Scovel, the handsome tenor whom Pittsburgh as well as New York remembers so well. The recital was held in the grand ballroom, where the decorations for the dinner to the president of the United States in honor of Prince Henry on Wednesday evening were still in place. The great room was jammed with splendidly-dressed women who are the creme de la creme of metropolitan swelldom. Her costume is of Irish point lace over white crepe de chine, made with angel sleeves, and she wore a black picture hat that was a dream. She said after the concert that she would like to go into grand opera, but that as her family objected so strongly to the stage she should confine herself to chamber concert work. Her singing today was declared to be magnificent.

Hohenzollern Tars Strike a Snap.

The crew of the Hohenzollern had the time of their lives today. They were the guests of a brewery not far from the dock in which the ship lies. They were received with acclaim by the officers and employes of the institution and turned loose in the beer. It was served up to them in immense glasses of the good old German type, and the way the national beverage was poured into the able-bodied chaps from Germany was a caution. In course of time a generous luncheon was served, with more beer, and some of the crew declared, as they shook hands and kissed the cheeks of their hosts, that they would like to stay in New York for a year and visit the brewery every day. They went to Terrace Garden, N. Y., where there was a German concert and more beer. It is good to be a German tar, especially in New York on a junket.

Miss Crosman Makes a New Hit.

Henrietta Crosman, as Rosalind, has caught the town again, almost as strongly as she did in "Mistress Nell." She is giving a fine representation of "As You Like It" all the way through, in fact. Harry Woodruff has caused surprise by his excellent Orlando, and the verdict is that he is the best Orlando since Maurice Barrymore. "As You Like It" will be the bill at the Republic for some time to come.

Coroners a Superfluous Luxury.

By the indictment of Wisker, the engineer who ran his train into another in the New York city tunnel, the grand jury has given another jolt to the coroners of New York. The grand jury says Wisker is guilty of manslaughter, and a warrant was issued for his arrest at once. A coroner's jury exonerated him and laid the blame on the company. The grand jury takes exactly the opposite view, for it indicts Wisker and dismisses the complaint against the New York Central for maintaining a public nuisance. Jerome, the explosive district attorney, says the coroners are ludicrous and unnecessary, and he is in favor of abolishing the office altogether. Since the grand jury can undo the work of the coroner's office by a stroke of the pen in any case, perhaps there is something in Jerome's view. It was thought that the grand jury might reverse the decision of the coroner's jury in the case of the tunnel disaster, because Jerome and the coroners quarreled so bitterly at the time of the inquest, and the district attorney expressed his opinion of the coroners in general. What it will mean to Wisker, his trial will disclose. He will be released on bail and his counsel professes to be sure that he will be acquitted. It was supposed that the grand jury would take the action it has, and although Wisker cannot be sure what his jury will do, and he is in a state in intense nervousness tonight, he realizes that he is passing through an unavoidable routine. With it all the important subject of discussion among the politicians whose ambitions soar toward the dignity of a seat in the coroner's chair, is "shall coroners be abolished in New York?" They are a costly institution here, considering the work they accomplish, and that is a fact.

Morgan's Usual Spring Voyage.

Much curiosity has been expressed as to whether J. Pierpont Morgan would give up his usual spring trip to Europe this year. The doubt was set at rest in Wall street this afternoon by a declaration from the office of J. Pierpont Morgan that he will go at his regular time. He will go south very soon, but this will not interfere with his voyage across the Atlantic.

A Chance for the Indian.

Big-Chief-Not-Afraid-of-the-Footlights and his band of faithful followers, who will be copper-colored features of the coming Sportsmans' show, has accepted the invitation sent them by the Chorus Girls' association to be present at the annual carnival and ball to be held next Tuesday night at Tammany hall. Desire to see just how the aborigines will be affected by the dazzling loveliness of these merry maids will bring extra hundreds of the curious to the dance.

Dr. Woodbury Gets More Power.

Dr. Woodbury, street cleaning commissioner, was sworn in as a policeman today. He is a special officer for the mayor, and he was endowed with the powers of arrest at his own request. He thinks that if he can take some persons into custody he may be able to keep the streets cleaned. If it will have that effect he has waited too long for his brass buttons.

Police Race Discrimination.

Jerome, the district attorney, is angry over the enforcement of the excise law on Sundays. He declares that the police arrest only German saloonkeepers who break the law on Sundays, allowing the Irish rumsellers to go free. He threatens to indict every person he detects in making discrimination of this kind. He is fully aware of what race is in the majority in the "foorce."

Women Find Liquor, Sometimes.

A sight as rare in an American city as it is common in at least one great European capital shocked hundreds of people in the shopping district this morning. A fairly well-dressed woman with a parcel or two in her arms was fighting a policeman with the aimless obstinacy of maudlin intoxication. The policeman took her to the station as soon as possible, in very shame, and released her to go to a probably respectable home in the course of a few hours. Where did she get the liquor? If you know the ropes of the shopping district in New York you can get it, and without going into a saloon, either.

Rossa Far from Death's Door.

O'Donovan Rossa says he is not dead, and he seems mad at the very idea. He is still hammering out his thunderbolts against the British government in the office of his paper down in Vandewater street, where he talks dynamite as the solution of the quarrel between Irishmen and England with as much gusto as he did in the old days when his patriotism got him into jail. Men of the positive type of O'Donovan are not to be killed by a newspaper paragraph. He says it may be his son in the far west that is dying.

FIRST RENDITION A SUCCESS

Bach's Fugue in A Minor Delightfully Presented by the Pittsburgh Orchestra.

The concert by the Pittsburgh orchestra last night was unusually interesting, owing to the presentation for the first time in Pittsburgh of the great Bach fuge in A minor, arranged for orchestra by Helmesberger of Vienna. This opened the program and was followed by the Mozart G minor symphony, one of the most splendid compositions extant. It was very well played, the orchestra rising to the noble occasions of the music, with solid understanding and appreciation. In the second part of Vorspiel to "Lohengrin" was played, and this familiar and exquisite tone picture of Wagner's most poetic opera was so rapturously received that Mr. Herbert was forced to repeat the entire number.

The closing orchestral number, the second Hungarian rhapsody, was presented in better and more typical fashion than ever before in Pittsburgh. The strongly contrasting music, vivid with the brilliancy which gives List's music a heart-stirring quality under almost any phase, was powerfully rendered, ringing its measures with true Hungarian intensity, to the very end.

Lillian Blauvelt, the delicious American soprano, who reminds one irresistibly of a French bon bon, was the solist and sang all her music with the charming verve which is her characteristic. The first solo was "Sweet Bird," by Handel, with a flute obligato which so intermingles its measures with the vocal part that the composition may be called a duet for voice and flute. This solo, while not showy, the tender quality of her voice made apparent its clearness and flexibility, and the flute part, played ably by Paul Henneburg, the first flutist of the orchestra, widened the sweeter vocal tones to the best possible advantage.

Insistent applause compelled a repetition of part of the song.

In the second half of the concert, Mme. Blauvelt sang an aria from Lakme and the bolero from the Sicilian vespers, in which her voice showed to better advantage as to its musical quality than in either of the preceding numbers. An encore given was a dainty little Scotch song, charmingly rendered, finishing off the evening with an excellent impression of the singer. The program will be repeated this afternoon.

STOVER'S DAM BURST.

Lebanon Caught in An Unexpected Swirl of Waters.

LEBANON, PA., Feb. 28.—This city today experienced the worst flood in its history, and tonight the town is in darkness owing to the fact that the electric light has ceased operations and the gas works are flooded.

Hundreds of families are held prisoners in their houses, and boats and horses were in many instances used to rescue families from imperiled homes. The flood was caused by the bursting of Stover's dam.

PERSONALS.

Alpha chapter of the Phi Beta Pi fraternity held its annual banquet at the Hotel Henry last night. The chapter is composed of students of the West Penn Medical college, there being 40 active members and 200 alumni. The banquet was preceded by a musical entertainment and a stereopticon lecture by Paul Hunter, who was interpreter with the United States army in China. Richard Beehan was the toastmaster. The following toasts were responded to: "Watch Us Grow. Nuf Ced," Dr. Roscoe Evans; "The Physician and His Hobbies," Dr. W. H. Kirk; "Ladies," Dr. E. B. Heckel; "The Physician in Politics," Dr. J. P. Kerr; "The Physician in the Army," Dr. William Gray Miller, surgeon U. S. A. Dr. W. T. English recited an original poem in memory of the late Prof. J. D. Thomas. An interesting incident of the banquet was the presentation of a library valued at $10,000 and containing 2,500 volumes to the supreme chapter. The presentation speech was made by Dr. T. J. Kerr. The gift was made by Mrs. Thomas, the widow of Dr. Thomas of the South Side, in the name of her late husband, and was his private medical library.

George E. Green of Toronto, Canada, is registered at the Hotel Lincoln. He is the representative of a Japanese wall paper company, which has houses in Canada and the United States. "Japanese wall paper comes much higher than the American product," said Mr. Green. "The quality of the paper is much finer, it is more durable and the coloring more delicate than American wall paper. There is a good demand for the Japanese product."

Sylvester Scovel of Havana, Cuba, who gained much notoriety during the surrender of Santiago by striking Gen. Shafter, the commander of the American forces on the island, was registered yesterday at the Hotel Henry.

Neighbors Visiting Pittsburgh.

Registered at the leading hotels last night were the following friends and neighbors from nearby towns:

THE DEATH ROLL.

James A. Crawford.

NEW CASTLE, PA., Feb. 28.—James A. Crawford, aged 78, died at his home in this city today. He had been identified with the iron industry nearly all his life. Deceased was born in Norristown, Montgomery county, Pa., May 22, 1824. He came to this city in 1840, and on June 2, 1842, was united in marriage to Eliza A. Emory of this city, who survives. Also the following children: Joseph E. of Sharon, Alfred L. of New York, Walter A. of Cleveland, Louis N., Miss Carrie E. and Miss Maggie M., all of this city. Mr. Crawford was interested in the erection of the first blast furnace that was built in Pennsylvania west of Pittsburgh. Mr. Crawford was also interested in the construction of the first railroad ever built to this city, the New Castle & Beaver Valley, now owned by the Pennsylvania Company. He was interested in the iron industry in Terre Haute, Ind., St. Louis, Salem, O., Ashtabula and other plants. At the time of his death deceased was secretary and treasurer of the Nashville & Knoxville Railroad Company, and the Kimberly IronCompany.

The Rev. Hugh Hughes.

The Rev. Hugh Hughes, 57 years old, pastor of the Welsh Baptist church, Hanover and Petrel streets, Allegheny, died early yesterday morning at his home, No. 4 Refuge street, Allegheny. Mr. Hughes had been in failing health for several months and his death was caused by pneumonia. He had been pastor of the Allegheny church for the past 10 years. He was a native of Caernarvon, Wales, but had spent most of his life in the United States. He was well-known in church circles in the two cities, having preached from the pulpits of nearly all the Protestant denominations in this vicinity. Mr. Hughes was twice married. He is survived by his second wife and four children. The funeral services will be held tomorrow afternoon at 2:30 o'clock in the church of which he was pastor.

Forest J. Russell.

KALAMAZOO, MICH., Feb. 28.—Forest F. Russell, a member of the "A Runaway Girl" Company, who was injured in a wreck on the Grand Rapids & Indiana railroad near Decatur, Ind., last week, and who was brought here and taken to the Kalamazoo hospital, died today from his injuries. Mr. Russell, who was about 34 years of age, died before his wife had reached his bedside from St. Paul. It was thought at first that he was not seriously injured.

Joseph M. Grout.

SPRINGFIELD, ILL., Feb. 28.—Joseph M. Grout, one of the best-known railroad attorneys in Illinois, died at his home in this city today of paralysis, with which he was attacked February 21. He was 46 years old.

Obituary Notes.

Joseph M. Grant, aged 46, one of the best known railroad attorneys in Illinois, is dead at his home in Springfield, of paralysis.

Mrs. Rachel Braun, aged 88, and Mrs. Henry Ernest, aged 79, both of Warren, two of the oldest residents of Trumbull county, O., died yesterday.

George W. Steck, 55 years old, a roll turner at the South Side mills of Jones & Laughlins, limited, is dead at his home, No. 2411 Larkins alley, South Side.

Thomas D. Jones, 34 years old, is dead at his home, No. 2105 Sidney street, South Side, after an illness of almost a year. He is survived by his wife and one child.

William Strahley, 41 years old, is dead at his home, No. 6336 Shakespeare street, East End. He was a member of the firm of C. Strahley & Sons, of 6301 Penn avenue.

Forest F. Russell, a member of "A Runaway Girl" company, injured in a railroad wreck near Decatur, Ind., last week, is dead of his injuries at a Kalamazoo hospital.

Mrs. John Oskin, 40 years old, died early yesterday morning of heart disease at her home in Camp avenue, Braddock. She was a member of the First Methodist Episcopal church, Braddock.

John Callahan, 58 years old, a well-known South Side saloon keeper, died early yesterday morning at his home, No. 49 North Fifteenth street. His wife and several children survive him.

Charles Rennert, 58 years old, died yesterday morning at his home, No. 119 Third avenue, Homestead, from dropsy. He had been a resident of Homestead for the past four years, and is survived by his wife and four children.

Mrs. Eliza Hicks, familiarly known as "Grandmother" Hicks, is dead at her home in Cumberland. Years ago during a smallpox epidemic in that city, she distinguished herself by nursing patients. During the railroad strike of 1877 she provided soup houses and thereby improvished herself, as she furnished much food for which she never received any recompense.

Maj. Ellis D. Phipps, former superintendent of the Philadelphia almshouse, a veteran of the civil war, is dead at his home in Philadelphia, of apoplexy, aged 60 years. He served during the war as second lieutenant of the Twelfth New Jersey volunteers. After the war he was brevetted major for gallantry. On the last day of his term as superintendent of the almshouse he was arrested for embezzling city funds and became a fugitive from justice. He was rearrested at Hamilton, Ont., on the charge of forgery and served a sentence of five years.

Woodward Jury Now Out.

MEADVILLE, PA., Feb. 28.—(Special.)—When court opened this morning Attorney Ray, counsel for Frank Woodward, stated that the defense would offer no evidence. He submitted several legal points which were argued by himself and ex-Judge Henderson. He was followed by Mr. Ray. After dinner Judge Thomas delivered the charge to the jury, who retired at 3:05 and are still out. In his pleas Mr. Ray virtually admitted that Woodward was present at the killing of McGrath, and devoted his efforts toward a second degree verdict.

THE MAN UP A TREE

From a High Viewpoint.

Good morning, reception committee! Have you got your German accent on straight?

Well, if Pittsburgh won't see much of Prince Henry, Prince Henry won't see much of Pittsburgh.

Hail March! Where is that lion-like aspect with which you are wont to enter?

Perhaps it's just as well that February only had 28 days.

The Herr Prinz's frequent visits to Washington are over for awhile.

When ice gorges break away, the river fronts expect to get soaked.

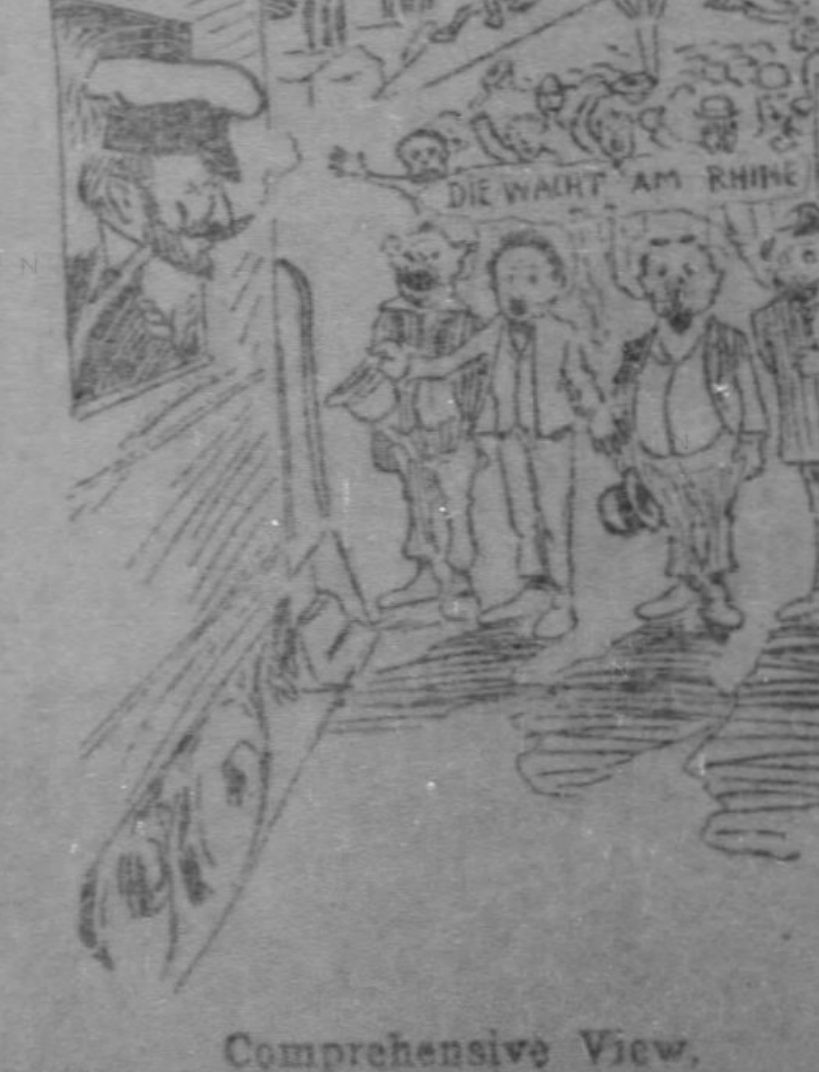
The senate should at least require Benjamin Ryan Tillman to check his pitchfork with the doorkeeper.

The Allegheny river presented moving scenes as the ice passed along.

Up to last night Prince Henry had experienced samples of all the varieties of American weather in the shop, from blizzards to thunder and lightning. He must have absorbed mingled ideas of our versatile climate.

The Pittsburgh public may cling to the sides of the precipices along the Grant boulevard to watch the prince's train go by; or, if more convenient, they can dangle from airships.

Spring poets will be unable to restrain themselves now that the bock beer sign has butted in.



Comprehensive View.

"And this is Pittsburgh!" remarks Prince Henry to himself, as he surveys the landscape from the car window in Union station.

That's It.

"Well," said Mr. Wood to Mr. Smithfield, "You know what the watchword is today, of course?"

"No; I don't know what the watchword is today," replied Mr. Smithfield. "What is it?"

"The Watch By the Rhine."

A Common Error.

"It's a mistake," remarked the careful man, "to refer to the kaiser as the emperor of Germany, but it is an error into which a great many persons have fallen of late."

"If he isn't the emperor of Germany, what is he?" demanded the other man. "Do you mean to tell me that he is the emperor of Switzerland or the president of Austria?"

"Not at all, sir. Far from it. Notwithstanding your levity I will impart some information to you. The direction of the military and political affairs of the German empire is vested in the king of Prussia, who, in this capacity bears the title of Deutscher Kaiser. There is a wide difference of significance between the title of emperor of Germany, which does not exist, and that of German emperor, the correct designation. Think it over!"

POINT BREEZE.

JOHNSTOWN IS AGAIN SWAMPED BY RAGING TIDE

Continued from First Page.

among the people, who are intensely excited. At 9:30 the Conemaugh was receding and the Stony Creek was reported at a standstill. At 9 o'clock, however, a very heavy downpour of rain began and is still progressing. Telephone and telegraphic communication to all points in the mountains is paralyzed and reports of conditions there are unobtainable.

PITTSBURGH DIVISION OF THE B. & O. IS TIED UP.

Steel Bridge at Confluence Carried Away and Heavy Washouts Reported Elsewhere.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONFLUENCE, PA., Feb. 28.—The Baltimore & Ohio steel bridge, on the Pittsburgh division, at this place, was washed out tonight by the flood, with 10 loaded steel cars with which it was weighted.

This, with the heavy washouts at Fairhope and Hyndman means the tieing up of this division. The Baltimore & Ohio officials at midnight say the situation is bad with the water three feet on the tracks at St. Johns Run, 50 miles below here, and rising a foot an hour. Fear is expressed for the South branch, Pattersons Creek and North Branch bridges, which are weighted down.

CUMBERLAND IN DARKNESS.

Loss of Life Is Anticipated When Full Extent of Flood Is Known.

CUMBERLAND, MD., Feb. 28.—(Special.)—The city in total darkness, the greater portion of it submerged, and a thunder storm prevailing, is the situation here at a late hour tonight, coupled with the fact that every railroad centering here is tied up and telephone and telegraph connections crippled.

A heavy rain, which commenced to fall early this morning, caused Wills creek to flood the town, until tonight the houses along Mechanic, Center and the greater portion of Baltimore street are partially under water. To add to the situation an ice gorge broke away at Bayard, W. Va., and is coming this way. It is 15 feet high and three miles long. The town of Gorman, 50 miles north, is reported to have been drowned out. The Potomac river is the highest ever known. The homes of a dozen families living on an island in the southern portion of the city are entirely under water and the people are camped on the hillside. All the bridges on the Cumberland & Pennsylvania are gone.

The Pittsburgh division of the Baltimore & Ohio has suffered greatly. The towns of Hyndman and Glencoe, Pa., are reported as being flooded with eight feet of water.

The loss to property will be heavy and it is feared that tomorrow will bring news of great loss of life. All the railroad bridges in this section are crippled or washed out. The Georges creek mining valley is completely flooded.

SCHUYLKILL ON A TEAR.

B. & O. Trains Knocked Out at Philadelphia and Wharves Are Submerged.

PHILADELPHIA, Feb. 28. — The Schuylkill river through this city rose rapidly tonight and both the east and west banks are under water from Fairmount park to the Delaware river, into which the Schuylkill empties. Scores of wharves are three feet under water and considerable damage will result.

The Baltimore & Ohio railroad had to abandon its service over the main line on the eastern shore, as the tracks are covered with water from Fairmount park to Wharton street, a distance of two miles. At the city depot, Twenty-fourth and Chestnut streets, the tracks are three feet under water and the lower waiting room had nine inches of water on the floor at 11 o'clock tonight.

All trains on this road are being run from the Sixth street station, in the southwestern part of West Philadelphia. The through trains are being sent over the Junction railroad, which runs along the west bank of the Schuylkill, just out of reach of the flood. The Delaware extension of the Pennsylvania railroad, on the west bank of the Schuylkill, used only for freight traffic, is also inundated. The water is still rising at 11 o'clock tonight.

CLOUDBURST AT HARRISBURG

Washouts Along the Pennsylvania Railroad and Several Landslides from Mountains.

HARRISBURG, PA., Feb. 28.—A serious flood again threatens Harrisburg. The river now stands at 10 feet 10 inches, which is higher than at any time this week. The rain today has prevailed generally throughout the country. Early this morning the rain came down in Harrisburg with almost the force and rapidity of a cloudburst.

A number of washouts are reported along the line of the Pennsylvania railroad between Harrisburg and Pittsburgh, principally along the Pittsburgh division. On the middle division of the Pennsylvania railroad there has been little delay to trains on account of the high water, although there have been a few landslides.

Owing to the high water in the Cumberland valley along the Philadelph Harrisburg & Pittsburgh railroad, trains on that road were annulled tod and it is likely that traffic on this l will be closed for several days. At ma points along the line tracks have be washed away and many landslides ha occurred.

ANXIETY AT LANCASTER.

Pennsylvania Bridge Is Weight Down and Conestoga on a Rampage.

LANCASTER, PA., Feb. 28.—The co dition of the Susquehanna is practical unchanged tonight. The ice, however, piled high in places and is within t feet of the bottom of the Pennsylvar railroad bridge. The great mass of jammed against the upper sides of t bridge still towers from eight to 10 fe above its floor. This evening loaded freig cars were run on the bridge to give additional weight.

The water at 7:30 o'clock had rise foot since 4 o'clock this afternoon. Mu anxiety has been caused by the rep that heavy flood waters are now comi down the river. It has been raining hea ly all day in this section and the strea are greatly swollen. The Conestoga again on the rampage. It is emptying great volume of water against the ri gorge at Safe Harbor and the back wa has covered that entire town to a de of several feet. Residents have moved the second stories or fled to higher la It is still impossible to telephone do the river and the exact state of affa there tonight cannot be learned.

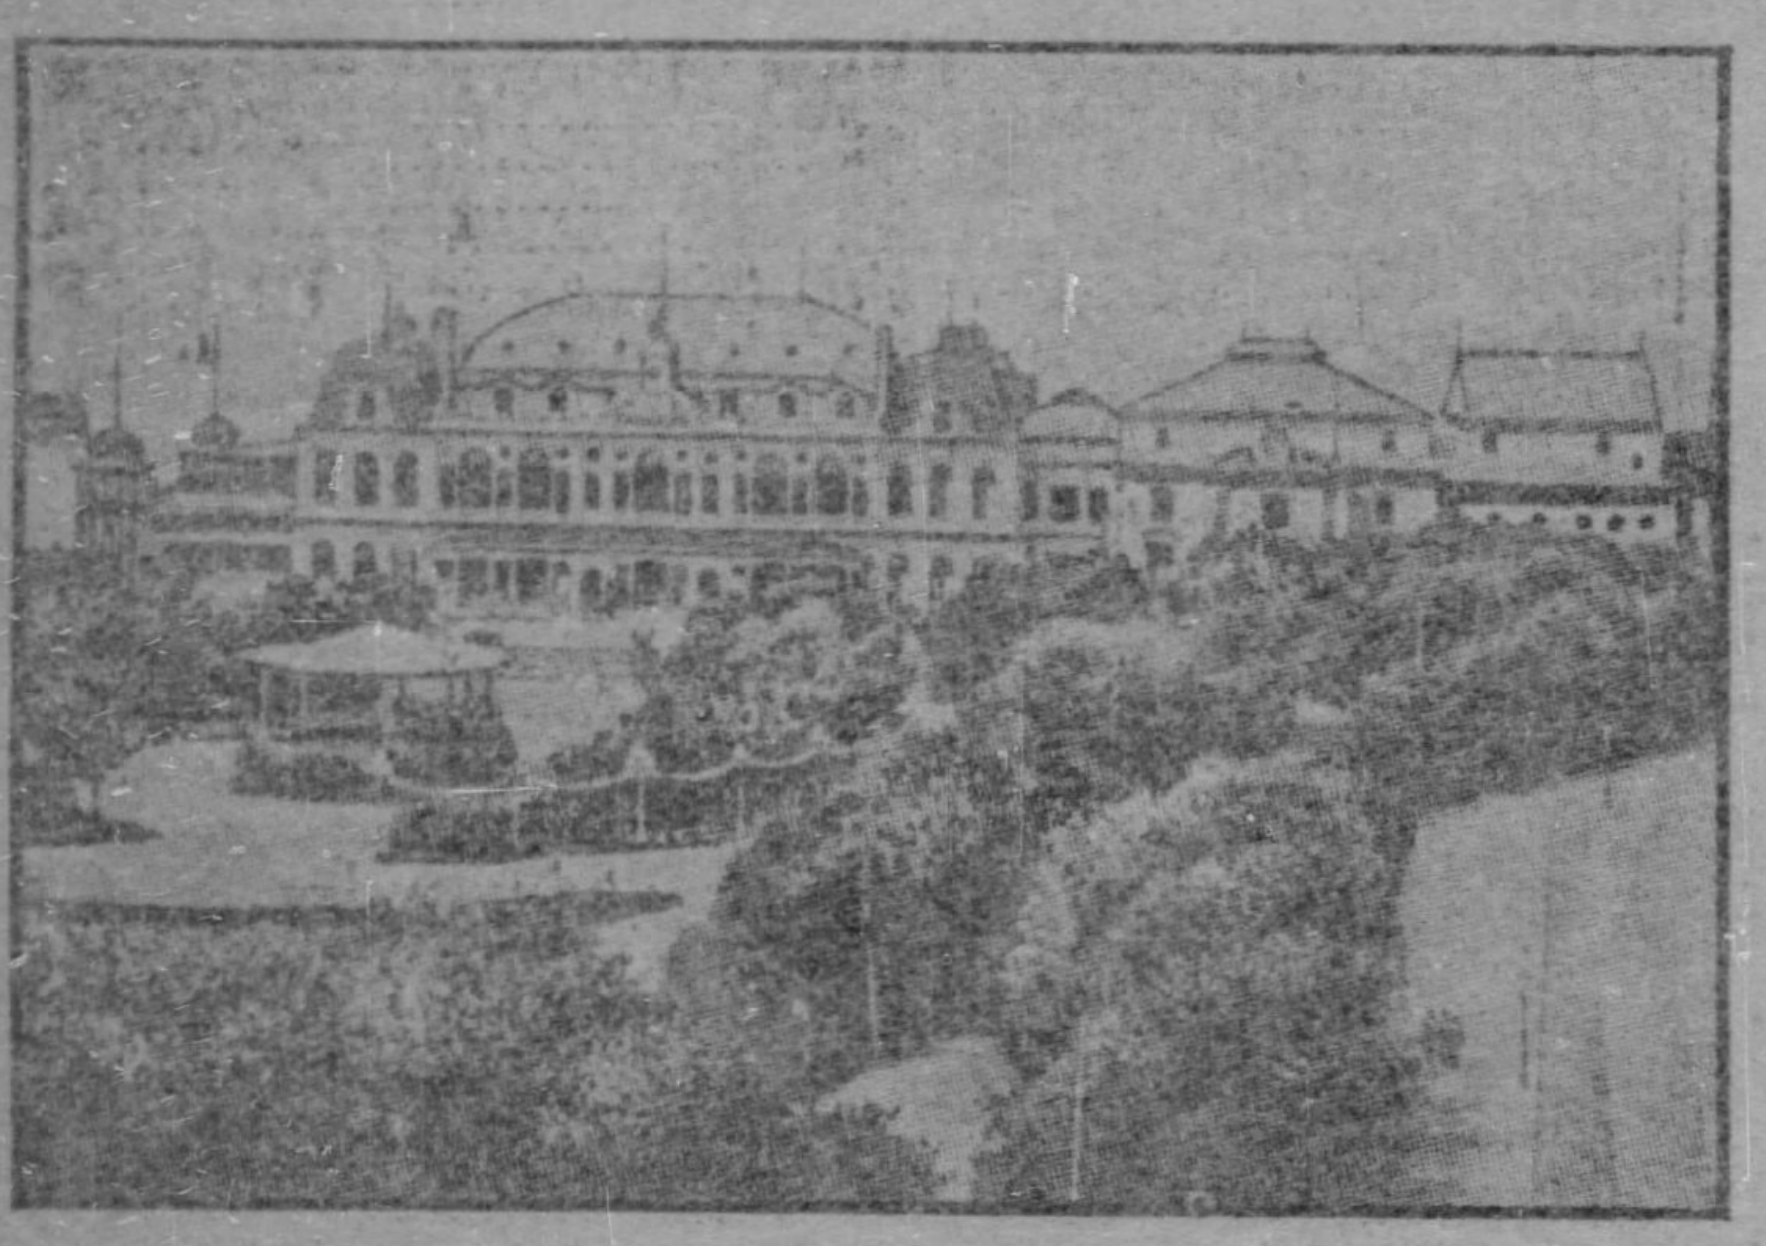
SPLENDID BEACH MAKES POPULAR SEASIDE RESORT

Boulogne Is Favorite With Parisians for Summer Pleasure.

VERY INTERESTING PLACE

Ancient Cathedral and Ramparts of Roman Conquest Era—Names of Some New Candidates in the Voting Contest.

On one of the routes from Paris to London is Boulogne-sur-Mer. This is a popular seaside resort and bathing place. It is also a port of call for one of the great trans-Atlantic steamship lines. It is east of Dieppe and between Amiens and Calais. The city has a population of about 50,000 and is at the mouth of the Liane river, being famous many years ago as a fishing port. The beach is one of the best on the coast of France.



THE CASINO, BOULOGNE-SUR-MER, FRANCE.

This Famous Seaside Resort May Be Visited as a Side Trip by Teachers Who Tour Europe as Guests of The Pittsburgh Gazette and Chronicle Telegraph.

The casino is a large elegant building in the immediate vicinity of the beach. It contains a hydropathic establishment, swimming baths, gymnasium, shooting galleries, fencing rooms, and the like. Concerts are given daily. Boulogne is also noted for a castle or chateau built in the thirteenth century; the City hall belfry of the same century and its Cathedral of Notre Dame of the seventh century, having a magnificent dome and ancient crypt. The ancient ramparts retain traces of Roman origin.

The teachers who tour Europe under the liberal arrangements made by The Pittsburgh Gazette and Chronicle Telegraph may visit this resort if any desire to cut off a part of the time devoted to Paris in order to see the French at the seaside.

The following new candidates have been voted for since the last list of names was was published:

Laura Hileman, Somerset, Somerset county, Pa.

Anna Flouton, Verona school, Allegheny.

Mr. Snyder, Groveton school, Allegheny county.

Ivy Laing, Sierrett school, Pittsburgh.

Ballot is printed on second page each issue and attention is directed to conditions printed thereon.

LEMARE WILL GIVE HIS FIRST RECITALS

Programs for Tonight and Tomorrow Promise Treats to Music Lovers of the City.

The first official recital of Pittsburgh's new city organist, Edwin Lemare, occurs tonight at Carnegie music hall, and musical interest for the week concentrates on the event.

The warmth of the social reception accorded him is an index of the appreciation awaiting his work, and in the first recital tonight there is a particularly widespread and vivid interest. His program differs in construction and matter from those made familiar by Mr. Archer. There are few of the orchestral transcriptions, which were familiar in the Archer programs, and the list is made up from a more purely organ standard.

Wagner's Kaiser-Marsch will open the first program, giving a modern dignity at once to the makeup. A Bach Fugue, one of the greatest left by the master of the fugue, is also programed, and two numbers from Charles Marie Widor, the eminent French organist, come later. A composition of Lemare's is set between the Wagner and Bach numbers. It is a Pastorale in E major.

After the intermission "Die Antwort," companion piece to "Der Frage," by Wolstenholme, will be played, coupled with Bossi's Etude Symphonique. Anton Dvorak's overture in A major, "Carneval," is the last number, and preceding it an "Improvisation" is marked.

For Sunday the list is similar in makeup, the first part opening with Hollins' Overture in C major, following with an Allegretto Grazioso, from a serenade for string orchestra, by Robert Fuchs, and including "Cantilene Nuptiale" and "Toccata," by Theodore Dubois. This part closes with the familiar and beautiful ...spiel to the third act of "Lohengrin," ...h the wedding music, which is perhaps ...e best known of all the Wagner compositions. A Bach prelude and Fugue, an improvisation and Mendelssohn's overture ... C major, written for concert band, ...ake up the remainder of the program.

The improvisations will probably prove ... deepest interest to the music lovers ... the transcriptions, scattered among ... purely organ music, will give the life ... contrast necessary to an entertain...nt prepared for the general public.

Society.

CIRCULARS will be issued early next week announcing the formation of a new patriotic society in Pennsylvania. It is the Order of the Dames of the Loyal Legion. Membership in this new society will be hedged about to such an extent that it will be as limited in character as the Society of the Colonial Dames and almost as much so as the Mary Washington Memorial association.

The Order of the Dames of the Loyal Legion is similar in its purpose to the Military Order of the Loyal Legion, though it has not sought affiliation with the older society. It aims in its own way to promote the same spirit of patriotism that inspires the Companions of the Military order. Membership in the new order will be confined to the wives and widows of officers in the civil war, their daughters and the daughters of the descendants of the officers, these officers being the Companions of the Military Order of the Loyal Legion or eligible to membership in it. The original society, and so far, the only society of the Dames, is the Illinois State society. Pittsburgh women hope to make the Pennsylvania State society the second formed.

The originator of the order was Mrs. Ella Thomas Hapeman of Ottawa, Ill., wife of Lieut. Col. Douglass Hapeman, One Hundred and Fourth Illinois infantry, and brevet colonel, United States volunteers. Mrs. Hapeman is anxious to organize a society here, and the circulars to be issued next week will probably be in her name, though Pittsburgh women who are eligible to the order are promoting interest in the matter.

The Illinois society will act as the society in chief until May, 1904. By that time it is hoped that other state societies will have been formed, and the organization of a society in chief will have been effected. Should any eligible descendant of a member of the order decline membership, the member may designate her successor, provided the lineal descent from the officer in the civil war through whom she herself acquired membership is preserved.

The Order of the Dames of the Loyal Legion has a specially designed insignia that it very artistic. The obverse shows a gold cross of eight points, cantoned with rays of gold, forming a star. Its long diameter is nearly one and a third inches, the short diameter being scarcely one inch. In the center of the design within a circle of one-half an inch in diameter a rosette is displayed in colors of red, white and blue. On the circle and enameled in blue, in relief, is the legend: Dames of the Loyal Legion. The reverse shows an engraved number, corresponding to that of the registered number of the certificate of the member to whom it is issued. A rule to be rigidly adhered to is the alteration or addition to the insignia of no jewels, inscriptions or other devices.

For its seal the order has a wreath of laurel and a hemisphere crowned with a shield. Upon it stands an American eagle in defense and above the eagle the legend, United States of America. The letters MDCCCXCIX are at the base, and the whole is encircled with a band which reads, Seal of the Order of Dames of the Loyal Legion.

Graduation of Servants.

The service department of the Domestic Arts association has sent out invitations for the graduation exercises of the senior class of the School of Domestic Arts next Thursday morning, at 10:30 o'clock, at the school, Forbes and Halket streets. The graduating class includes Mary J. Edwards, Katie Linehan, Annie Limpert, Rose Mooney, Ella Wilson and Henrietta Windsor.

The school, founded some months ago for the thorough training of girls for domestic service, is reported to be in a flourishing condition and with the pupils it now has and others enrolled for future classes it hopes to graduate a class of 10 girls at regular intervals of five or six months. After a month of probation the applicant is received as a pupil and receives careful instruction in all departments of domestic service. The expense of the course for five months, including tuition, board, lodging, light and heat, is $50. Students unable to meet this expense and who can bring satisfactory testimonials may receive the course of training without charge, on agreeing to pay into the treasury of the school after graduating one-half of their wages for the first two months in service.

Club Lectures and Classes.

The Twentieth Century club has issued its regular monthly bulletin for March, the classes and lectures to be conducted at the Twentieth Century club house in Duquesne Way. The bulletin is as follows:

Current Topics—Monday mornings at 11 o'clock.

French—Thursday mornings; intermediate class at 10 o'clock; advanced class at 11 o'clock.

Lectures—Wednesday afternoon, March 5, at 3 o'clock, Mrs. Kate Ockleston Lippa, subject, "Preludes and Pictures." Lecture and piano recital, with original interpretative sketches. Wednesday morning, March 12, 10:30 o'clock, "The Domestic Arts Association in 1902," speakers, Mrs. J. L. Lewis, Mrs. E. H. Anderson, Mrs. G. C. Burgwin, Mrs. L. C. Barnes, Miss Eck, Miss Belcher; Wednesday morning, March 19, at 11 o'clock, lecture by J. Leonard Levy, rabbi, subject, "Modern Judaism."

Whist—Thursday afternoons at 2 o'clock. Tea at 4:30 o'clock.

Interesting Musical Events.

Mme. Kate Lippa will give one of her interesting lecture recitals at the Twentieth Century club next Wednesday afternoon. Her subject will be "Preludes and Pictures," and the recital will be given at 3 o'clock.

Yesterday afternoon a very enjoyable recital was conducted at the Thurston Preparatory school in Shady avenue. It was Mr. E. N. Bilbies' second violin recital. He was assisted by Miss Alice K. Snider, contralto, and William Oetting, pianist.

On next Monday evening, March 3, Edward G. Smith will give a song recital at the Carter Conservatory in South Highland avenue. He will be assisted by Miss Olive A. Beach, soprano, and Miss Maud Kulp, pianist.

Yesterday's Card Parties.

Mrs. William A. Nimick entertained last evening at her home in Fifth avenue, Oakland, the entertainment being the third and last in a series of card parties Mrs. Nimick has been giving this week.

Mrs. George Landes Wheeler gave a pretty card party yesterday afternoon, her guests of honor being a recent bride, Mrs. J. Howard McFeely, who was formerly Miss Ada Weakley of Dayton, O., and Miss Schoellkopf of Buffalo.

Cards constituted the entertainment offered yesterday afternoon and evening by Miss Horton, who entertained at her home in St. Clair street, East End.

Mozart Club Concert.

For the performance of the Bach Passion music March 18 by the Mozart club the following quartet has been engaged: Soprano, Mrs. Jessica de Wolfe; contralto, Mrs. Tirzah Hamlen Ruland; tenor, Nicholas Douty, and baritone, Gwilym Miles. The soprano and contralto are new to Pittsburgh, but not to eastern audiences, and their success in Bach and similar works led to their engagement for this performance. Mr. Douty and Mr. Miles need no introduction, as their previous appearances have established their reputation.

Luncheon and Euchre.

Mrs. Sallie Cook of Philadelphia was the honor guest at a very delightful impromptu euchre, given by Mrs. George Philip Goodwin, at the East End hotel, Thursday evening. A very pleasant game was followed by a dainty luncheon served by the hotel management. Mrs. Cook left for her home the following morning, taking with her the head prize of the evening, as the result of her prowess with the cards.

Notes of Society.

The Western University Glee club gave a concert last evening in Dilworth hall, Pennsylvania College for Women. An informal reception in the college parlors followed the concert.

Miss Kate C. McKnight has issued a call for the first meeting of the Permanent Civic committee, arrangements for which were made at the meeting of the club presidents in January. The meeting will be held next Wednesday morning, March 5, at 10:30 o'clock, at the Twentieth Century club.

The card committee of the Keystone Bicycle club has issued invitations for a progressive euchre which will be held at the club house in Howe street on Monday evening, March 3. Playing will continue from 8:30 until 11, when the winners of a set of handsome prizes will be determined.

Dr. Shallenburg of Rochester will give a theater party numbering 75 people to see "The Adventures of Lady Ursula" at the Grand Opera House next Wednesday evening, when he will bring his guests in a special train from Rochester. The party is in honor of Miss Sarah Truax, leading lady of the Grand, who was a guest at Dr. Shallenburg's home last Sunday.

The Woman's Press club will give a theater party Thursday afternoon, occupying the lower boxes at the Grand to see "The Adventures of Lady Ursula." The party is given in compliment to Miss Sarah Truax, who was the honor guest at the banquet recently given by the club at the Hotel Lincoln.

An interesting pupils' recital was given at the rooms of the Pittsburgh Conservatory of Music, in the Hostetter building in Fourth avenue, yesterday afternoon. The program was presented by Misses Lydia Goodwin, Belle Murphy, Duska Muder, Essie Gillespie, Eloise Peck, Beatrice Laufman, Esther Davis, Georgia Holmes, Aesa Ellis and Pearl Day.

Col. William J. Bryan lectures on Monday night in Carnegie hall, Allegheny, for the benefit of Kingsley House.

Miss Ethel Skiles has been engaged as solo soprano at Christ Presbyterian Episcopal church, Allegheny, and R. M. Sherrard, another pupil of James Stephen Martin, has accepted a position as solo bass in the Park Avenue Presbyterian church, East End.

The members of the Pi Gamma Phi, a non-collegiate fraternity of the East End, will give a banquet Saturday evening, March 15, at Kuhn's cafe. The principal toasts will be responded to by H. D. W. English and William Robbins, for the honorary members and Samuel J. Reno for the fraternity. Frank R. Fortune will act as toastmaster. Covers will be laid for 30.

TWO CHURCHES ARE READY FOR CONSECRATION

Dedicatory Services Will Be Held at Greenfield and Hays Station.

A PASTOR'S ANNIVERSARY

The Rev. J. A. Maxwell of the First Baptist Church, McKeesport, Has Completed Six Years of Service. Subjects for Sunday's Sermons.

Two new churches will be dedicated to the worship of God tomorrow morning; the Greenfield Presbyterian church and the First Methodist Episcopal church of Hays station, recently completed at a cost of $8,000. The Rev. James E. Williams is pastor of the church and has also charge of the Anne Ashley church in Homestead. The dedication service will be at 10:30, Dr. Thomas N. Boyle preaching the dedicatory sermon. The following ministers will assist: The Revs. W. C. Weaver, M. Blaine Lytle, G. H. Flinn. Dr. Charles W. Smith, editor of the Pittsburgh Christian Advocate, will preach in the evening.

The Greenfield Presbyterian church cost $10,000. The Rev. G. E. Sehlbrede is pastor. There will be special services all day tomorrow. At 11 o'clock the Rev. Dr. W. W. Farris of Anna, Ill., will preach the dedicatory sermon. Dr. Farris was formerly pastor of the Hazelwood church. In the afternoon the Rev. Matthew B. Riddle of the Western Theological seminary will deliver an address. Dr. Richard S. Holmes of Shadyside church will preach in the evening. The Greenfield church started as a mission of the Hazelwood Presbyterian church in 1895. The present organization was formed in 1897 with 81 members. Mr. Shelbrede was called shortly after. The membership is now 250, sustaining an active Sunday school and several young people's societies.

The Rev. J. A. Maxwell of the First Baptist church, McKeesport, celebrates the sixth anniversary of his pastorate in that city tomorrow. Special services will be held in the morning. The Rev. L. C. Barnes of the Fourth Avenue Baptist church will preach a series of sermons during the month of March on helps for young manhood. Tomorrow he will preach the sixth of his series of morning sermons on "Essentials of Christian Life." In the Smithfield Street Methodist Episcopal church the Rev. W. H. W. Rees, pastor, a sacred concert will be given tomorrow night. Such selections as "I Know That My Redeemer Liveth," "The Lost Chord," "Hark, Hark, My Soul," will be sung by vocalists of repute.

The subjects of the pastors' sermons in the various churches are worthy of note. With few exceptions the pastors will preach on Jesus Christ, each of them taking a varied phase of His life. The Rev. Maitland Alexander, for instance, speaks in the First Presbyterian church on "Jesus Christ, the Man of Sorrows." Other notable subjects of this phase are "Christ and Man," "The Simplicity of Christ," "Jesus, the All Beautiful."

A SENSIBLE MAN

Would use Kemp's Balsam for the Throat and Lungs. It is curing more Coughs, Colds, Asthma, Bronchitis, Croup and all Throat and Lung Troubles, than any other medicine. The proprietor has authorized any druggist to give you a Sample Bottle Free to convince you of the merit of this great remedy. Price 25c and 50c.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Overlooked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain or ill fitting glasses, all produce headaches, and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter.

However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat; when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headaches.

There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, a new internal remedy in tablet form, composed of antiseptics like eucalyptol, guaiacol and blood root, which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and eulogizes Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headache and pain in and back of the eyes, at times so intensely as to incapacitate me in my daily duties. I had suffered from catarrh, more or less for years, but never thought it was the cause of my headaches, but finally became convinced that such was the case, because the headaches were always worse whenever I had a cold or fresh attack of catarrh.

"Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure, and after using a few fifty-cent boxes which I procured from my druggist, I was surprised and delighted to find that both the catarrh and headaches had gone for good."

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine (found in so many catarrh cures), no opium (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome antiseptics necessary to destroy and drive from the system the germs of catarrhal disease.

TO CHANGE FREIGHT TRACK

Ordinance Introduced Giving Pennsylvania Railroad Permission to Make Alteration.

An ordinance was introduced in city councils yesterday providing the right for the Pennsylvania railroad to occupy a part of Liberty avenue, near Twelfth street, with a track.

Robert Pitcairn, resident assistant to the president of the Pennsylvania railroad, said last evening that the purpose of the ordinance is to carry out a plan conceived first by E. M. Bigelow, formerly director of public works, to make access to the Union station from the street cars easier. The scheme is to have the cross-over of the street-car tracks and the Duquesne freight track removed from its present location, near Eleventh street, farther east to a point near Twelfth street. To do this, Mr. Pitcairn explains, an ordinance will be necessary. The ordinance has no bearing upon any other plan of the Pennsylvania, he says.

ON THE BRINK OF ETERNITY

A Desperate Case of Consumption Snatched from the Jaws of Death.

That consumption and lung disease can be positively cured even after an advanced and dangerous stage has been reached, the following absolutely authentic case will prove:

Out at 422 West Eighteenth Street, Erie, Pa., Mr. Otto Matties conducts a cigar and newsstand. In reply to a question regarding his wife, he said: "Right after Christmas my wife was stricken down with grip, and kept getting worse. I called in our physician, one of the best doctors in town, he gave her some medicine but it didn't do any good. She got worse and the disease settled on her lungs. Every day she kept getting weaker and an abcess formed on her left lung, which made her cough dreadfully. She got bed-sore and for two whole months never took a mouthful of food. We kept her alive on medicine and brandy. Finally she got to having sinking spells and I called in other doctors; one of them said she couldn't live for two days and was past help. Another told me that the left lung was covered with a hard substance and was dead and that she couldn't survive long.

"I here spoke up and said, 'Here's Kessler out here who makes that Mizpah Cure for weak lungs and consumption. Do you mind if I give her some of that?' 'No,' they said, 'you can give her that, it won't do her any harm. You can give it to her between times while giving her other medicine.'

"I went to Kessler, got a bottle of his medicine and commenced to give it to her. It seemed to help her and in two days I quit giving her the doctor's medicine.

"Well, sir, in three days after she began taking the Mizpah Cure she asked for something to eat. Mr. Kessler told me it was a good symptom, and to give her a little food, not much. We did so and she began to improve. Her cough was terrible and she raised large quantities of mucus from her lungs. I had to use carbolic acid and chlorate of lime constantly to keep the room habitable. It is now less than three months since she began taking Mizpah Cure, and she doesn't cough a bit.

"I had her out for a drive today, and she walks nicely and is all right with the exception of being a little weak. The doctors examined her lungs recently and say that the left lung, what is left of it, is alive and in good working condition. After she showed signs of renewed life, the doctors kept coming to see her every day for three weeks and finally admitted that Mr. Kessler's medicine was a good thing."

This is no isolated case. Mizpah Cure has saved thousands from an untimely grave. It is a positive cure for Consumption, Bronchitis, Catarrh, Asthma, Grip, Coughs, Colds, Sore Throat, Weak Lungs and all disorders of the air passages. Ask your druggist for Mizpah Cure; price 50c. and $1.00, or write to Henry Kessler, sole proprietor, 436 West 18th St., Erie, Pa.

SECRETS REVEALED AT LAST

Hypnotists of India, Africa, Russia, Germany, England, the United States and Other Countries Unite to Divulge Secrets of Hypnotism and Personal Magnetism Never Before Laid Bare

Authorize the Free Distribution of a Book That Contains the Result of Their Investigations.

Startling Methods of Mind Control, Long Lost Secrets of a Wonderful Science Given by Renowned Scientists for the First Time to the Public.

The Weird Methods of the Masters of the Old World and the Practical Tests of Eminent Hypnotists of the New Are Found Side by Side in This Exhaustive Treatise.

One Edition Will Be Distributed Absolutely Free in the United States—A Noted Educational Institution Appointed to Direct the Free Distribution.

DR. JUAN ANTIGA, Mexico City, Mex.
DR. DEZSO NAGY, Budapest, Hungary.
PAUL P. SHEKERJIAN, Caucasus, Russia.
MANUEL A. BRAW, Santiago de las Vegas, Cuba.
J. D. PAGE, Bathurst, Australia.

The veil of mystery has been lifted from hypnotism at last. Eminent scientists from every country in the civilized world have recently combined and published a book that explains the marvelous power for infinite good that may be exerted through this wonderful science. Pastmasters in hypnotism from the ends of the earth have contributed their secret processes to this remarkable volume and are lending their aid to its free distribution.

The book explains secret methods in Personal Magnetism and hypnotism never before made public. It tells how to use the power in every day life, in business, politics, society, love; in the cure of diseases and bad habits, and the relief of suffering; in the training of actors, authors, singers and orators; to inspire love and affection and restore lost confidence. It reveals and explains infallible methods of influencing people in the waking state without their knowledge; of swaying the minds of audiences and becoming a power among men.

It exposes secret methods used in the accumulation of wealth, it tells how the Morgans and the Rockefellers of the world have used these powers for their own ends and have jealously guarded the secret of their success.

It establishes the fact that Personal Magnetism is a potent influence that all possess, and explains the law by which it may be developed. It tells in language that a child can understand how to master Personal Magnetism, and sway the minds of men.

Read what eminent doctors, lawyers, teachers and diplomats who have the book say:

Dr. Juan Artiga, Mexico City, Mexico, says:—It is a valuable work for those who would become initiated into these mysteries.

Dr. Dezso Nagy, Budapest, Hungary, says:—Through this work I was able to heal, in a short time, about 1,000 individuals of different classes. I have saved time, study and money through it.

Paul P. Shekerjian, Port Restante, Caucasus, Russia, says:—It is difficult to find words to express my sincere and heartfelt thanks for the knowledge I obtained from this work. I am astonished at my own success in influencing people in the waking state.

Reginald H. Smith, No. 81 Thompson Rd., Langley, England, says:—This knowledge is a fortune to anyone just starting in life. I would not be without it for one thousand pounds.

Shankar Benari, Pishin, Beluchistan, India, says:—You will be glad to learn that through the knowledge obtained from the book I received a lift in my service which I continue to enjoy.

J. D. Page, Bathurst, Australia, writes:—I have found the knowledge of great value in business. It has given me greater power than I have ever had before.

Manuel A. Braw, Santiago de las Vegas, Cuba, says:—Hypnotism is a great science. Its greatness and usefulness is limitless. It is destined to take the place of drugs as an anaesthetic in dental and practical surgery.

Thousands of such letters from prominent men in the United States who owe their success to this wonderful book will be sent to all who send for the book.

The title of the book is "The Philosophy of Personal Influence," and the New York Institute of Science, Rochester, N. Y., has been selected by representative hypnotists of these countries to distribute an edition of it absolutely free in the United States. It will cost you nothing if you write today; if you delay you will not be able to secure a copy at any price. The book is now ready for distribution. If you want a copy address:—

Championship Belongs to Keystone Team

KEYSTONE TEAM HAS CLINCHED CHAMPIONSHIP

Last Night's Clever Victory Over Banker Seven Settles the Race.

CLOSELY PLAYED CONTEST

Both the Teams Were Out in Full Strength, but Keystone Showed the Best Team Work and Secured the Victory—Was Cleanly Played.

Standing of the Teams.

	Played.	Won.	Lost.	Pct.
Keystone	13	9	4	.692
P. A. C.	12	6	6	.500
Bankers	13	4	9	.308

The Keystone hockey team won the championship of the Western Pennsylvania league last night at Duquesne garden before a wildly enthusiastic crowd in one of the most spirited games of the season, the final score being close at 5 to 3, in spite of the handicap which the Bankers suffered in the absence of Richardson, their crack goalkeeper. Kahle, the local boy, was before the net, but inexperienced as he was he could not hope to offset the advantage which the leaders had in Hern at the other end of the rink. The game was one of the cleanest of the season, not a player being benched.

Though there was one goal scored by Campbell for the Bankers which the goal judge missed by not having his lamps trimmed, there is no question but that the Bicycle Club team, which has led the league for so long, won the game and the season's honors on the merit of better all-round play.

A Desperately Fought Game.

Though the money handlers played desperately in an effort to keep the race open for the P. A. C. former champions, and though Howard played one of the most brilliant games of hockey ever seen on the Pittsburgh ice, the new champions had the dollar marks outclassed when it came to team play and passing, and were able to make five shots for the net where the defeated stick handlers made one.

That more of these did not count is due to the stubborn defense game of the losers and the remarkable manner in which Howard managed to be wherever needed, whether offensively or defensively. Henderson played one of his best games at point and stopped many hard shots, and Phymister broke up play after play.

Strong Trio Could Not Count.

Howard, Taylor and Campbell should have formed a trio able to cope with anything in the Keystone's forward line, but there was a lack of team play, and miscues in passing which may be largely accounted for on the long absence of Howard from the game. A team which has been broken up for weeks cannot get down to combination work in a single night, however, and the spectators realized last night what the Bankers might have been with Howard in the game throughout the season.

The crowd was enthusiastic to the limit, and more noise than the hoots, cat-calls, cheers and groans offered could hardly have been held beneath even the extensive roofs of Duquesne garden. It was a decidedly partial crowd, both the Banker supporters and those of the P. A. C. cheering every rush of the losers and exulting over any weakening of the leaders.

First Half Was Close.

The Bankers started off with a rush, and during most of the first half it was anybody's game. Eighteen minutes after the start Taylor got the puck in, but the whistle had blown for off-side play and there were groans and hoots from the crowd. Russell officiated impartially, but any decision against the Bankers was unpopular last night. A minute later Peel, by the prettiest kind of nursing, carried the puck out around a bunch of skaters, and when Kahle's skate sent the shot out Morrison jabbed it in for the first goal. Four minutes later Howard scored on a beautiful long, hard shot from the left.

Morrison, whose broken thumb was worrying him, retired in favor of Young. Six minutes later Sixsmith's shot was blocked and Young made the score 2 to 1 by pushing the puck in from a lively scrimmage, and following it head first into the net in his anxiety to make sure that it would not come out again.

Keystone Forged Ahead.

The start of the second was in favor of Keystone, and the score mounted to 5 to 1 before the Bankers could count another. Sixsmith made it 3 to 1 on a pass from Young three minutes after the start, and two minutes later he scored another. Five minutes later Morphy took the puck down all the way from point and scored a beautiful 25-yard shot straight through the Banker's defense.

Campbell's shot struck a few inches back of one of the iron side bars, but the judge failed to see it, and the referee failed to penalize Keystone for Hern's breach of the rules in throwing it out with his hand. A few seconds later, as if in judgment, Hill scored unaided. Howard scored the last goal on a pretty play. During the last part of the half the Bankers had braced up and were forcing the play on Keystone's ice. A move of the leaders to kill time by passing back of the net was unpopular with the crowd. Score and lineup:

Keystone—5.		Bankers—3.
ern	Goal	Kahle
orphy	Point	Henderson
ush	Cover Point	Phymister
ixsmith	Center	Campbell
orrison and Young	Forward	Taylor
eel	Left Wing	Howard
eatcote	Right Wing	Hill

Referee—Russell. Goal judges—Garrett and Kallenberger. Goals—Howard 2, Sixsmith 2, Young, Morphy, Morrison 1.

DUFFY HAS A GRIEVANCE.

Says He Has Not Been Treated Right by American League.

BOSTON, MASS., Feb. 28.—(Special.)—Hugh Duffy has a grievance against President Johnson and the Killileas of Milwaukee. He says he was promised the business management of the Boston American league club, together with the privileges on the Huntington avenue grounds. Shortly after he heard the Killileas had secured control of the Boston club he met Matt in Chicago and intimated he would like to have the business management of the Boston club. Killilea said he could have it. Duffy says he then talked with President Johnson, who told him he would rather see Duffy get it than anybody else. Since that time Duffy has refused several offers to play, expecting he would be engaged, until Hugh Gavin appeared on the scene as business manager and awarded the privileges for next season. Duffy says he intends to play ball next season, but is not yet decided where he will go.

BOTH TEAMS ARE READY TO BATTLE

D. C. & A. C. AND STEUBENVILLE WILL CONTEST TONIGHT.

Red and Black Team Will Be Handicapped by Loss of Some of the Stars. Honus Wagner Will Play Guard for Duquesne.

On the eve of one of the most important contests in the team's history the Duquesne basketball aggregation is having plenty of hard luck and Steubenville should stand the best chance it ever had to down the red and black on a home floor.

Duquesne's hard luck started with the last game played with Steubenville at Steubenville where Nickel was injured so severely that he has been confined to the house under the doctor's care ever since, and it is stated will be unable to take part in tonight's game at Old City hall. Then came the injury of John Seibel at Beaver Falls on Monday night, and the mainstay of the red and black was forbidden to practice by the doctor's orders on Friday night. He has been spitting blood and it is feared has been injured internally.

The hardest blow of all for Duquesne was the losing of "Batch" Marthens, the captain of the team and one of the strongest players in Western Pennsylvania. His play attracted the attention of the crack teams in the east and he left several days ago to look into an offer made by the Bristol National league five. Honus Wagner will take Seibel's place in tonight's game. Additional seats have been erected in Old City hall and a great crowd is expected tonight. The teams will line up as follows:

D. C. & A. C.		Steubenville.
Rosser	R. F.	Gaughn
Fitch	L. F.	Needham
Sanar	Center	Hamilton
Orth	R. G.	Houser
Wagner	L. G.	Burns

Officials—Dougherty of Indiana, Haddock of Allegheny.

HONORS FOR GROTH.

Proved Himself to Be Wup's Best Gymnast—Warne Was a Good Second.

A gymnastic contest was held in the gymnasium of the Western University of Pennsylvania yesterday afternoon to determine who is the best all-round gymnast and also which men are best in each event. The contest was very well attended and much enthusiasm and jokes were indulged in.

The meet was won by Herman Groth, a senior medical student, with 71 points. His work was characterized by his perfect form and the graceful way in which he did all his tricks was greatly admired by the students. Warne came second with 40 points. He would undoubtedly have done better if his right arm had not been disabled in the second event. Prof. N. A. Shetter, physical director of Sandyside academy, officiated. The separate events were won as follows:

Club swinging—W. S. Worcester, '03, first; H. Groth, second.

Flying rings—H. Groth, med., '02, first; Warne, second.

Side horse—H. Groth, first; Warne, '03, second.

Long horse—H. Groth, first, Warne, '03, second.

Horizontal bar—H. Groth, first; Warne, second.

Tumbling—W. C. Worcester, '03, first; Warne, '03, second.

GLAD TO GET A RACE.

Lester Wilson Wants to Meet Otto Maya on Pittsburgh's New Track.

Lester Wilson, the star Pittsburgh professional, stated last night that he was willing to ride Otto Maya on any suitable track and at whatever distances they might agree upon. As Maya had accepted his challenge issued last Sunday through The Gazette, Wilson said all there was left was the arranging of details and that he was now negotiating for peace, inasmuch as Maya proposed paced events exclusively.

Wilson said almost any time would suit him and that Maya's stipulation of some date after May 15 was satisfactory. When questioned as to holding the races here, Wilson said nothing would suit him better than Decoration day or some time early in June, provided the proposed bicycle track in Allegheny was finished by that time.

DOWN TO SOLID WORK.

Fitzsimmons Starts Training for His Fight With Jeffries.

NEW YORK, Feb. 28.—(Special.)—Bob Fitzsimmons returned from Chicago yesterday and at once began regular training at Bath Beach for his fight with Jim Jeffries. Fitz has engaged Fred Fleck's pavilion as training quarters. The large room has been fitted up as a gymnasium, giving Fitz ample room for his work.

Yesterday Fitzsimmons did some road work, punched the bag and skipped the rope, winding up with a fast, three-round bout with Gus Ruhlin. No love taps were exchanged between the big fellows. In the third round, during a hot rally, Ruhlin landed on Fitz's nose and tapped his "claret." The sting caused Lanky Bob to wind up the round with a fusillade of swings and jabs.

From the pugilistic viewpoint Fitzsimmons' quarters are ideal. They are equipped with every conceivable muscle producing apparatus, and, moreover, are more commodious than those of the lesser lights of Fistiana.

One room is given entirely to his punching bag, which is suspended from a portable steel tube frame, and is about twice as fast in action as the average bag.

The walls of another room are lined with dumb bells, swinging clubs and various styles of weight machines. One end of this room is cleared for boxing bouts, while the opposite end is covered with an immense mattress fully 25 feet square and about 3 inches in depth, on which Fitzsimmons may wrestle to his heart's content.

On the floor above and connected by a private stairway is a rubbing room, with several comfortable cots, on which the fighter may lie as he is kneaded and dried by one of his hard-working trainers.

Basketball Notes.

Yeager threw 10 goals for Bellefield against North Side. Harry is fast rounding into old-time form.

Manchester and the Voegtly Cadets are slated to play the closing game of the Junior league. It will be played at Masonic hall, Allegheny.

Schaus, the most popular player in Western Pennsylvania, is setting a fast pace this year. Chris has them all beat when it comes to pocketing the ball.

Carnegie Steel will attempt to stop the victorious march of the Manchester boys at the latters' hall next Monday evening. Roth's boys are eager for the fray.

The Lyceum Jrs. and the Voegtly Cadets will play the preliminary at Old City hall this evening, where the Ohio champions meet the D. C. & A. C. The Cadets expect to make things lively for the Lyceum boys.

DeMuth, the clever little player of the Carnegie Steel Juniors, who sustained an injury to his arm February 14, is still out of the game nursing the crippled member. It is not likely that he will be able to play again this season.

Carnegie Steel and Lyceum juniors are scheduled to play a league game at the Lyceum next Tuesday evening. The last time these teams met Carnegie had a walkover. Lyceum is looking for revenge now, so keep an eye open for flying fur.

The Junior league closes on March 14. At present the South Side boys are in the lead, and say they are going to hold it. Manchester claims consideration and promises to make things interesting for Evan Roberts' boys when the teams clash on March 10.

The Manchester team has been meeting with such remarkable success in its games with junior teams that the lower Allegheny people have now demanded that some of the big teams be brought along. Accordingly, Manager Roth has closed with Bellefield to play at Manchester on March 17.

Amateur Notes.

The Fayette City baseball team has organized for the season of 1902 and would like to arrange games with all amateur teams in Western Pennsylvania. Address all communications to Robert Roy, Sr., manager, Fayette City, Pa.

The Boquets have organized for the season, with W. F. Prichard manager and H. H. Boyd secretary and treasurer. The team will be composed of the following players: Shragg, Sunderland, Morse, Davies, Prichard, Ingold, Boyd, Clark, Johns and Campbell. All 17 and 18-year teams desiring games address Manager, 35 Wilmot Square, city.

TOUGH DAY FOR THE FAVORITES AT OAKLAND

Only Two of Them Succeeded in Getting Past Judges in First Place

HONORS FOR RANSCH

He Piloted Three Winners During the Afternoon on a Heavy Track. Sir Douglass Could Not Go the Distance.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, Feb. 28.—Favorites fared badly at Oakland today, only two of them getting home in front. The weather was fine, but the track was still heavy. Ransch carried off the riding honors by landing three winners. Jackson was first past the judges twice. Sir Douglas was a pronounced favorite for the first race, but after racing with Edinborough, he stopped and the second choice won easily. Prestano, a 3 to 5 shot, was beaten a neck by Kildoe in the last event. The California Derby, at a mile and a quarter, with a value of $3,000, will be the feature of the program tomorrow. Summaries:

WILL MEET THE STARS.

Keystone Seven Will Play Phelan's Team.

Pittsburghers will have another chance to see the local aggregation of All Stars, who hold the honor of being the first team in the United States to defeat Queens College. It was arranged last night for the Keystone champions and the All Stars to meet the week of March 9, though the exact night has not yet been settled upon.

Upon the visit of the famous Queens team here the All Stars defeated them in the opening game and Keystone in the final contest, the two being the only teams in the United States that have ever accomplished the trick. Walter Phelan is captain-manager of the All Stars and Harry Stoebener, Bert Russell, John Hall, Joe Steen, Lawrence Riddle and Harry Edwards the other members.

DENIED BY JOHNSON.

Says Cincinnati Was Not Even Considered by American League.

CHICAGO, Feb. 28.—(Special.)—President Johnson today quieted recent rumors regarding the American league's expected invasion of Cincinnati by making the statement that Brush's town had never been seriously considered.

"There is no truth in the published statement that I have been talking with Brush over the telephone, and that Cincinnati would soon be announced as a member of our league," said Johnson. "We have never seriously considered Cincinnati for the American league circuit."

MISSING MINUTES ARE MADE PUBLIC

ANDREW FREEDMAN'S SPEECH GIVEN OUT BY COL. ROGERS.

Shows That the New York Man Both Favored and Pushed the Trust Scheme. He Thought It Was a Great Scheme for Baseball.

[SPECIAL TELEGRAM TO THE GAZETTE.]

PHILADELPHIA, PA., Feb. 28.—A few weeks ago, when the minutes of the annual meeting of the National league were published, Col. Rogers complained of certain omissions, the most important of which was the speech by Mr. Freedman explaining an important part of the "trust scheme," namely, the institution of a board of control with the right to license club owners, club managers, umpires and players.

It has since been explained that the omission was due to a misunderstanding of the stenographer who supposed he had the right to omit what he deemed irrelevant discussion for the purpose of cutting down his bill. He has since supplied the following to Mr. Young, who has sent a copy to each club, and which Col. Rogers made public today. Mr. Freedman's actual remarks, verbatim, on December 12, were as follows:

Sorry It Was Not Sprung Sooner.

Mr. Freedman—There is no desire on my part to withhold any of this information, for I wish you all had known it a year ago—I did as much as I could for the last year to bring this matter up—and did not wait until the last moment to formulate some plan or adopt some idea to help us out of this condition we are in today. I saw that it was not a good condition to come into the league absolutely unsettled and unadvised about what the league's action was to be at this time. I think there has been great neglect; I think there has been almost criminal neglect in allowing this matter to drag along until this late date. This was important enough to have been done a long time ago. I spoke to you (indicating), I told you, at the Waldorf hotel that we ought to get together about our new agreement. I spoke to Mr. Brush, I spoke to Mr. Robinson, I spoke to Mr. Soden, I spoke to Mr. Dreyfuss——.

Mr. Dreyfuss—I don't remember your speaking to me about this.

Mr. Freedman—I refer to some plan, not to this, because that had not been considered at that time. If the gentlemen who have not seen this new plan desire to familiarize themselves with it tonight, I think it is only right to let them have the paper and let them go over it; but do not be prejudiced in your opinions by reason of not understanding what the full plan contemplates. I am perfectly satisfied; I don't own this plan. I don't want to stay here until 1 o'clock in the morning. I have other work beside this and I don't want to stay up any later tonight. I know that when this comes into discussion that every feature of this plan needs argument and discussion to convince. To show it needs some explanation, for instance—this whole plan has been copied, as I understand it, from what has been the salvation of racing in this country.

After telling of the success of the jockey club and telling its well-known working plan, Mr. Freedman concluded as follows:

Andy Gave Out the Plans.

This plan that is proposed is following the lines of this racing situation, which today cannot be criticised by the papers, which would put us in a position that we could not be criticised because they have all indorsed the one thing, and they must indorse the other. It has brought the relief that they wanted, and would bring the same relief to us so that this is not an experiment. It is the simple ideas, the universal ideas that have been tried by other men in a far more important venture than ours, where one plant is worth more than our whole baseball combination of wealth—the West Chester park alone cost over $2,000,000. It has been demonstrated to have been a success, and yet at the time they started this board of control, this board of stewards, there was not a property of all their racing property that paid a dollar. There is nothing, as I have said before, in this that is new. It has all been tried. It is simply a review of their best features. If you gentlemen want to see this agreement, this document—as I say, I am not the custodian of it, read it and go over it and look at its different features, and come back and let us discuss it tomorrow. I think that is perfectly fair.

Will Hold a Basketball Carnival.

There will be three exciting games of basketball at Odd Fellows' hall, South Side, tonight. The first will be between the South Side third team and the fast little Manchester third team, and it promises to be one of the best on the program, as the same feeling of rivalry exists as between the South Side Junior league champions and the Manchester teams. The second game will be between the South Side Reserves and the St. Aloysius team for the second team championship of the South Side. The final game, between the South Side Junior league champions and the All-Star Junior league team, promises to be a fierce one to wind up the evening. The Sewickley team canceled with the South Side boys for no apparent reason whatever, but the team which line up against the Junior league champions will be stronger than the Sewickley team and will probably give the South Side boys one of the hardest games of their career, as the picked team will have some of the very best junior players in their lineup.

Another Victory for Hoppe.

Little Willie Hoppe, the boy billiard wonder, scored an easy victory over J. J. Jack at the Great Northern rooms yesterday, as the following score will show:

Hoppe—4, 0, 1, 4, 0, 26, 1, 0, 8, 5, 12, 11, 3, 0, 37, 46, 3, 0, 0, 9, 2, 3, 28, 0, 2, 16, 17, 2, 3, 5, 1, 1—250. High run, 46. Average, 8 2-31.

J. J. Jack—0, 5, 3, 1, 0, 2, 9, 4, 1, 0, 4, 1, 17, 4, 8, 2, 1, 4, 5, 1, 2, 3, 0, 1, 1, 8, 4, 4, 0, 0—98. High run, 17. Average, 3 5-31.

Words of Praise for Dreyfuss.

Harry Fullerton, the Chicago baseball expert, writing to Sporting News, says: "Game little Barney Dreyfuss is standing the gaff like a good fellow. There were those who predicted that Barney would fly the pit the minute he felt the gaffs and flop over to the other side. Now little Barney (may baseball bless his memory!) is out with a statement that he would rather play semi-professional ball against the Butler (Pa.) team than to join an eigh-club league with Brush and Freedman in power. Good for Barney!"

"Tot" Murphy Will Coach Columbia.

NEW YORK, Feb. 28.—Columbia's baseball team has engaged William H. Murphy as coach for this season. He is a graduate of Yale, where he played on the nine for four years. For two years he was a member of the New York N. L. team, for the same period Pennsylvania baseball coach, and for the last three years football, baseball and track coach at Leland Stanford, Jr., university of California.

THE ALLEGHENY RIVER IGNORED BY COMMITTEE

Not Likely to Get Anything from Congress in the Way of New Works.

LOCAL PEOPLE TO BLAME

Neglected to Take Advantage of the Hearings Offered by Congressmen in Charge of the River and Harbor Bill.

THE PITTSBURGH GAZETTE BUREAU,
603 Fifteenth St., N. W.,
WASHINGTON, D. C., Feb. 28.

The house committee on rivers and harbors practically has completed the river and harbor appropriation bill and expects to make it public tomorrow. While none of the members will divulge the exact appropriations for the various improvements it is said the appropriations for Pittsburgh and vicinity will be satisfactory to the representatives interested.

It is known that the committee has authorized appropriations for completing the work on dams Nos. 1, 2, 3, 4, 5 and 6 on the Ohio river, but has declined to authorize the construction of dam No. 7, which Senator Quay is advocating; but the senator will have this item inserted when the bill reaches the senate.

For the Monongahela river liberal appropriations have been made for the work on the old dams, but it cannot be ascertained whether the item containing the appropriation for dams Nos. 2 and 5 also authorizes their relocation as recommended by Capt. Sibert.

An appropriation for the harbor of Pittsburgh, amounting to $10,000, is in the bill.

For the Ohio river below dam No. 6 it is known that appropriations have been made for the new dams at East Liverpool and Steubenville, and for continuing the work on the dam at Marietta. As Representatives Dovener, Tayler and Gill have expressed themselves satisfied with the action of the committee it is probable that the appropriations are for round sums.

The bill probably will carry an item authorizing a board of five engineer officers to make a thorough inspection and report on the need of Pittsburgh and vicinity, as recommended by Capts. Dravo and Rogers when they were here on Wednesday.

As nearly as can be ascertained the Allegheny river was practically ignored so far as further improvement is concerned. This was because of the indifference shown by the officers of the Allegheny River Improvement association. Three times the committee arranged for a hearing for these officers, but they failed to put in an appearance, and the indifference disgusted the representatives interested in the welfare of the commerce of the river.

A few local items have been left out of the bill, as the members of the committee were satisfied that they would be inserted in the senate by Senators Quay and Penrose, Elkin and Scott.

NATIONAL BANKING NEWS.

New Institution for Zelienople—Call for Reports.

WASHINGTON, D. C., Feb. 28.—(Special.)—The comptroller of the currency has authorized the First National bank of Zelienople, Pa., to commence business on $50,000 capital, and with the following officers: G. D. Swain, president; William G. Gelback, cashier.

The comptroller has approved of the selection of the Hanover National bank of New York as a reserve agent for the First National bank of Sheradan, Pa.

The comptroller of the currency has issued a call for reports on the condition of national banks at the close of business Tuesday, February 25.

SOME CLERICAL CHANGES.

A Number of Pennsylvania and Ohio People in Luck.

WASHINGTON, D. C., Feb. 28.—(Special.)—Charles F. Sponsler of Pennsylvania has been appointed to a $1,500 position under the treasury department.

The following promotions have been announced in that department: F. F. Weld, Pennsylvania, $900 to $1,200 a year; Harry H. Hulbert and William E. Sands, Pennsylvania, $1,000 to $1,200; Frank C. Larrimore, Ohio, $840 to $900; Carney M. Layne, Ohio, $720 to $900; Mrs. I. L. Bardwell, Pennsylvania, $660 to $720; Miss E. G. Schofield and Miss Carrie Harrigan of Pennsylvania, and Miss C. B. Knight and Miss F. R. Harris of Ohio, $636 to $720; Miss K. V. Scheyer, Mrs. F. L. Shelmire and Mrs. M. A. Brown and Miss Agnes F. Leckie, Pennsylvania, $548 to $660; Albert J. Cullen and Hugh J. Farley, Pennsylvania, $1,252 to $1,400.

HOUSE BREAKS A RECORD.

Passes 159 Pension Bills in a Little Over Three Hours—Census Bill Goes to President.

WASHINGTON, D. C., Feb. 28.—The house today broke all records in the matter of private pension legislation, clearing the calendar and passing 159 bills in a little over three hours.

The conference report on the permanent census bill was adopted and the bill now goes to the president.

A resolution for printing 3,500 copies of the proceedings of the Schley court of inquiry was adopted after having been amended to include "the findings of the court, Admiral Dewey's opinion, Admiral Schley's appeal to the president and the president's decision thereon."

The reports on the contested election cases of J. McKenzie Moss vs. John S. Rhea, from the Third Kentucky district, which was in favor of the Republican contestant, and of M. D. Spears vs. John S. Burnett, from the Seventh Alabama district, which was in favor of the sitting member, a Democrat, were reported and placed upon the calendar.

INDEPENDENCE MAY 1.

That Is the Date Tentatively Fixed for Uncle Sam to Quit Cuba.

WASHINGTON, D. C., Feb. 28.—The cabinet was in session three hours today, and nearly all of the time was consumed in the discussion of Cuban matters. The secretary of war has received a cable from Gen. Wood, officially informing him that an election has been held in Cuba under the constitution and that certain officials have been elected to office.

This brought up the question of how and when this government should retire from Cuba. May 1 has been tentatively fixed upon for the inauguration of the new officials. This, however, is subject to change. After the new government has been inaugurated this government will negotiate with the Cuban government treaties of various kinds, which will provide for the time when the American troops are to be withdrawn from the island and the government turned over to the Cubans.

Heed the Warning Signs

There are thousands of people in this large city suffering from some form of catarrh of the nose and throat, ears, bronchial tubes, lungs or stomach, and either from neglect or ignorance of the serious nature of this trouble, are getting in a dangerous condition. Procrastination is a serious offense against nature. Severe bronchial trouble this month means lung consumption next month. Will you let a few dollars stand between you and health?

LUNGS EXAMINED FREE.

Patient Inhaling the New Treatment for Consumption, Bronchitis, Asthma and Old Pneumonia.

Premonitory Symptoms.

Doctors Byers and Tucker want to reach every person in this community who may be suffering with

A chronic cough.
Weak and languid feeling.
Nasty taste in mouth in morning.
Variable appetite.
Dull, heavy headache.
Nostrils and throat filled with mucus,
Causing hawking and blowing to dislodge.
Impaired digestion.
Wandering pains through chest and between shoulders.
Gradual decline in strength and flesh.

These are forerunners of Catarrhal Consumption, and in this stage distinctly curable.

If persons afflicted as above could only see the physical wrecks that Doctors Byers and Tucker come in contact with every day of their professional lives, the result of neglected catarrh, they would not view with indifference these premonitory symptoms. The careless and indifferent patient with such symptoms, who turns away after reading this with the remark: "Oh, this is only a medical advertisement," is the anxious and importunate patient a few months later who begs and prays that something be done for him. It is hard to turn such a sufferer away with the cold and chilling words: "I can do nothing for you in this stage," but in the light of the warning that Doctors Byers and Tucker have repeatedly published, the patient has only himself to blame.

Secondary or Alarming Symptoms.

Doctors Byers and Tucker well know that if the incipient and premonitory symptoms are not speedily relieved the secondary, alarming and fatal symptoms soon follow.

The patient will soon have lost nearly a third in weight.
Become pale and debilitated.
The chest lose either its power of expansion or contraction.
The collar bone, ribs and bones of the shoulder joint become prominent.
The night sweats profuse and weakening.
The stomach symptoms distressing.
The cough persistent and harassing.
The mucus purulent.
The voice husky.
The fingers clubbed.
And the mind abnormally hopeful.

In this stage the case is utterly hopeless, and all the physician can advise is for the patient to resign himself to the inevitable and to make himself as comfortable as possible in his few declining days.

$5 A MONTH, MEDICINES INCLUDED

Doctors Byers and Tucker make distinct claims concerning the superiority of their treatment in serious chronic catarrhal conditions. Fifteen years devoted to these specialties, during which this treatment has outlived all other systems of treatment. Five dollars a month covers the entire cost of treatment. Many conditions, if taken in time, can be cured in one month.

THE NEW HOME TREATMENT

Has been brought to such a state of perfection during the past fifteen years we can guarantee the same successful results as obtained by the office treatment. If you live out of the city and cannot visit the office, write for symptom blank and be treated at home.

SICK MADE WELL, WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 3405 First National Bank building, Fort Wayne, Ind., makes the startling announcement that he has surely discovered

DR. JAMES WILLIAM KIDD.

the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

WANTED.

Agents.

Profitable work offered agents in every town to secure subscriptions to The Ladies' Home Journal and the Saturday Evening Post. We want agents who will work thoroughly and with business system to cover each section with our illustrated little booklets and other advertising matter, and to look sharply after renewals from old subscribers. The pay is first rate, and at the end of the season $20,000 will be given the best workers as extra prizes for good work. Quiet by Consistent Downward Movement

STEADY DROOP IN THE PRICES OF ALL STOCKS

Wall Street Market Unfavorably Affected by Bank Statement Forecast.

HEAVY DEMAND FOR GOLD

Almost All Classes of Securities Sagged, but There Was Nothing Sensational in the Decline—The Loan Item Is Obscure.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Feb. 28.—The forecast of the bank statement and the prospect of additional heavy requirements upon New York bank reserves overcame the market today and dragged prices downward. The decline toward the latter part of the trading showed more consistency than any previous movement during the week. Prices of all classes of stocks were alike affected, both the minor specialties, among which there had been some show of strength earlier in the day, and the leading standard stocks, which had lain inert until the selling movement began. The liquidation was not urgent and showed no signs of being forced, but it was evident that it was thought best to be prepared for contingencies in the money market and take in all sail possible.

Big Gold Exports.

The preliminary figures of the week's cash movement as usually published on Friday, which included the known movement of money up to Thursday night, indicate that the banks have lost nearly $3,000,000 in cash during the week. The exports of gold called exactly for $3,513,828. The routine sub-treasury operations took $2,893,177. The regular express movement with the interior was in favor of New York to the extent of less than a million dollars, and today there was deposited at the sub-treasury $500,000 for transfer to Chicago, which would about wipe out the earlier gain by the banks.

Loan Item Obscure.

The loan item remains in the usual obscurity, but there has been no important stock market liquidation, syndicate subscriptions to the glucose and starch combination have been called, and there is a possibility that the gold exports represent the paying off of foreign obligations and their transfer to local banks, as was the case with the last gold that went out.

There is no great hope, therefore, of anything but a very weak bank return tomorrow. Beyond that, the persistent firmness of the foreign exchange market indicates that further gold will go out by export next week. The first deposit at the sub-treasury for transfer to the west is generally accepted as the sign of the turning movement of currency away from New York again to meet the usual spring requirements in the interior.

Recovery in Chicago.

New York exchange at Chicago, however, recovered today from 50 cents discount to 20 cents discount. The request to the treasury authorities for permission to deposit gold in New York to be drawn on at San Francisco foreshadows a further movement, which promises to reach nearly $15,000,000, and which is connected with syndicate payments for street railway properties. With surplus reserves of the banks last Saturday already down to the modest showing of $12,456,650, the money outlook seems somewhat formidable for speculators on margin, who are dependent upon the call loan market for accommodation with which to carry their holdings. On the other hand March interest and dividend disbursements will be unprecedently large this year, estimates of the amount running to $57,000,000. The speculators, however, evidently took the view that caution was desirable and they sold their holdings. The day's net losses run over a point for some of the important stocks.

The bond market was dull and moved very narrowly. Total sales par value $3,230,000.

WALL STREET FEATURES.

Total sales 414,400 shares.

Par values of total sales $3,230,000.

Heavy requirements upon bank reserves dragged prices down.

Loan item in usual obscurity.

Further foreign export of gold promises to reach $15,000,000.

CAMDEN, N. J., Feb. 28.—The West Jersey and Seashore railroad station at Haddonfield, six miles south of this city, was entered by burglars early today, who blew open the safe and completely wrecked the office. The thieves secured only $10 from the change drawer, overlooking a large amount of money in another compartment.

Weather-Stormed Grain Market

FIGHT BETWEEN WHEAT AND CORN IN GRAIN MARKET

Storms Throughout the Country Had an Early Bearish Effect on Wheat.

MARKET WAS NERVOUS

Provisions Made Up Some More of Their Recent Loses and Held to a Strong Tone—English Houses Did Some Selling.

CHICAGO, Feb. 28.—Grain speculation was swayed by the weather today. General storms had an early bearish effect on wheat, but worked the opposite way with corn, and wheat traders who sold early were forced to cover. The close showed May wheat ½@⅝c higher, May corn ¾@⅞c higher and May oats ½c up.

Corn was again active and strong and led in the advance that marked all pit trading. Cables, small western acceptances over night and some fair early buying started bullish sentiment again. To this was added the influence of the heavy rains in the west, which, it was argued, would further embarass the country movement.

Local Shippers Take to Bull Side.

Southwestern markets were not overburdened by corn offerings, the receipts at both Kansas City and St. Louis being smaller than the shipments. Most of the prominent local speculators took to the bull side of the argument, and the pit traders who sold early quickly covered. Commission trade was in good volume and fairly divided. Cash people reported Livpool markets out of line and too low. There was heavy selling of long stuff as the market advanced by local people, who bought a few days ago between 59@60c, but the market suffered none by it. May opened ⅛c higher at 61½c, touched 61⅝c and then steadily mounted to 62¼c, closing strong ¾@⅞c higher at 62⅛@62¼c. Receipts were 130 cars.

Wheat opened less active and lower today, but soon began to feel the strength in corn and oats and ruled very firm. Cables were disappointing and early offerings were met with low prices. The general rains and liberal northwestern receipts were additional bearish factors. Bears began selling short at the outset. The general business was not large, but St. Louis began turning strong and the crop killer again talked of damage in Kansas and Oklahoma. Statistical papers made favorable reports of the crop condition, but traders who had sold short became frightened when they saw the spurts in corn and oats, and covered. The southwest did some buying here, as did St. Louis. New York was reported selling.

Afraid of Storms.

There was some fear that the wheat movement might be retarded with corn, because of the storms. All told, the wheat market was nervous. May opened ¼c lower unchanged at 76⅛@76⅜c, advanced to 77c and closed firm ½@⅝c up at 76⅞@77c. Local receipts were 19 cars, five of contract grade. Minneapolis and Duluth reported 387 cars, making a total for the three points of 406 cars, against 517 last week and 342 a years ago. Primary receipts were 512,000 bushels, compared to 476,000 a year ago. Seaboard clearances in wheat and flour equaled 386,000 bushels. Argentine shipments were 500,000 bushels, compared to 824,000 bushels the corresponding week last year. There was no export demand or business reported.

Oats were active and shorts manifested nervousness over the prospects of further curtailed movement. Receipts were only 89 cars. There was a good commission house demand early and some professional buiing. The corn strength also had a strengthening effect. Cash people bought fairly. There was liberal selling at top prices, but the general tone held strong. May advanced from 43⅝@44½c and closed 1c higher at 44½c.

Provisions made up some more of their recent losses and held to a strong tone. Lighter receipts and better prices at the yards influenced a higher opening and a fair commission house demand, and the grain strength advanced prices and the market held well. English houses did some selling. May pork closed 12½c up at $15 47½. May lard 7½c higher at $9 37½ and May ribs 5@7½c advance at $8 42½.

Estimated receipts for tomorrow: Wheat, 35 cars; corn, 190 cars; oats, 95 cars; hogs, 20,000 head.

Many Building Projects Are Announced

A BAUM STREET PROPERTY WAS SOLD FOR $15,000

It Was Bought as a Site for Two Store and Flat Buildings to Cost $30,000.

NORTH NEGLEY HOME SOLD

A $150,000 Office Building for Wilkinsburg—New $20,000 Flats for Thirty-Seventh Ward — Improvements at Carnegie and Sheraden.

Through Samuel W. Black & Co., James R. Mellon has sold a lot fronting 100 feet in the south side of Baum street, between South Negley and Euclid avenues, Twentieth ward, for $15,000 cash. The purchaser's name was withheld, but it is understood that he will improve the property at once by the erection of two store and flat buildings, to cost $30,000. The buildings will be three stories high and provided with all the latest conveniences. That such buildings are needed badly in the East End is proven by the fact that a number of projects for similar structures to cost from $20,000 to $50,000 are maturing, all for buildings to be located near the business center of the East End. One of the large office buildings in that locality recently completed was rented several weeks ago, and a prominent broker who handles several business blocks in the neighborhood of Penn avenue, is authority for the statement that the demand for first-class office quarters and for flats is entirely beyond the supply.

New Residence Sold.

The W. H. Skivington Company sold for W. R. Bennett to Mrs. Rosa Gillen the property at No. 728 North Negley avenue, Twentieth ward, for $14,000 cash. The lot is 40x130 feet and is situated opposite Baywood street. The residence, a 12-room colonial brick house, is one of the houses build by Mr. Bennett last year and will be occupied by the purchaser as a home.

Through the agency of the Real Estate Trust Company the Ben Franklin Insurance Company has sold to the American locomotive works a lot 34½x100 feet, at the corner of Stanton and Preble avenues, Sixth ward, Allegheny, for $5,500. The lot has erected thereon two brick houses. The same brokers sold for Thomas Murray of Beaver Falls to Robert D. Baker a lot 100x110 feet in McPherson boulevard, near Linden avenue, for $8,100. The purchaser is preparing to improve the property by building two modern brick houses to cost $5,000 each.

Deal in Atlantic Avenue.

For E. J. Flosheim the same brokers sold to L. H. Turner the property at No. 425 Atlantic avenue, Twentieth ward, consisting of a lot 47x112 feet, for $4,750. Also for James Hosmer to George Regner a two-story frame house, lot 20x110 feet, at No. 529 Duff street, Thirteenth ward, for $2,200.

Seeder Bros. have completed plans for the store and office building to be erected by Leopold Vilsack at the corner of Wood and Ross streets, Wilkinsburg. The building will be eight stories high, with dimensions 33x122 feet. The first two stories are to be of Bedford stone and the upper stories of gray pressed brick, giving the building an imposing appearance which will be still further advanced by the elaborate terra cotta trimmings. The building will be fireproof throughout and equipped with iron stairs and modern freight and passenger elevators. The rooms are all to be finished in hardwood. The lower floor has been reserved for storerooms and the remaining seven floors will be handsomely fitted up for office suites. Work on the new building will be started April 1, and when completed it will be one of the best office buildings in Greater Pittsburgh. No estimate of the cost could be obtained from the architects, but it will be not less than $150,000.

Stores and Offices.

Anthony Filman has sold to W. L. Scott the property at No. 147 Webster avenue, near Allegheny avenue, Allegheny, for $8,500. The lot is 24x100 feet and is improved with a 10-room frame house.

Nathan Fineberg has purchased from August E. Succop, a lot 30x94 feet, to an alley in the south side of Colwell street, near Stevenson street, Eighth ward, for $10,000. The lot is improved with a 10-room house.

Carnegie Houses.

Architect J. E. Cole is preparing plans for two $3,000 frame houses to be built in Chestnut street, Carnegie, for Charles Marshall and W. G. Cole. The same architect has plans prepared for a three-story brick flat building, 38x36 feet, in Elm street. The estimated cost is $8,000.

The Pittsburgh Realty Company is preparing to build six 5-room frame houses in its Ideal plan and six similar houses in its Keystone plan at Sheraden. The houses will cost $2,000 each.

A 12-room brick house to cost $20,000 is to be built by Hubert Crehan in Berwyn street, Sheraden.

New Flat Planned.

J. A. Ramsey has plans prepared for a three-story brick apartment house to be erected in Cora street, Thirty-seventh ward, at a cost of $20,000. The apartments are to be known as the "Rome Flats," and will be among the best small flats in the city.

Solomon W. Conner sold to James W. Hole a lot 54x120 feet, improved, in the east side of Francis street, near Wylie avenue, Thirteenth ward, for $5,200.

J. H. O'Brien sold for Miss Annie O'Brien to M. J. Mealey the property at No. 5811 Broad street, near Euclid street, consisting of a lot 24x100 feet, with a seven-room frame house erected thereon, for $3,850.

The Ohio River Improvement Company sold to W. McElhaney a lot 25x110 feet, in Beaver street, Aliquippa, for $300. The purchaser will build an eight-room frame house on the lot.

William G. Shaddle sold to Anna Palmer an improved lot 28x91 feet, in the west side of Fairmount avenue, Nineteenth ward, for $1,100.

Executor's Sale.

Clarence L. Phillis, executor of the estate of Mary S. Phillis, sold to Caroline Phillis a lot 21x122 feet, in Lenora street, near Whittier street, Twenty-first ward, for $900.

Joseph Schubart sold to Bernard Echeidaub a five-sevenths interest in an improved lot, 24x100 feet, in the south side of Wylie avenue, Thirteenth ward, for $4,000.

Appalona Hartman sold to Edith Black a lot 23x100 feet, improved, in the north side of Auburn street, Twenty-first ward, for $2,400.

James A. Griffith sold to John Lavelle a lot 25x88 feet, near Washington avenue, Twenty-seventh ward, for $500.

J. H. O'Donnell sold for Mrs. M. Hardy to Lewis Selzenick of the Pittsburgh Jewelry Company, a brick house known as No. 4751 Ven Venue avenue, Twentieth ward, lot 25x135 feet, for $5,750.

Small Home Purchases.

Jacob Shapira sold to Morris Angel an improved lot 20x100 feet, in the west side of Miller street, at the corner of the public school property, Eleventh ward, for $3,150.

Ellen S. McGonigal sold to Francisco Santuriello a lot 25x70 feet, improved, in the south side of Colwell street, Nineteenth ward, for $1,750.

Caroline Heffemeyer sold to Jacob Rosenberg an improved lot 24x112 feet, in the north side of Colwell street, Eighth ward, for $4,500.

J. W. Sherrer sold for William C. Smith and Ira D. Smith to Edwin Johnson, a lot 31x86 feet, in the south side of Wellesley avenue, near Mellon street, Nineteenth ward, for $2,500.

James A. Griffith sold to Mrs. Kate Marlow a lot 25x94 feet, in the north side of Sharon street, Twenty-seventh ward, for $525.

Joseph L. Kelly of Latrobe, sold to Mrs. Nettie C. Donaghy an irregular shaped lot 25x135 feet, at the north corner of Baum and Amber streets, Twentieth ward, for $7,000.

James W. Drape & Co. have sold a manufacturing plant embracing about two acres of ground with buildings in Washington, Pa., at $21,000. Also closed the sale of a fine residence property on California avenue, Allegheny, lot about 80x150 feet deep, consideration being $16,000 cash.

The following building permits were issued by the bureau of building inspection yesterday: Harry Frick, two-story brick dwelling in Joel street, to cost $1,600; James M. Giles, two-story brick dwelling at Winebiddle and Dauphin streets to cost $1,850; Robert McClellan, three-story frame dwelling, in Butler street extension, to cost $1,600; Bokerman Bros., five houses in Holmes street, two stories each, to cost $6,000, and five in Fifty-fourth street, to cost the same.

Local Stocks Strong and Weak in Spots, With Listless Tone

MARKET STEADY BUT WITHOUT ANY STRIKING POINTS

Wire Service Again in Thoroughly Demoralized Condition.

CRUCIBLE STEEL LEADER

Interest in Some Trust Stocks—Airbrake Took a Bracer, but Sold in a Small Way Only—Features of a Day's Trading.

Small fluctuations were the rule yesterday and the trading was done in occasional spurts. The floods and ice have demoralized the wire service again, so there is only spasmodic inspiration from other financial circles. Telegraphic communication with New York suffered from the collapse of a Susquehanna river bridge on which many wires were strung and the long distance telephone was thrown out by the washing out of a pole or two on the banks of the South Fork of the Conemaugh.

Westinghouse Airbrake opened strong at 181, but there were afternoon sales at ¼ less. Window Glass was inactive, dull and weaker, being offered down to 50⅝. There was talk that insiders had used the premature announcement of the dividend to unload some stock they did not want to carry.

Crucible Steel was fractionally stronger and was a favorite in the trading. It comprised more than one-fifth of the total market for the day. Electric seconds continued strong, but buyers and sellers were too far apart in their views to encourage transfers. United States Steel common was fractionally lower with light trading. Philadelphia Company maintained its advance of the week and was among the interesting spots.

Union Realty reappeared in a few small transactions at considerably higher figures than last recorded sales. South Side Trust was also in apparent demand, advancing $1 a share on light trading.

To sum up the market is not a vigorous one. There is indisposition to reach out far while the wire service is so bad, and in purely local securities even, there appears to be a desire to rest.

PITTSBURGH FEATURES.

Pittsburgh bank exchanges yesterday were $2,542,869 less than for the same day last year. For the month they were $3,311,415 less than for February, 1901.

The new Philadelphia Company bond scrip sold up to 106 and that was bid at close.

South Side Trust advanced to 111½.

Union Realty was in demand at 150, an advance of 20 over last previous sale.

American Window Glass was weaker.

Market affected by lack of wire communication.

Airbrake opened stiffly.

Crucible Steel led in the trading.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices and final bids and offers:

Financial Drift.

It was a wireless day.

Monongahela Water was offered at 41.

Chartiers Valley Water was bid for at 47.

National Lead common was bid for at 17.

Southern Traction 5s were offered at 108¼.

Chicago market kept strong by crop news.

100 Allegheny Valley preferred sold at 27⅜.

McKelvey let go some National Fire Proofing.

111½ was bid for South Side Trust at the close.

Keene brokers were reported sellers in New York.

Manufacturers Light and Heat was offered at 59½.

Philadelphia bond scrip was strong at 106 at the close.

Union Realty continued in demand at the close at 150 bid.

Tammany gang was manipulating New York Consolidated Ice.

R. C. Hall bid par and interest for Northwestern Coal Railway 5s.

American Window Glass was weaker and offered at 50⅝ at the close.

Philadelphia was again entirely off the map. New York and Chicago nearly so.

Morris & Brown were selling Philadelphia Company and Sproul did most of the buying.

A bid of 70¼ was made on 'change for Amalgamated Copper. It was offered at 70½. No trades.

The balmy atmosphere has not the same effect upon stock market business as upon early vegetation.

McFarlane sold a block of 1,050 shares of Trade Dollar Mining at $1.60, 5 cents less than Thursday's quotation.

Gossips say American Window Glass dividend was announced a month before usual time for stock manipulation.

Air Brake strength due to realization that it is a good dividend payer and likely to be while heavy demand for cars continues.

Heavyweights like Rockefeller and Stillman are slipping away from New York to Florida and California as though they thought the market safe to leave for awhile.

Sproul & Co.'s New York advices predicted a bad bank statement for today. The loss in gold through foreign shipments and transfers to the interior is estimated at more than $6,000,000.

TRACTION STOCK TRANSFER.

Consolidated Traction Must Be Exchanged Prior to June 30 Next.

A letter from C. J. Braun, treasurer of the Philadelphia Company, to the president of the Pittsburgh stock exchange was read from the desk just before the close of the session yesterday. It was as follows:

The Philadelphia Company thinks it should notify your exchange that the New York stock exchange, in listing the common and preferred stock of the company, to be used in the acquisition of the outstanding Consolidated Traction Company, common and preferred stock, has limited the time in which the stock can be received by the Philadelphia Company and its stock, exchanged therefor, listed on the New York stock exchange to June 30, 1902. After this time expires it will be difficult for the Philadelphia Company to receive additional Consolidated Traction stock, for the reason that it will have no authority to issue its shares in exchange unless listed on the New York stock exchange. Holders of the preferred shares desiring to exchange the same should notify the City Trust Company, Pittsburgh, Pa., and holders of common shares should notify the undersigned.

FEBRUARY LOST $3,411,000.

Bank Exchanges for the Month Show a Big Increase Compared With a Year Ago.

Pittsburgh bank exchanges for the month of February ended yesterday were $3,311,000 smaller than those for the same month last year, and about $50,000,000 smaller than those for its predecessor—January, 1902. The reason for the enormous decrease as compared with January is the small number of business days in February and the unusual dullness prevailing in the local security market. The local money market was "spotty" all month and closed in that condition, with the rate for call and time loans fairly easy at 5@6 per cent. The official reports of the clearing house for the periods mentioned are:

	Exchanges.	Balances.
Yesterday	$5,932,342 54	$1,151,693 56
Previous Friday	6,975,274 89	931,083 70
Last year	8,475,212 41	1,277,115 57

Yesterday's decrease, $2,542,869 87.

The figures for the month of February ended yesterday compared with those for January, 1902, and February, 1901, are as follows:

	Exchanges.	Balances.
February, 1902...	$147,768,256 10	$24,907,023 68
January, 1902...	168,519,388 03	33,353,730 33
February, 1901...	151,079,671 34	31,193,828 55

February, 1902's decrease, $3,311,415 24.

The exchanges for February, compared with those for the same month in previous years, are as follows:

February, 1902	$147,768,256 10
February, 1901	151,079,671 34
February, 1900	110,336,967 43
February, 1899	143,275,769 95
February, 1898	81,011,600 12
February, 1897	56,318,937 97
February, 1896	5[illegible],774,229 05
February, 1895	45,032,440 70

Total to date, two months:

1902	$316,287,644 13
1901	310,626,738 14
1900	240,000,802 95
1899	240,831,721 95
1898	161,288,651 53

INTEREST IN MISSIONS.

Pittsburgh Speakers Tell Students' Volunteers What Twin Cities Are Doing for Cause.

TORONTO, ONT., Feb. 28.—(Special.)—This afternoon's session of the students' volunteer convention was divided, the various denominations represented being distributed over the city in 27 different churches for conferences. The United Presbyterian conference had more representatives from Pittsburgh and Allegheny than any other of these conferences. At this meeting some of the speakers were from these two cities, two of whom were Mrs. Mary C. Porter of the First United Presbyterian church of Allegheny, who represents the Woman's General Missionary society of the United Presbyterian church of North America, and J. C. Boyd of Allegheny, student of theology.

Mrs. Porter spoke of the work of the board which she represents, saying the board is utilizing all the means within its grasp to further the cause of missions. "We are supporting 44 single missionary women in Egypt and India, besides other workers," she said. "The women's board works in harmony with the other boards of the church, and no regular work is undertaken without the advice and approval of the corresponding board."

Mrs. Porter leaves Toronto tonight for Allegheny.

Mr. Boyd spoke of the work of the Student Volunteers in Allegheny and Pittsburgh in a very encouraging way, and said that by special effort of some of the churches missionaries in the near future will be sent to the most important fields independent of the boards.

"APPLE MARY'S" FORTUNE.

Youngstown People Reap Benefit of Noted Brooklynite's Frugality.

YOUNGSTOWN, O., Feb. 28.—(Special.)—"Apple Mary's" fortune will come to Youngstown, according to the decision of the New York courts. Mrs. Mary Moran and her son, Edward, are the heirs. The fortune is secured after a long bitter fight in which a will was sought to be probated in New York by other claimants.

"Apple Mary" was a noted character of Brooklyn. For nearly 50 years she sold apples and other small fruit in the streets, and accumulated a fortune of something like $50,000. The Morans are poor people.

February's Sales Decreased

The total public sales officially recorded upon the Pittsburgh stock exchange during the month of February, ending yesterday, was 127,641 65-300 shares of stock, $388,300 bonds, 1,335 receipts, 5,614.4 warrants and $7,866 40 scrip. These figures compare with 220,072 1-6 shares of stock, $411,000 bonds, 16,779 receipts, 39 rights, 273 37-100 warrants and $37 50 scrip in January, 1902, and with 370,292 77-92 shares of stock and $426,100 bonds in February, 1901. GUTHRIE'S BOOM FOR GOVERNOR IS LAUNCHED

Democratic City and County Executive Committees Are Its Sponsors.

OPPOSITION FOR ANDREWS

Friends of Former Superintendent of Schools George J. Luckey Are Urging Him to Become Again a Candidate for the Office.

George W. Guthrie's boom for governor was formally launched yesterday. The Democratic city and county executive committees are its sponsors. The two ecutive committees met in joint ses n at Democratic headquarters in Dia nd street and adopted a resolution ask Mr. Guthrie to become a candidate.

r. Guthrie replied to the call of the mittees by declaring that he was ng to become the candidate if the t Democratic state convention decides t he is the proper person to lead the t for "liberty and good government." e Gazette last week printed an inter with Mr. Guthrie announcing that Guthrie would not be a candidate for recorder in 1903 because he aspired the governorship.

Plans Prearranged.

he proceedings yesterday were accord to a pre-arranged program. Charles ayne presided at the joint meeting e two committees. Attorney J. J. r presented the resolution indorsing Guthrie's candidacy. was as follows:

Democratic unty executive committee the Democratic city executive committee s city of Pittsburgh, assembled in joint n, hereby declare that we are heartily vor of the candidacy of George W. Guth f Allegheny county as the Democratic for governor of the state of Pennsyl a at the ensuing election, and we call him to become a candidate the nom n, hereby pledging him the support, so in our power, of the delegates to the convention from Allegheny county.

pecial committee, consisting of Will J. Brennen, George H. Stengel and Miller, was appointed to call upon Guthrie and present the resolution. uthrie was found in his office, and otified of the action of the commit

Mr. Guthrie's Acceptance.

r Mr. Guthrie sent to the two com the following letter of acceptance:

of the Democratic and City Execu mmittees:

just been informed of your unanimous n of my name for the Democratic n for governor, and request that I candidate. I sincerely thank you mpliment, and should the Democrats tate be of the opinion that I am the son to lead in this movement, next ecure liberty and good government for I will accept the nomination.

Very truly yours,
GEORGE W. GUTHRIE.

adjourning the county commit e preliminary arrangements for campaign. It was decided to re commodious headquarters and ize at once a movement to secure ocratic gubernatorial nomination Guthrie.

M. Guffey, the Democratic state ould not make any statement relative to the candidacy of Mr. t is his policy to refrain from participating in any nomination contests.

Andrews May Be Opposed.

Prof. Samuel Andrews may have opposition for re-election as superintendent of the Pittsburgh schools. Friends of George J. Luckey, Andrews' predecessor for an unbroken term of 30 years, have urged him to become a candidate for his old place. Mr. Luckey is now a farmer at Frederick, Md.

The election will take place in May, when the convention of school directors is held. The convention is composed of the 234 members of the 39 school boards of the city. A number of directors have already urged Mr. Luckey to become a candidate.

Machine politics is said to have been the controlling factor in Prof. Andrews' election three years ago. Prof. Luckey was a candidate and claimed more than enough votes to put him back into office. The election took place on a Tuesday. On the Sunday preceding a conference of machine leaders is said to have been held and the fiat went forth that Andrews must be elected.

Was Considered Faithful.

He had been a machine councilman from the Thirty-sixth ward and was looked upon as a faithful servant of the organization.

Enough votes were swung, as a result of that Sunday conference, to defeat Mr. Luckey by a small margin.

Many anti-machine school directors were elected in February, but they will not take office until June. Prof. Andrews is counting on this to keep him in office. Many of Luckey's old friends are still members of the board, however, and some that voted against him in 1899 are expected to support him in May, if he should become a candidate.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., Feb. 28.—The river at 6 p. m. marked 37 feet and rising. The ice has disappeared and no drift is passing, but high winds prevailed all day on the river.

Capt. Dana Scott, chief clerk of the City of Pittsburgh, will arrive in the morning from his home in Zanesville, where he has been on a visit to his family during the layup of the boat at Louisville. He will go below and come up with his vessel, which will arrive on Monday morning. Weather clear during the day and followed by lightning and showers and winds after 6 p. m.

CAIRO—The river marks 16.5 feet on the gauge tonight, a rise of 2.3 feet during the past 24 hours; weather rainy and colder; navigation will be resumed in the Mississippi about Monday, after a lapse of over two months.

EVANSVILLE—River rising; stands 14.2 feet; cloudy, warm, with strong wind, delaying boats.

MEMPHIS—The river here stands 5.6 feet on the gauge, a rise of five-tenths in the past 24 hours.

LOUISVILLE—River rising; canal, 10.5 feet; falls, 8.3 feet; foot of locks, 22 feet; business good, weather clear and cloudy; rain this morning; cool and windy; considerable heavy ice passing today, but no hindrance to boats; packets in and out on time; Beaver and barges passed down at 8 a. m.; W. W. O'Neil and John A. Wood are at West Louisville; City of Pittsburgh in the canal.

MORGANTOWN, W. VA., Feb. 28.—River 17 feet and rising. Weather cloudy and warm.

WHEELING, W. VA., Feb. 28.—River 20.9 feet and rising. Clear and warm this evening. Expect Allegheny ice by morning. Down with coal, Mariner and Dave Wood, noon; Ironsides and G. W. Thomas, 2 p. m. Up with empties, Volunteer, 3 p. m.

OIL CITY, PA., Feb. 28.—The river at this point since 4:30 this afternoon has been running full of thick ice. At 8 o'clock the river is 12.5 feet and still rising. Weather clear and warm. Heavy showers today.

POINT PLEASANT, W. VA., Feb. 28.—River 33.2 feet and rising. Cloudy and mild. Up, J. B. Lewis, Hornet No. 2, D. T. Lane, John Mackey and Mount Clair out with coal.

PARKERSBURG, W. VA., Feb. 28.—River 25 feet and rising three inches an hour. Little Kanawha rising, with little ice in the river. Water not expected to reach the danger line.

STEUBENVILLE, O., Feb. 28.—River 21 feet and rising. Weather clear and cold. Down, Dave Wood at 8 a. m.; Mariner 10:30 a. m., Ironsides at 10:30 a. m., G. W. Thomas at 10:30 a. m. Up, Pacific No. 2 at 8 a. m.

WARREN—River 10 feet and rising; moderate rainfall; ice is passing out.

BROWNSVILLE—River 22 feet 7 inches and rising. Weather clear.

GREENSBORO—River 21 feet and rising. Weather, showers and warmer.

MARIETTA, O., Feb. 28.—River 21 feet and rising. Weather pleasant. River half full of ice. Charles Brown passed down with coal at 4 p. m.

KISKIMINETAS JUNCTION—River 19 feet and rising. Cloudy and warmer.

COAL SHIPMENTS STOPPED.

Fleets Will Not Be Started Until the Ice Runs Out.

The towboat Boaz, which left Pittsburgh yesterday morning with a tow of 8 coalboats, 4 barges and 2 loaded barges of manufactured product, was keeping well ahead of the ice gorges at last accounts. The boat, it is expected, will keep on going, so as to keep out of the approach of the ice, which is floating down the stream at a rapid rate.

On account of the high water, it is thought that coal shipments will not be resumed until tomorrow. There are few towboats in port. Those waiting to take out tows of coal are the Nellie Walton, J. C. Risher and Acorn. The boats coming up stream with empties will come up the river as fast as possible. The steamers, however, will be compelled to lay up when they meet the ice, and remain in at the bank until it passes. The boats which left here Thursday were well ahead of the ice.

News of the Rivers.

The towboats Harvester and Gleaner are expected to leave Cincinnati today for Pittsburgh with tows of empties.

The coalboat which was sunk at Humphreys creek by the towboat J. B. Finley on her last trip south has been raised.

The hull of the new sand dredgeboat which is to be built by Andrew Axton & Son of Brownsville is about ready to be set up.

Information from the south is in effect that both the Ouachita and Red rivers are rising fast, and will flow out heavy for several days.

The ice at Parkersburg did $50,000 worth of damage when it started out of the Little Kanawha. Thousands of logs and ties are lost.

The towboat Joseph B. Williams arrived at New Orleans Wednesday with her tow of coal, and left there for Louisville with a tow of empties.

Capt. and Mrs. Benjamin Cox will celebrate the fiftieth anniversary of their marriage on April 1. Capt. Cox is 78 years old and began piloting on the river in 1838.

Rivermen are not pleased with the sentence of Sidney Cole, who got three years to the penitentiary for killing Carpenter William Terry of the steamer Keystone State.

The towboat G. W. Thomas passed Wheeling yesterday on her way south, and at last accounts was leading the coal fleet. She is owned by the Peoples Coal Company.

The rising river yesterday almost entirely submerged the sunken steamer Lookout, which is lying at the foot of Market street. The boat cannot be raised until the water recedes.

The towboat B. D. Wood backed into a fleet of coal yesterday afternoon near the Point and sank a loaded coalboat. The boat unshipped one of her rudders on account of the accident.

The death of William H. Keys, an old-time river clerk, who served on the steamers Armadilla, Cherokee, Miami and other boats of the war period and just after is announced. He died at the home of his sister at Mansfield, O.

Capt. W. H. Christian, master of the government snagboat E. A. Woodruff, reports that he is making all the necessary repairs to the boat now, so that she can go to work removing obstructions as soon as the weather and the stage of water will permit.

Capt. Theopolis Zoll, the venerable father of Capt. Fred Zoll, celebrated his 86th birthday several days ago at his country home near Tell City, Capt. Zoll joining in the celebration. The old gentleman went to Tell City in January, 1858, and has lived there ever since.

The consolidation of the two St. Louis pilots' societies is now a fact, and the membership of the Mississippi and Ohio Rivers' Pilots will become part of that of Harbor No. 28, by which name the whole membership will be known. At a special meeting of the harbor four pilots were initiated to membership.

Capt. W. B. Rodgers, who yesterday returned from Washington, says that the lethargy of the Pittsburgh people may cost the upper Ohio river improvements the loss of an appropriation to complete the work of building the dams. Pittsburgh rivermen will be aroused to the necessity of bringing influence to bear to have a liberal sum appropriated for the improvements.

IN THE OIL FIELDS.

Sensational strikes in the lower southwest fields had no part in the developments yesterday. In the "Little Germany" district, in Marshall county, W. Va., Benedum Bros. have drilled their No. 3 on the J. C. Cain farm through the Gordon sand and the well has filled up 1,500 feet with fluid. After giving it a shot it will make a 25-barrel pumper.

On Fish creek the South Penn Oil Company has given its No. 1 on the A. S. Leach farm a second shot, and the well produced 165 barrels the ensuing 17 hours.

In the Smithfield district, Wetzel county, the South Penn Oil Company's No. 4 on the Jacob Cunningham farm has not yet reached the pay. This is a somewhat important test for that territory.

In the Bealls Mills district, in Lewis county, the South Penn has drilled its No. 3 on the McCutcheon farm through the stray and Gordon sands, and the well produced 30 barrels the first 24 hours, and is now drilling to the fifth sand. In the Sand Fork district, J. M. Guffey & Co. have completed their test well on the J. M. Mullady farm, drilling it through all sands, and have a duster.

North of the fifth sand development, in Indian Fork, Gilmer county, the South Penn Company has shot its No. 3 on the W. E. Siveley farm and will have a better producer than was expected when drilled in last week. The well produced 30 barrels the first 14 hours after it was shot.

North of the Big Injun sand development, on the south fork of Hughes river, Union district, Ritchie county, Mosier & Co. have drilled their test well on the E. J. Lowther farm through the sand and have a duster. This location was thought to favor a producer, and while all the sand formations were found in regular order, they contained no oil. It begins to look as though the outside producing limits of this pool had been reached.

North of the Riffle development, in Doddridge county, the South Penn Oil Company has drilled its test well on the Ivan Hutson farm through the stray and the hole stands full of fluid. It is now drilling to the Gordon sand.

In the same district the Carter Oil Company has a rig completed for a test well on the Thos. Smith farm. The South Penn Oil Company also has a rig up on the James Morris farm, and is drilling Nos. 4 to 7, inclusive, on the S. C. Barnes farm. Smith, Riddle & Co. are starting No. 3 on the W. S. Williams farm.

The Federal Oil Company is due in the sand with its test well on the J. V. Carter farm, and is drilling Nos. 2 and 3 on the same farm. On the J. W. Williams farm the United States Oil Company is due in the sand at its No. 9, and No. 10 is drilling at 2,300 feet.

On the Ohio side, in the Chester Hill shallow sand territory, in Morgan county, J. A. Henne & Co. have completed their No. 7 on the Thos. Rowland farm and have a show for a 10-barrel pumper.

A. A. Cameron has drilled in his No. 18 on the H. Bowman farm and has a show for a 5-barrel pumper.

The Todd Oil Company has completed its test well on the E. Wood farm and has a 10-barrel pumper.

On Wolf creek, Hastings and the Southwestern Petroleum Company have completed their No. 3 on the G. E. Morris farm and will have a 20-barrel producer from the shallow sand.

In the Smiths Ferry field, in Beaver county, Pa., Galey Bros. have completed their No. 2 on the W. W. Dawson farm and will have a 25 or 30-barrel producer.

The Kenwood Oil Company has completed its No. 2 on the W. M. Wilson farm, and Miller Bros. have completed a test well on the P. Chaffee farm. Both are very light pumpers. In the same district the Forest Oil Company has completed its No. 2 on the John Mattox farm and has a duster.

NOW DEMONSTRATED BEYOND A DOUBT

Bold Announcement of Texas Oil Discoveries Solidly Sustained.

The fact has been completely demonstrated to the entire satisfaction of friends and critics alike that it was no midsummer day's dream, when a few months ago this corporation made a bold announcement to the effect that an artesian well driller of Texas, while drilling for fresh water, had broken into a rich vein of illuminating oil and unearthed one of the world's greatest hidden treasures.

Since the first published announcement many interested persons have journeyed to southern Texas to look upon the new Eldorado and verify for themselves the truth of all the statements made. From all these word comes back that the half has not been told. Even Mr. O. E. Lewis, Vice-President of this corporation, conservative and careful business man that he is, who is now returning to Boston after having spent nearly two weeks making a careful and systematic tour of inspection in the oil fields, declares that at no time have the possibilities of this corporation been overestimated or exaggerated in the public announcements which have been printed from time to time.

Luminant and lubricating oil of the very best and highest grades is found in this new field, and Mr. Lewis was fortunate enough to be on hand a few days ago when the first strata of oil was struck in a big 12-inch well. Development of the vast territory, covering an area of 142 square miles, and which is owned and controlled absolutely by this corporation, is progressing just as rapidly as consistent with energetic management and ample capital.

Arrangements for tank storage of 100,000 barrels of oil have been completed, and large quantities of both luminant and lubricating oil of the highest quality will be ready for market at an early date. This corporation has passed over and beyond the point where its stock is regarded as a hazardous speculation. It is a secure investment, and promises the largest possible returns to all who get in while the stock can be secured at par. The experimental stage has been passed.

Persons desiring to make a straightforward, legitimate investment cannot go astray by placing their money here. All stock is full paid and nonassessable. GAME ROOSTER'S ANTICS END IN A COURT ROOM

Its Owner Charged With Throwing Poisoned Food to Neighbor's Birds.

MOTIVE WAS REVENGE

Defendant Denies He Tried to Poison His Accuser's Stock—West Penn Hospital Chemist Says Arsenic Was Used in Large Quantities.

A game rooster with a tendency to kill all neighboring roosters, has been the cause of getting its owner in court charged with throwing poisoned food. George Montooth and Joseph Downcaster are neighbors on Mt. Washington. Both own pet and fancy chickens. Downcaster owns the game rooster and Montooth fancy stock that sees trouble every time it meets the game bird. The yards of these neighbors adjoin and this was the beginning of the end.

Downcaster's rooster, looking for worlds to conquer, and failing to find them in his own back yard, crossed the fence, so Montooth alleges, and engaged all his birds in mortal combat. Montooth had to be constantly on hand, he alleges, to protect his stock, and repeatedly warned Downcaster to keep his fighter at home.

One day Montooth caught the gamester in his chicken coop and carried it back home. He told Downcaster that unless it remained there, he was liable to miss it some day. Mrs. Downcaster is alleged to have replied that she would kill every rooster Montooth owned.

A few days later Mrs. Montooth got into the scrap by alleging she saw Mr. Downcaster throw poisoned food on her property. She gathered up some of the bread, but too late to save several of the best roosters in the state. Chemist Juliet of the West Penn hospital examined the bread and said it contained arsenic in the form of Paris green. Downcaster was arrested and taken before Alderman F. M. King, who is now asked to hold him for court on the charge made by Mr. Montooth.

As a defense to Mrs. Montooth's claim that she saw him throw the food into her yard, Mr. Downcaster and his family allege he was sick in bed that day and not out of the house. Attorney Thomas J. Tierney conducted the case for the prosecutor and asked the alderman to hold Mr. Downcaster for trial in court. The alderman has reserved his decision.

MANY LETTERS ISSUED.

Leaf from a Notebook Filed as the Will of Samuel B. McCoy.

The will of William Ahlers, late of Allegheny, was filed in the office of Register F. W. Edwards. An estate worth $24,400 is bequeathed to the decedent's wife, Annie K. Ahlers.

The will of Mary J. Gallagher, late of Allegheny, was filed. To her children, not named, is left the income of a leasehold. The residue of the estate, worth $11,000, is left to the decedent's four children, Lawrence Murphy and the children of Kate Campbell. Attorney E. C. Chalfant represented the estate.

The will of Samuel B. McCoy, deceased, which was written on a page from a memorandum book, was filed. It reads: "Lucy has invested $500 in this extract business and I, Samuel B. McCoy, do hereby will this business, extracts, receipts and books of the business is Lucy B. McCoy's. Signed, Samuel B. McCoy."

By the will of Mary E. Simon an estate worth $16,000 is disposed of. Philip Simon, Emma Schmitt and Clara Oetting each get $2,000 and Charles W. Simon $500. The residue is to be divided among the legatees named and John and Harry Simon. Attorney J. W. Collins represents the estate.

James A. Griffith took out letters of administration on the $3,850 estate of Gustave H. Drenner.

Letters were issued to Andrew Ley on the $5,000 estate of Frederick Freese.

Letters were issued to D. B. and A. S. Foster on the $1,000 estate of John Foster. Attorneys George W. Acklin and James McLaren represented the estate.

The following decrees in distribution were made: Estate of Maxwell K. Moorhead, balance $4,532 86; Alexander Arbuthnot, $40,296 97; Appolonia Hayer, $9,928 37; John Haley, $79 53; Peter Schott, $2,561 16; Frederick Kopman, $7,078 89; Emma Schweitzer, $1,135 93; David Hostetter, $16,258 43; George A. In addition, such cases for which true bills will be returned by the grand jury will be heard.

SUES FOR INSURANCE.

Widow Claims a Company Did Not Return Premium on an Application.

Suit was entered in the United States circuit court by Caroline Stenger against the Northwestern Mutual Life Insurance Company of Milwaukee to recover $5,000 on an insurance policy taken out by her husband, John C. Stenger, deceased.

The plaintiff alleges that her husband applied for the policy in August, 1900, paying the first annual premium at the time, and the defendant company agreed to either accept the application or return the money within 30 days. She says her husband died September 22, 1900, and the company refuses to pay the amount of the policy.

In the United States district court an account showing a balance due the accountant of $95 was filed by the receiver in the case of George E. Hardie. In the same case an appeal from the decree of the district court awarding A. W. Holthouse certain lumber in possession of the bankrupt, was taken to the United States circuit court of appeals.

Says He Will Be Ruined.

A bill in equity was filed in common pleas court No. 2 by William Payne against the West Side Belt Railway Company for an injunction to restrain the defendant company from building a railroad through his stone quarry in West Liberty and to stop the blasting done by the company's employes above his quarry. He claims his business will be ruined if the company is permitted to continue the road and that the blasting endangers his employes in the quarry. Court granted a preliminary injunction.

Rev. Thomas Wants New Trial.

Application was made for a new trial in the case of Mrs. Sarah E. M. McCloy, the East End widow who was awarded $2,500 damages against the Rev. John M. Thomas, pastor of the Union Baptist church, South Nineteenth street, for alleged breach of promise to marry. It is set forth the verdict was against the evidence and justice of the case; that the verdict was against the court's charge and that the verdict was not justified and was excessive.

In Memory of J. K. P. Duff.

The Allegheny County Bar association met yesterday and took action upon the death of Attorney James K. P. Duff. The officers were: President, William B. Rodgers; vice presidents, Judge F. H. Collier, Judge R. S. Frazer, W. J. Brennen, Thomas B. Alcorn, John R. Large; secretaries, E. L. Duffy, H. L. King; committee on resolutions, George B. Stengel, Alfred Kew, Joseph Forsythe, C. C. Dickey, John S. Robb, Sr.

Today's Trial List.

The following desertion and surety of the peace cases will be heard in the criminal court this morning: William Horner, Benjamin Lewis, John Foster et al., Mike Burkowsky, Mike Cahill, Fred Colello, B. L. Schugar, Edward Zuerner, C. J. Fleming, E. A. Mertz, Mary McKinney, Morgan S. Davis, Clarence Graffius, W. A. Herman, James Hennon, John Kirbach.

Legal Briefs.

Frank M. Chambers sued Maud B. Chambers for divorce, alleging desertion.

A divorce was granted in the case of Annie E. Mueller against John W. Mueller.

George A. Stockdale and wife sued Lemuel Reed for $1,000 damages for an alleged assault upon Mrs. Stockdale.

The court set March 22 for the hearing on the petition for the dissolution of the Chartiers Block Coal Company.

The borough of Somerset, Somerset county, sued Ott Brothers for $11,424 65 for the alleged abandonment of a sewer contract.

Mrs. Malinda Linn was awarded $2,000 damages in a suit against the borough of Duquesne for injuries received in falling through a sidewalk.

Executions were issued as follows: Braddock National bank vs. J. W. Thompson, $853; Pennsylvania Glass Sand Company vs. Century Milk Jar Company, $118.

Herman Hecht and his wife sued Jacob Schlereth for $5,000 damages for an alleged assault upon Mrs. Hecht, and also for false arrest upon a charge of perjury.

The report of Attorney George W. Brawner, commissioner in the divorce case of Carrie Demling against John C. Demling, was filed. They were married at Lawrence, Mass., May 15, 1897, and it is charged that the respondent left his wife four years ago. The libellant says that her husband began to drink after their marriage, and compelled her to go out and work, then took her money to buy drink.

The Central District & Printing Telegraph Company filed a bill in equity against Margaret M. and Morris Dallett and Ralph Longenecker for an injunction to restrain the defendants from interfering with the plaintiffs' line in Baldwin township in front of their property. The company complains it has been unable to come to any settlement as to compensation, and the destruction of its lines will result in great damage.

TWO KILLED IN CHICAGO.

Falling Furnace Roof Brings Death to Two Men and Serious Injury to Three Others.

CHICAGO, Feb. 28.—Two men were killed and three were injured today by the falling of a furnace roof at the plant of the South Chicago Furnace Company.

The dead are Frank Russell and Michael Jackular.

While the three men who were injured are in a serious condition, it is said they have a good chance of recovery. The accident is supposed to have been due to the weakening of the steel trusses supporting the galvanized iron roof.

MRS. SOFFEL VERY ILL.

Has Been Confined to Her Room Since She Arrived Home.

It is not generally known that Mrs. Kate Soffel has been confined to her room since she entered the house of her sister, Mrs. Miller, in Southern avenue, Mt. Washington. After she was released on bail and upon her arrival at the home of her sister she collapsed and had to go to bed. "The physician in attendance," said Attorney Richard B. Scandrett, "says that she ought not to have been removed from the Butler hospital when she was. One of her lungs is still badly congested, and, as there has been consumption in the family, it is hard to tell what the result will be. I have nothing to say about the promised divorce case. When the proper time arrives Mrs. Soffel will speak for herself. There are many things in this case that are not understood by the people."

EMBARGO LAID ON CAR-LOAD SHIPMENTS

PENNSY'S TRAFFIC TOO GREAT FOR FACILITIES

Until March 8 No Car-Load Shipments Will Be Received from Connecting Lines.

At no time in six months has the car and motive power shortage of Pittsburgh lines been more pronounced than at present. So great has the congestion become that the Pennsylvania has notified its Pittsburgh connections that it has laid an embargo against receiving from them car-load shipments. This embargo was laid first three days ago to continue until today, but the further announcement is now made that the Pennsylvania will be unable to handle carload business from other lines before March 8.

On the Baltimore & Ohio and the Pittsburgh & Lake Erie conditions are scarcely better, the Lake Erie, perhaps, being in the best shape at present.

From the furnaces and factories there is a steady cry for more coke and coal, and a number of the furnace managers insist that they are pushed so far that the least accident to any of the railroads supplying them would mean the banking of the furnaces.

When asked about the prospects for relief the railroad men say that every day brings closer the completion of the improvements about the city that have blocked the operations of trains to a considerable extent, and that the orders given last summer and fall for new equipment will soon be filled. All the local railroads have engines and cars building now, and the spring delivery of these will be heavier than for many years past. Until these actually come, the railroad men say, no permanent restoration to normal service can be hoped for.

E. H. Harriman Passes Through City.

E. H. Harriman, the well-known railway magnate, president of the Southern Pacific Company and chairman of the Union Pacific board, passed through Pittsburgh with a party of other officials of the Harriman lines, in a magnificent special train about 4 o'clock yesterday afternoon. The train came in on the Pennsylvania railroad, and was turned over to the Panhandle. None of the party left the train here, the only delay being to change engines. The whole party is en route to the west and southwest for an inspection of the Harriman system, and a trip to the City of Mexico. Important developments in Mexican railway affairs are expected to come from the trip. From Pittsburgh the party goes to Columbus and thence to Cincinnati. From Cincinnati to Louisville the Louisville & Nashville will be used and then the Illinois Central.

MANY COUNTRY ROADS NEED IMPROVEMENT

Petitions Will Come Before Grand Jury on March 14 for Work on Ten Highways.

On the 13th of this month a bundle of petitions will come before the grand jury for the improvement of portions of 10 roads within the limits of Allegheny county. County Solicitor George P. Murray presented these petitions in quarter sessions court yesterday. This is the greatest number of petitions for such a purpose presented at one time since the passage of the Flinn road act. Bonds to the amount of $550,000 were issued some years ago for this particular purpose.

The roads to be improved are: Library Extension road, beginning at Castle Shannon in Baldwin township, near the intersection of Washington avenue to the county bridge over Peters creek, 6 miles.

Bellevue road, beginning in Ross township where Rodgers avenue intersects with Bellevue to a point on the Perrysville road at the Five Mile house, 1¾ miles.

Streets Run extension road, from the terminus of the improvement of the said road to the Brownsville turnpike, 3½ miles.

Little Pine creek road, from a point on the line of the Butler plank road in Shaler township to a point of the line of the Kindelberger property, 3 miles.

Greensburg pike, from a point in Wilkins township, near the Wilkinsburg line, to the Turtle Creek borough line, 4 miles.

Middletown road, from the McKees Rocks borough line in Stowe township to the tracks of the Pittsburgh & Moon Run railroad at Clever station, 1½ miles.

Dravosburg road, from a point near the tracks of the United Traction Company in Mifflin township to the West Elizabeth borough line, 6¼ miles.

Thompsons Run road, from the Evergreen road in Ross township to a point in McCandless township, where the bridge spans Pine creek, 3 miles, more or less.

Freeport road, from Tarentum borough to a point on the land of Alfred Smith, 3 miles.

Baldwin road, from Ridge avenue in Crafton to the Noblestown road in Chartiers township, three-fifths of a mile.

In the same court a review was asked for the proposed road in Crescent and Union townships. The view was made some time ago, but the board did not make a recommendation.

Aged Man Tells Pathetic Tale.

CANTON, O., Feb. 28.—B. F. Unbenhower, aged 68, has filed a petition in the Stark county courts alleging that relatives robbed him of a $50,000 estate and then incarcerated him in the Toledo and Massillon insane asylums for three years. Unbenhower's charges are against his son-in-law, Edward G. Bowers, who lives on a farm near Massillon. He asks the court to dispossess Bowers of 270 acres of ground in Washington township and the mineral rights in 283 acres of land near Massillon. This property, he says, he signed away under duress in 1897.

Car-Service Committee Ends Session.

The car-service committee of the American Railway association, which has been in session at the Hotel Schenley for two days, adjourned yesterday afternoon with the bulk of its report to the association prepared. Another meeting of the committee, however, will be necessary before the entire report is completed, it was stated. This meeting will be held late in this month at a time and place suitable to the members. From the time being taken to prepare the report on the per diem rules and charges, it will be seen that careful study is being given the matter. That the report will be adopted in substance is believed to be assured, and the change in the plans of charging for cars is likely to be made within a year.

Railroad Notes.

The Southern Pacific has placed an order for 75 locomotives with the Baldwin works. It has ordered also 1,800 box cars, 100 flats cars, 500 oil cars and 300 construction cars.

Frank L. Miller, who has been for several years traveling passenger agent of the Rock Island, will succeed Hal S. Ray as district passenger agent of the line at Philadelphia. Mr. Ray has just been made general agent at Denver.

L. E. Kinch, supervisor of signals from Altoona to Donahue, has been given charge of signals on the Pittsburgh division, succeeding G. C. Koons, transferred to the Monongahela division. S. H. Shade comes to Pittsburgh from Altoona as assistant to Mr. Kinch.

Olympia park, the new park on the Baltimore & Ohio, near Versailles, is meeting with much success in starting its career. A large number of important excursions have been booked for the coming summer by George Orr, traveling passenger agent of the Pittsburgh & Western.

BALTIMORE & OHIO WANTS SECOND AVENUE

Is Willing to Buy Property and Exchange Holdings With the City.

The Baltimore & Ohio is said to contemplate offering the city of Pittsburgh its present right of way from Hazelwood to the city in exchange for Second avenue. At Hazelwood the tracks of the road cross Second avenue, and until within a few blocks of the Pittsburgh passenger station lie between the hill and Second avenue. This necessitates two crossings over the street, which are not only dangerous, but necessitate delay in running trains. Moreover, portions of the hillside tumble down on the tracks every now and then and tie up traffic.

If the transfer of the tracks were made it would cut out a large amount of property which fronts in Second avenue at present from access to the street. The company would be willing to buy all such property, it is understood.

When asked about the plan, General Superintendent W. R. Woodford said he had no knowledge of the scheme, and if it is being worked out the plans are being made at Baltimore.

SCHENLEY PARK TO BE SITE.

Tenth Regiment Memorial Will Be Placed on Spot Where Organization Was Welcomed Home.

The site committee of the Tenth Regiment Memorial association met yesterday afternoon and decided to place the monument to the regiment in Schenley park at the east end of the level ground, where the music pavilion is located. This is just at the end of the bridge over Panther Hollow, and is peculiarly appropriate because on this ground the Tenth regiment was received and disbanded upon its return to Pittsburgh from the Philippine campaign.

A committee, consisting of Director J. Guy McCandless, George W. Wilson, Col. James E. Barnett and Col. Frank I. Rutledge was named to pick the exact spot for the memorial.
